Screening Scarlett Johansson Janice Loreck, Whitney Monaghan, Kirsten Stevens, 2019-12-03 Screening Scarlett Johansson Gender Genre Stardom provides an account of Johansson s persona work and stardom extending from her

breakout roles in independent cinema to contemporary blockbusters to her self parodying work in science fiction Screening Scarlett Johansson is more than an account of Johansson s career it positions Johansson as a point of reference for interrogating how femininity sexuality identity and genre play out through a contemporary woman star and the textual manipulations of her image The chapters in this collection cast a critical eye over the characters Johansson has portrayed the personas she has inhabited and how the two intersect and influence one another They draw out the multitude of meanings generated through and inherent to her performances specifically looking at processes of transformation metamorphosis and self deconstruction depicted in her work **True to the Spirit** Colin MacCabe,Rick Warner,Kathleen Murray,2011 Fifty percent of Hollywood productions each year are adaptations films that use an already published book dramatic work or comic as their source material If the original is well known then for most spectators the question of whether these adaptations are true to the spirit of the original is central The recent wave of adaptation studies dismisses the question of fidelity as irrelevant mistaken or an affront to the unstable nature of meaning itself The essays gathered here mixing the field s top authorities Andrew Gunning Jameson Mulvey and Naremore with fresh new voices take the question of correspondence between source and adaptation as seriously as do producers and audiences Spanning examples from Shakespeare to Ghost World and addressing such notable directors as Welles Kubrick Hawks Tarkovsky and Ophuls the contributors write against the grain of recent adaption studies by investigating the question of what fidelity might mean in its broadest and truest sense what it might reveal of the adaptive process and why it is still one of the richest veins of investigation in the study of cinema

Mullins, Todd Richardson, 2019-04-24 In Implied Nowhere Absence in Folklore Studies authors Shelley Ingram Willow G Mullins and Todd Richardson talk about things folklorists don't usually talk about They ponder the tacit aspects of folklore and folklore studies looking into the unarticulated expectations placed upon people whenever they talk about folklore and how those expectations necessarily affect the folklore they are talking about The book's chapters are wide ranging in subject and style yet they all orbit the idea that much of folklore both as a phenomenon and as a field hinges upon unspoken or absent assumptions about who people are and what people do The authors articulate theories and methodologies for making sense of these unexpressed absences and in the process they offer critical new insights into discussions of race authenticity community literature popular culture and scholarly authority Taken as a whole the book represents a new and challenging way of looking again at the ways groups come together to make meaning In addition to the main chapters the book also includes eight interstitials shorter studies that consider underappreciated aspects of folklore These discussions which range from a consideration of knitting in public to the ways that invisibility shapes an internet meme are presented as questions rather than answers encouraging readers to think about what more folklore and folklore studies might discover if only practitioners chose to look at their subjects from angles more cognizant of these unspoken gaps The Toho Studios Story Stuart Galbraith IV, 2008-05-16 Since its inception in 1933 Toho Co Ltd Japan's most famous movie production company and distributor has produced and/or distributed some of the most notable films ever to come out of Asia including *Seven Samurai* *Godzilla* *When a Woman Ascends the Stairs* *Kwaidan* *Woman in the Dunes* *Ran* *Shall We Dance* *Ringu* and *Spirited Away* While the western world often defines Toho by its iconic classics which include the *Godzilla* franchise and many of the greatest films of the legendary director Akira Kurosawa and actor Toshiro Mifune these pictures represent but a tiny fraction of Toho's rich history *The Toho Studios Story A History and Complete Filmography* provides a complete picture of every Toho feature the Japanese studio produced and released as well as foreign films that it distributed during its first 75 years Presented chronologically each entry in the filmography includes where applicable the original Japanese title a direct translation of that title the film's international U.S. release and alternate titles production credits including each film's producers director screenwriters cinematographers art directors and composers among others casts with character names production companies technical specs running times and release dates U.S. release data including distributor whether the film was released subtitled or dubbed and alternate versions domestic and international awards and plot synopses
