Gifts With No Giver A Love Affair With Truth:

Gifts with No Giver: A Love Affair with the Truth Nirmala, 2010-01-16 Sample poem I have fallen in love with truthI only want to be with herI can not stand to be apartI would gladly go to the ends of the earthor I would never again move from this spotjust to be sure to inhale her fragrant perfume with my dying breath I have fallen in love with truthher every wish my commandI simply must obeyfor she has captured my souland taken complete controlof even my innermost thoughtsfreeing me to find repose in her unadorned splendorI have fallen in love with truthwith exquisite tenderness she shows methe perfection in my every flawno need for pretensefor she knows everything about meand yet takes me in her armswith Nothing Personal: Seeing Beyond the Illusion of a Separate Self complete abandonuntil only she remains Nirmala, 2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this guestion What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are

Everything Is Included Nirmala, 2016-04-04 Oneness is not only a profound and very personal life changing experience

but a perspective that can transform the world by bringing more love light compassion and truth to the world Oneness connects us all We are all affecting each other in every moment and recognizing this to whatever degree we can is transformative Everything is included in this oneness which all spiritual teachers and enlightened leaders point to In embracing everything with an attitude of its essential worth and value we can go beyond the illusions of separation to a simple resting in the beauty and mystery of all of reality This book is a collection of articles and essays which continually point to this oneness and the all inclusiveness of life In it you will find responses to many common questions posed by seekers which will help you in your search for greater peace love and understanding The Collected Letters of Alan Watts Alan Watts, 2018-12-11 Philosopher author and lecturer Alan Watts 1915 1973 popularized Zen Buddhism and other Eastern philosophies for the counterculture of the 1960s Today new generations are finding his writings and lectures online while faithful followers worldwide continue to be enlightened by his teachings The Collected Letters of Alan Watts reveals the remarkable arc of Watts's colorful and controversial life from his school days in England to his priesthood in the Anglican Church as chaplain of Northwestern University to his alternative lifestyle and experimentation with LSD in the heyday of the late sixties His engaging letters cover a vast range of subject matter with recipients ranging from High Church clergy to high priests of psychedelics government officials publishers critics family and fans They include C G Jung Henry Miller Gary Snyder Aldous Huxley Reinhold Niebuhr Timothy Leary Joseph Campbell and James Hillman Watts s letters were curated by two of his daughters Joan Watts and Anne Watts who have added rich behind the scenes biographical commentary Edited by Gifts with No Giver Nirmala, 1999 A collection of nondual spiritual poetry written from the Heart Joan Watts Anne Watts by Nirmala who is a spiritual teacher in the Advaita tradition These poems attempt to capture the undying presence of love in all of its forms Let your soul be deeply touched by the Rumi like words of a lover drunk with passion for the truth The **Bookman** ,1909 The Enigma of the Gift Maurice Godelier, 1999-02-03 When we think of giving gifts we think of exchanging objects that carry with them economic or symbolic value But is every valuable thing a potentially exchangeable item whose value can be transferred In The Enigma of the Gift the distinguished French anthropologist Maurice Godelier reassesses the significance of gifts in social life by focusing on sacred objects which are never exchanged despite the value they possess Beginning with an analysis of the seminal work of Marcel Mauss and Claude L vi Strass and drawing on his own fieldwork in Melanesia Godelier argues that traditional theories are flawed because they consider only exchangeable gifts By explaining gift giving in terms of sacred objects and the authoritative conferral of power associated with them Godelier challenges both recent and traditional theories of gift giving provocatively refreshing a traditional debate Elegantly translated by Nora Scott The Enigma of the Gift is at once a major theoretical contribution and an essential guide to the history of the theory of the gift New Selected Journals, 1939-1995 Stephen Spender, 2012-07-03 Private faces in public places Are wiser and nicer Than public faces in private places W H Auden dedication to Stephen Spender 1932 Stephen

Spender wrote almost a million words of journal entries between his September Journal in 1939 and his death in 1995 In choosing from these voluminous journals for the new edition the editors have tried to provide a picture of the various lives Spender brought together in autobiographical form The earlier 1985 edition of the Journals was overseen by the author and it privileged his thoughts about poetry his own and other people s The new edition includes the final ten years of Spender s life and provides access to the more intimate thoughts and feelings of the private man but equally documents his life as a public intellectual who played a part in shaping the European literary and intellectual culture of his age As we look back on the dramatic events of the twentieth century we find that Spender was involved in many of them the reconstruction of Germany and the construction of Europe as Unesco s first Literary Councillor the development of the cultural Cold War as editor of Encounter the founding of Israel the anti Vietnam movement in America The Journals provide a personal version of sixty turbulent years of the twentieth century hovering between diary autobiography and history Thoughtlessness Justin Pack, 2023-01-01 In this book Justin Pack proposes a genealogy of the traditional suspicion of money and merchants This genealogy is framed both by how money itself has changed and how different traditions responded to money Money and merchants became heavily debated concerns in the Axial Age which coincided with the spread of coinage A deep suspicion of money and merchants was particularly notable in the Greek Confucian and Christian traditions and continued into the Middle Ages These traditions wrestled with a new dialectic of purity that also appears with the widespread use of money How were these concerns dealt with politically socially and philosophically How did they change over time How did medieval Europe deal with money and how did this inform modern governmentality To answer these questions Pack turns to Hanna Arendt s work Arendt argues that one of the outstanding characteristics of our time is thoughtlessness This thoughtlessness is related to how modern life especially under neoliberalism is increasingly structured by abstract systems abstract calculative rationality abstract relations and the profit motive Money both drives and embodies this machinery The hyper complex abstract systems of modernity discourage to use Arendtian terms thinking wonder questioning everything in favor of cognition problem solving Too often the result is thoughtless cognition the ability to make things more productive and efficient paired with the incapacity to question and challenge the implications and morality of these systems Charles S.
