Early Medieval Architecture Oxford History:

Early Medieval Architecture R. A. Stalley, 1999 Ranging from Gotland to Apulia Roger Stalley explores the richness and variety of European architecture in terms of the social and religious aspirations of the time with an emphasis on the symbolic significance these buildings expressed Written with style and humour the lively text includes many quotations from ancient sources providing fascinating insight into the way that medieval buildings were created and enlivening our knowledge of this period

Medieval Architecture Nicola Coldstream, 2002 Medieval architecture comprises much more than the traditional image of Gothic cathedrals and the castles of chivalry A great variety of buildings synagogues halls and barns testify to the diverse communities and interests in western Europe in the centuries between 1150 and 1550 This book looks at their architecture from an entirely fresh perspective shifting the emphasis away from such areas as France towards the creativity of other regions including central Europe and Spain Treating the subject thematically Coldstream seeks out what all buildings both religious and secular have in common and how they reflect the material and spiritual concerns of the people who built and used them Furthermore the author considers how and why after four centuries of shaping the landscapes and urban patterns of Europe medieval styles were superseded by classicism *Oxford History of Art* Roger Stalley, 1999

Early Medieval Architecture R. A. Stalley, 1999 **Liturgy and Architecture** Allan Doig, 2017-03-02 In this book Allan Doig explores the interrelationship of liturgy and architecture from the Early Church to the close of the Middle Ages taking into account social economic technical theological and artistic factors These are crucial to a proper understanding of ecclesiastical architecture of all periods and together their study illuminates the study of liturgy Buildings and their archaeology are standing indices of human activity and the whole matrix of meaning they present is highly revealing of the larger meaning of ritual performance within and movement through their space The excavation of the mid third century church at Dura Europos in the Syrian desert the grandeur of Constantine's Imperial basilicas the influence of the great pilgrimage sites and the marvels of soaring Gothic cathedrals all come alive in a new way when the space is animated by the liturgy for which they were built Reviewing the most recent research in the area and moving the debate forward this study will be useful to liturgists clergy theologians art and architectural historians and those interested in the conservation of ecclesiastical structures built for the liturgy [Early Medieval Art](#) Lawrence Nees, 2002 Earliest Christian art Saints and holy places Holy images Artistic production for the wealthy Icons iconography **Early Medieval Europe 300-1050** David Rollason, 2014-05-22 The centuries following the collapse of the Roman Empire saw extraordinary change across Western Europe in institutions social structure rural and urban life religion learning scholarship and art This innovative textbook provides students coming to the study of Early Medieval Europe for the first time with the conceptual and methodological tools to investigate the period for themselves It identifies major research questions and historiographical debates and offers guidance on how to engage with and evaluate the major documentary sources and the evidence of art history and
