*Innocence and Loss* Cristina Alsina Rísquez,Cynthia Stretch,2014-06-02 A fierce national outcry for righteously waging war has long dominated American culture From at least the wildly popular Spanish American War and the US military invasion of the Philippines that infuriated Mark Twain right up to the current Global War on Terrorism this is a deadly dark current coursing throughout American history Meanwhile dissenting analyses of the patriotic gore have until recently been paid scant attention in the popular media Delving into this history this probing collection of essays explores ways in which the compulsive redeployment of innocence in the launching cheering and retelling of America s wars endlessly defers a national reckoning as the editors astutely state in their introduction The works in this collection reflect an effort to add more voices where they are desperately needed

*Vacationing in Dictatorships* Adelina Stefan,2024-12-15 Vacationing in Dictatorships examines the political effects of international tourism in socialist Romania and Francoist Spain in the postwar era Despite sharp economic and political differences between the two dictatorial regimes at the start of the Cold War significant similarities existed as both states took advantage of international tourism to improve their image abroad and pursued processes of economic modernization to acquire hard currencies By the end of the 1970s though the two countries achieved rather different results in terms of tourism development despite the fact that both shared many features in the 1940s and 1950s By comparing the rise and evolution of international tourism on different sides of the Iron Curtain Adelina Stefan provides a different assessment of the geopolitics of postwar Europe that further refines the Cold War s geographies separating Eastern and Western Europe As a result Vacationing in Dictatorships reveals a new perspective on the Cold War that reveals not only the developmental similarities between Eastern and Southern Europe but also the ideological struggle that pitted socialist East against capitalist West
