Early Biblical Interpretation Library Of Early Christianity:

Early Biblical Interpretation Rowan A. Greer, 1986-01-01 Discusses the history and diversity of early interpretation and the influence of Jewish traditions **Library of early Christianity, v.3 : early biblical interpretation** James L. Kugel, 1986 *The Oxford Handbook of Early Christian Biblical Interpretation* Paul M. Blowers, Peter W Martens, 2019-05-21 The Bible was the essence of virtually every aspect of the life of the early churches The Oxford Handbook of Early Christian Biblical Interpretation explores a wide array of themes related to the reception canonization interpretation uses and legacies of the Bible in early Christianity Each section contains overviews and cutting edge scholarship that expands understanding of the field Part One examines the material text transmitted translated and invested with authority and the very conceptualization of sacred Scripture as God's word for the church Part Two looks at the culture and disciplines or science of interpretation in representative exegetical traditions Part Three addresses the diverse literary and non literary modes of interpretation while Part Four canvasses the communal background and foreground of early Christian interpretation where the Bible was paramount in shaping normative Christian identity Part Five assesses the determinative role of the Bible in major developments and theological controversies in the life of the churches Part Six returns to interpretation proper and samples how certain abiding motifs from within scriptural revelation were treated by major Christian expositors The overall history of biblical interpretation has itself now become the subject of a growing scholarship and the final part skilfully examines how early Christian exegesis was retrieved and critically evaluated in later periods of church history Taken together the chapters provide nuanced paths of introduction for students and scholars from a wide spectrum of academic fields including classics biblical studies the general history of interpretation the social and cultural history of late ancient and early medieval Christianity historical theology and systematic and contextual theology Readers will be oriented to the major resources for and issues in the critical study of early Christian biblical interpretation **Abraham in Jewish and Early Christian Literature** Sean A. Adams, Zanne Domoney-Lyttle, 2019-11-14 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Jewish and early Christian authors discussed Abraham in numerous and diverse ways adapting his Old Testament narratives and using Abrahamic imagery in their works However while some areas of study in Abrahamic texts have received much scholarly attention other areas remain nearly untouched Beginning with a perspective on how Abraham was used within Jewish literature this collection of essays follows the impact of Abraham across biblical texts including Pseudepigraphic and Apocryphal texts into early Greek Latin and Gnostic literature These essays build upon existing Abraham scholarship by discussing Abraham in less explored areas such as rewritten scripture Philo of Alexandria Josephus the Apostolic Fathers and contemporary Greek and Latin authors Through the presentation of a more thorough outline of the impact of the figure and stories of Abraham the contributors to this volume create a concise and complete idea of how his narrative was employed throughout the centuries and how ancient authors

adopted and adapted received traditions **Biblical Interpretation in Early Christian Gospels** Thomas Hatina, 2008-10-18 The second title in a proposed five volume work volume two following on from the volume on Mark's Gospel concentrates on Matthew's Gospel Contributors consider the function of embedded scripture texts in the context of the Gospels written and read heard in their early Christian settings The project is wide ranging with essays on the function of scripture in the compositional history of the gospels and the collection is broad in scope as a result of current interest in the integration of methods especially historical and narrative ones Advancements over the last 20 years in the study of genre and narrative criticism have left a void in the study of the function of embedded biblical texts in the Gospels This collection of essays will move the study of scripture within scripture forwards History of New Testament Research, Vol. 1 William Baird, Stressing the historical and theological significance of pivotal figures and movements William Baird guides the reader through intriguing developments and critical interpretation of the New Testament from its beginnings in Deism through the watershed of the Tübingen school Familiar figures appear in a new light and important previously forgotten stages of the journey emerge Baird gives attention to the biographical and cultural setting of persons and approaches affording both beginning student and seasoned scholar an authoritative account that is useful for orientation as well as research The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric David Edward Aune, 2003-01-01 The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers Aune's extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings **The Moral World of the First Christians** Wayne A. Meeks, 1986-01-01 Describes the social setting of the early Christians looks at the Greek and Roman ethical traditions and explains the moral formation of the beginning Christian movement

Christian Theological Tradition Catherine Cory, Michael Hollerich, 2015-08-13 This text helps students acquire a basic theological literacy in key persons and events of the Bible and the Christian faith and in Christianity's encounter with culture at large Historically arranged it also addresses five major themes of systematic theology revelation God creation Jesus and church Scriptural Interpretation and Community Self-Definition in Luke-Acts and the Writings of Justin Martyr Susan Wendel, 2011-02-14 Although scholars often assume that Luke and Justin similarly claim the sacred texts of Jews for the non Jewish church this book offers a fresh analysis that uncovers significant differences between their respective depictions of the relationship between Christ believers and the Jewish scriptures *Gnostic Revisions of Genesis Stories And Early Jesus Traditions* Gerard P. Luttikhuisen, 2006 The book examines the critical use of biblical and early Christian traditions in such

Christian Gnostic texts as the Apocryphon of John The Nature of the Archons The Apocalypse of Adam The Testimony of Truth The Apocalypse of Peter The Letter of Peter to Philip and the apocryphal Acts of John *Handbook of Patristic Exegesis* Charles Kannengiesser, 2023-02-06 Through this Handbook of Patristic Exegesis the reader will obtain a balanced and cohesive picture of the Early Church It gives an overall view of the reception transmission and interpretation of the Bible in the life and thought of the Church during the first five centuries of Christianity the so called patristic era The handbook offers the context and presuppositions necessary for understanding the development of the interpretative traditions of the Early Church in its catechesis its liturgy and as a foundation of its systems of theology The handbook presents a comprehensive overview of the history of patristic exegesis Apart from a general introduction to the major topics in this field it contains essays by leading patristic scholars on the most important Church Fathers such as Augustine Irenaeus Origen Gregory of Nyssa and others The essays are supplemented by bibliographies of editions and studies on patristic exegesis published from 1945 until 1995 Together these bibliographies form the only comprehensive bibliography presently available on this topic The print edition is available as a set of two volumes 9789004098152 **The Formation of the Biblical Canon: Volume 2** Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In the first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them This second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole Karl Barth and the Fifth Gospel Mark S. Gignilliat, 2016-04-22 Today s biblical scholars and dogmaticians are giving a significant amount of attention to the topic of theological exegesis A resource turned to for guidance and insight in this discussion is the history of interpretation and Karl Barth s voice registers loudly as a helpful model for engaging Scripture and its subject matter Most readers of Barth s theological exegesis encounter him on the level of his New Testament exegesis This is understandable from several different vantage points Unfortunately Barth s theological exegesis of the Old Testament has not received the attention it deserves This book seeks to fill this lacuna as it encounters Barth s

theological exegesis of Isaiah in the Church Dogmatics From the Church's inception Isaiah has been understood as Christian Scripture In the Church Dogmatics we find Barth reading Isaiah in multi functional and multi layered ways as he seeks to hear Isaiah as a living witness to God's triune revelation of himself in Jesus Christ

The Days of Creation Andrew J. Brown, 2019-05-21 The Days of Creation examines the history of Christian interpretation of the seven day framework of Genesis 1 1 2 3 in the Hebrew Bible Old Testament from the post apostolic era to the debates surrounding Essays and Reviews 1860 Included in the survey are patristic medieval Renaissance Reformation eighteenth century Enlightenment and finally early to mid nineteenth century interpretations of the days of creation The author shows that readings of Genesis 1 1 2 3 in the modern era have much deeper roots than is sometimes realized The day age scheme has roots in Augustine's figurative creation days the world week historical scheme Renaissance Platonism and Newtonian science while the literal alternative of the gap theory combines ancient literal interpretation with chaos concepts derived from Greco Roman myths and interpreted through a geological lens Early treatments of this text are poorly understood because of their very different philosophical and theological contexts Hasty appropriation of ancient precedents as support for modern interpretations often overlooks or oversimplifies this difference Changing ideas and exploration in the early Modern era undermined the dominance of this text so that by the time of Goodwin's essay in Essays and Reviews Genesis 1 1 2 3 was already well on the way to its present intellectual marginalization This study enables an insight into the mighty career of a biblical text of seminal importance and fills a significant niche in reception historical research

Characterizing Jesus Alicia D Myers, 2012-01-12 This study explores how the Fourth Gospel's use of Scripture contributes to its characterization of Jesus Utilizing literary rhetorical criticism Myers approaches the Gospel in its final form paying particular attention to how Greco Roman rhetoric can assist in understanding the ways in which Scripture is employed to support the presentation of Jesus It offers further evidence in favour of the Gospel's use of rhetoric particularly the practices of synkrisis ekphrasis and prosopopoiia and gives scholars a new way to use rhetoric to better understand the use of Scripture in the Fourth Gospel and the New Testament as a whole The book proceeds in three parts First it examines ancient Mediterranean practices of narration and characterization in relationship to the Gospel concluding with an analysis of the Johannine prologue In the second and third parts it investigates explicit appeals to Scripture that are made both in and outside of Jesus' discourses Through these analyses Myers contends that the pervasive presence of Scripture in quotations allusions and references acts as corroborating evidence supporting the evangelist's presentation of Jesus

Seconding Sinai Hindy Najman, 2003 This work criticizes the terms Pseudepigraphy and Rewritten Bible which presuppose conceptions of textual fidelity foreign to ancient Judaism It develops the concept of a discourse whose creativity and authority depend on repeated returns to the exemplary figure of a founder

Hippolytus Between East and West J. A. Cerrato, 2002 This is the first thorough analysis of the Hippolytus question in English in over a century Drawing on leading scholarship of the 20th century it untangles

millennia of theory and points to the evidence of the Asian roots of the great biblical commentator **The Way of the Lord** Joel Marcus, 1992-01-01 This scholarly work includes a review of the Markan narratives about Jesus baptism his transfiguration and his suffering and death as well as the discussion of his relation to Elijah his identity as the stone which the builder rejected and the question of whether or not he is David's son Joel Marcus discusses what each of these passages meant for the early church and suggests their relevance for Christians today **Jesus and the Gospels** John T. Carroll, 2016-10-01 After two millennia Jesus remains as fascinating and compelling a figure as ever not only for Christian communities but also for countless others in diverse contemporary cultures In this fresh introduction to Jesus and the Gospels prominent scholar John T Carroll offers a thoughtful reading of the four Gospels paying close attention to narrative structure and rhetorical strategies with an appreciation of the contexts that shaped and continue to shape their interpretation Informed by the best recent scholarship Carroll's clear and accessible presentation examines the connections between the Gospels and contemporary life and the challenges these narratives might present to twenty first century readers Introductory students will appreciate the use of call out boxes throughout the book that highlight important points and themes This engaging volume will introduce Jesus and the Gospels to a whole new generation of readers in the culturally and religiously plural world of today Instructor and Student Resources Available Visit jesusandthegospels.wjkbooks.com to find resources for instructors including a sample syllabus questions for study reflection and discussion and maps and images that can be incorporated into presentation materials In addition to teaching materials resources for students include chapter summaries flash cards study questions and fast facts
