Early Childhood Data Sheets:

Early Childhood Curriculum for All Learners Ann M. Selmi, Raymond J. Gallagher, Eugenia R. Mora-Flores, 2014-08-12
Early Childhood Curriculum for All Learners Integrating Play and Literacy Activities is designed to teach early childhood professionals about the latest research on play and early literacy and then to show them practical methods for adapting this research to everyday classroom practices that will encourage the development of learning skills The authors link solid play based research to specific developmentally appropriate practices By combining these two areas the text demonstrates that academic learning and play activities are highly compatible and that children can and do develop academic skills through play In addition the text focuses on socio dramatic play a recently acknowledged essential aspect of child initiated play interactions It provides specific strategies that link these interactive behaviors with the early academic skills needed for the initial primary grades Implementation of the information presented in this book will enable children to experience a richer transition into primary education classrooms Early Childhood Education United States. General Accounting Office, 1990

The Preschool Entitlement Jan van Ravens,Luis Crouch,Katherine Merseth King,Elisa A. Hartwig,Carlos Aggio,2023-01-09 Only three out of five children are enrolled in preschool globally and only one out of five in low income countries yet the expansion of preschool education came to a near standstill in 2020 To restart it we propose a policy instrument called the Preschool Entitlement It entails the right of every child to 600 hours of quality government funded preschool education per year 3 hours per day 5 days per week 40 weeks per year Existing preschool institutions and other organizations with legal status public private faith or community based can offer the child development program after a process of rigorous accreditation to ensure quality inclusion and safety In other respects they will have the freedom to shape the program according to local circumstances and local preferences This makes it possible to supplement the daily 3 hours with additional hours of childcare

that can be financed by families local government employers national associations faith based organizations ministries of social affairs or others In this manner the Preschool Entitlement reconciles local autonomy with governmental responsibility for quality access and equity In low and middle income countries government costs would range from about 0.15 to 0.4 percent of GDP and the benefits are likely to be significant **Research in Education** ,1974
