progresses one is forced to recall the facts of the earlier part and see the object for which they were related and the bearing they have upon subsequent events It is often possible to put together a mass of intricate details none of which is irrelevant but it is a rare skill which can make it plain to a reader reading at full speed that they all had their necessity and proper effect Few writers can do this so well as Mr Wilkie Collins The mystery in The Haunted Hotel is grim enough to please a keen appetite for grisly horrors without glutting it by matter of fact description A good deal is left for imagination to fill up Whether or not the reader is meant to guess the explanation of the courier's disappearance as he probably will if he is at all practiced in mysteries is not of much importance Having guessed it he will still read with undiminished interest to see how it is worked out There is it seems one defect in the story It is a mystery with an explanation but one particular fact which is not a mystery has no explanation
