Getting To Know Germany And German Getting To Know Series:

Social Studies Discoveries on the Net Anthony D. Fredericks, 2000-10-15 Tap into the budding investigators within youngsters and help them connect to the incredible array of social studies knowledge and resources on the Internet The 75 lessons in this book guide you and your students in exciting Internet projects that target specific content objectives for specific social studies concepts Each unit includes activities questions and lists of relevant Web sites and related literature A great way to motivate students build online technology skills and increase knowledge *The English Catalogue of Books Published from January, 1835, to January, 1863*, 1864 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1964 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December **Penny Whistle Traveling-with-Kids Book** Meredith Brokaw, Annie Gilbar, Jill Weber, 1995-04-01 Make every Trip an Adventure with Penny Whistle They say getting there is half the fun but all too often the stress of being away from home and the frustration of being confined in a car plane train hotel room or even someone else's home combine to turn a simple trip into a painful experience for parents and kids But with The Penny Whistle Traveling with Kids Book parents and kids will find everything they need to make travel time fun time Full of inventive advice and helpful hints The Penny Whistle Traveling with Kids Book will show parents how to Involve the whole family in planning the trip Pack so you're prepared for anything Create a Penny Whistle Travel Box Travel Backpack First Aid Kit Keep kids occupied on the road with games for every age interest PLUS Creative solutions and travel experiences from parents and kids a Travel Exercise Program What to Do When Your Child Travels Alone Delicious Roadside Picnics and Traveling Snacks and much much more The New Statesman, 1914 Knowing the Adversary Keren Yarhi-Milo, 2014-07-21 States are more likely to engage in risky and destabilizing actions such as military buildups and preemptive strikes if they believe their adversaries pose a tangible threat Yet despite the crucial importance of this issue we don't know enough about how states and their leaders draw inferences about their adversaries long term intentions Knowing the Adversary draws on a wealth of historical archival evidence to shed new light on how world leaders and intelligence organizations actually make these assessments Keren Yarhi Milo examines three cases Britain's assessments of Nazi Germany's intentions in the 1930s America's assessments of the Soviet Union's intentions during the Carter administration and the Reagan administration's assessments of Soviet intentions near the end of the Cold War She advances a new theoretical framework called selective attention that emphasizes organizational dynamics personal diplomatic interactions and cognitive and affective factors Yarhi Milo finds that decision makers don't pay as much attention to those aspects of state behavior that major theories of international politics claim they do Instead they tend to determine the intentions of adversaries on the basis of preexisting beliefs theories and personal impressions Yarhi Milo also shows how intelligence organizations rely on very different indicators than decision makers focusing more on changes in the military capabilities of adversaries Knowing the Adversary provides a clearer picture of the historical validity of existing

theories and broadens our understanding of the important role that diplomacy plays in international security

Ways of Knowing in Early Modern Germany Gerhild Scholz Williams, 2017-09-29 Gerhild Scholz Williams's *Ways of Knowing in Early Modern Germany* Johannes Praetorius as a Witness to His Time reviews key discourses in eight of Praetorius's works. She introduces the modern reader to the kinds of subjects the intellectual and spiritual approaches to them and the genres that this educated and productive German scholar and polymath presented to his audience in the seventeenth century. By relating these individual works to a number of contemporaneous writings, Williams shows how Praetorius constructed a panorama in print in which wonders, the occult, the emerging scientific way of thinking, family and social mores are recurrent themes. Included in Praetorius's portrait of the mid-seventeenth century are discussions of Paracelsus's scientific theories and practice, early modern German theories on witchcraft and demonology and their applications in the seventeenth century. Furthermore, we read about the early modern beginnings of ethnography, anthropology and physical geography, gender theory, early modern and contemporary notions of intellectual property and competing and sometimes conflicting early modern scientific and theological explanations of natural anomalies. Moreover, throughout his work and certainly in those texts chosen for this study, Praetorius appears before us as an assiduous reporter of contemporary European and pan-European events and scientific discoveries, a critic of common superstitions as much a believer in occult causes and signs and in God's communication with His people. In his writings, in his way of telling, he offers strategies by which to comprehend the political, social and intellectual uncertainties of his century and in so doing identifies ways to confront the diverse interpretive authorities and the varieties of structures of knowledge that interacted and conflicted with each other in the public arena of knowing.

Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. Copyright Office, 1968

Undersee Sud James Phillips, 2010-08-04 A poor village boy from The Bremerhaven area joins the Army and gets transferred into the new Luftwaffe. He becomes a fighter ace in Spain with the Condor Legion and is awarded an Iron Cross and meets The Fuhrer. He is then transferred to work for a Field Marshall and meets his love for life on a visit to a death camp in Poland. He saves her life and they marry in Bremerhaven via a friendly priest. He designs an escape plan in early part of war for senior Nazis and Military to escape to Argentina if the war was ever lost, which was impossible for it to be. However, it is lost by The Fuhrer's decisions and they escape to Argentina and make new lives there. His Jewish wife and him raise a family and start businesses and live happily. Until a happy event goes badly wrong and they both die, but their love survives Nazi hatred and they meet once again out there in the Cosmos to be together for eternity.

Working Across Cultures John Hooker, 2003 A guide to adapting and thriving within unfamiliar cultural settings challenges the notion that professional life interacts with culture only at the etiquette level, distinguishing between rule-based and relationship-based cultures while considering the roles of such factors as competition, security and lifestyle. Social Science

Knowing Your Friends Martin S. Alexander, 2013-01-11 Little attention has been paid to the murky ultra-business of gathering intelligence

among and forming estimates about friendly powers and friendly or allied military forces How rarely have scholars troubled to discover when states entered into coalitions or alliances mainly and explicitly because their intelligence evaluation of the potential partner concluded that making the alliance was from the originator's national security interest the best game in town The twentieth century has been chosen to enhance the coherence of and connections between the subject matter of this under explored part of intelligence studies

Kinaesthetic Knowing Zeynep Çelik Alexander, 2017-12-08 Is all knowledge the product of thought Or can the physical interactions of the body with the world produce reliable knowledge In late nineteenth century Europe scientists artists and other intellectuals theorized the latter as a new way of knowing which Zeynep Çelik Alexander here dubs kinaesthetic knowing In this book Alexander offers the first major intellectual history of kinaesthetic knowing and its influence on the formation of modern art and architecture and especially modern design education Focusing in particular on Germany and tracing the story up to the start of World War II Alexander reveals the tension between intellectual meditation and immediate experience to be at the heart of the modern discourse of aesthetics playing a major part in the artistic and teaching practices of numerous key figures of the period including Heinrich Wölfflin Hermann Obrist August Endell László Moholy-Nagy and many others Ultimately she shows kinaesthetic knowing did not become the foundation of the human sciences as some of its advocates had hoped but it did lay the groundwork at such institutions as the Bauhaus for modern art and architecture in the twentieth century

General Foreign Policy Series, 1957

Knowing - Unknowing, 2024-08-26 This book emerges at a time when critical race studies postcolonial thought and decolonial theory are under enormous pressure as part of a global conservative backlash However this is also an exciting moment where new horizons of knowledge appear and new epistemic practices e.g. symmetry collaboration undisciplining gain traction Through our critical engagements with structural relational and personal aspects of knowing and unknowing we work towards a greater multiplicity of knowledges and practices Calling into question the asymmetrical global economy of knowledge and its uneven division of intellectual labour our interdisciplinary volume explores what a decolonial horizon could entail for African Studies at the crossroads Contributors are Akosua Adomako Ampofo Eric A. Anchimbe Edwin Asa Adjei Susan Arndt Muiyiwa Falaiye Katharina Greven Christine Hanke Amanda Hlengwa Catherine Kiprop Elsie Macamo Nelson Maldonado Torres Cassandra Mark Thiesen Lena Naumann Thando Njovane Samuel Ntewusu Anthony Okeregbe Zandisiwe Radebe Elelwani Ramugondo Eleanor Schaumann
