Gift Carlos M Valverde:

The Gift Carlos M Valverde, 2015-11-15 The Gift is a children's book that tells the story of a child asking his or her parents the question that many parents get from their children Mom dad how did I come to be As readers turn the pages of the book families from different ethnicities explain to their little one the story of how the child came to be part of their family In other parts of the book there are no people in the illustrations but the beautiful colors and details of the scenery makes it easy for parents and children to identify that part of the world The book develops as parents answer the curiosity of their child trying to find out how they came to exist The question is answered in a loving way and from a religious point of view as parents explain to the child that she or he is a gift from God to them The intention of the book is to start a conversation between parents and children about the fact that the child is a gift to the parent and therefore treasured as member of the family The book leaves space for writing in the child's name and birthdate as part of the story so it feels like the story was written specifically for that child Also it is safe to say that regardless of the language race or even religious belief of a person the feeling of love and care that parents have for their children is universally understood There are seven children on the front cover of the book that represent cultures or ethnicities from around the world They also represent feelings or emotions that parents experience when a child is born like trust courage love joy patience kindness and faith This book is available in hard cover soft cover and e book and also in Spanish with the title El regalo Forthcoming Books Rose Arny, 2004 The Spirit of the Laws in Mozambique Juan Obarrio, 2014-10-30 Mozambique has been hailed as a success story by political analysts as well as by the international community of donors who have supported the juridical reform of the state which has been ongoing since the end of the civil war and transition from Socialism in the mid 1990s The present book by anthropologist Juan Obarrio reveals a very different picture The work is an ethnographic study of transformations of the state in Mozambique over a span of thirty five years from Portuguese colonialism through Afro Marxism civil war and the current neoliberal democratic transition It examines the ongoing construction of a complex juridical and political field of forces in which several competing authorities claim sovereignty over the local Obarrio's main argument is that despite the wave of democratization and liberalization that has occurred over the last two decades the current Mozambican state enforces a type of restricted citizenship linked to the re appraisal of pre colonial customary formations Ultimately Obarrio views the African postcolony as a maze of competing jurisdictions through which historical difference is reproduced showing the limits of state sovereignty as well as democratic citizenship The legacies of violence from the colonial regime the Socialist experience and the devastating the civil war still inhabit the force of law today underscoring the necessity of an anthropology of law and justice for enriching the approaches of Africanist postcolonial theory In Obarrio's account custom re emerges not as a figure of the past but rather as the ambiguous future of postcolonial political history *Gifts and Exchange Manual* Alfred Lane, 1980-03-17 Product information not available **Exposicion de los tacneños y ariqueños** Carlos A.
