I am immortal and alive Clara Plasencia, 2010 Gil I Wolman Joseph Wolman, Frédéric Acquaviva, Bartomeu Marí, 2010 The French artist Gil J Wolman 1929 1995 was a pioneer in researching the intersection and alteration of visual and textual languages This show the first monographic exhibition of Wolman's work ever held in Spain consists of about 250 works and documents from L Anticoncept 1951 to Voir de memoire 1995 It includes the artist s most important and fertile pieces some of them never before exhibited The Situationist International Alastair Hemmens, Gabriel Zacarias, 2020-04-20 From its foundation in 1957 to its self dissolution in 1972 the Situationist International established itself as one of the most radical revolutionary organisations of the twentieth century This book brings together leading researchers on the SI to provide a comprehensive critical analysis of the group's key concepts and contexts from its relationship to earlier artistic avant gardes romanticism Hegelianism the history of the workers movement and May 68 to the concepts and practices of spectacle constructed situations everyday life and d tournement The volume also considers historically underexamined areas of the SI including the situation of women in the group and its opposition to colonialism and racism With contributions from a broad range of thinkers including Anselm Jappe and Michael L wy this account takes a fresh look at the complex workings of a group that has come to define radical politics and culture in the post war period *Guy Debord, the Situationist* International, and the Revolutionary Spirit James Trier, 2019-07-15 Winner of the 2020 Choice Outstanding Academic Title Award Guy Debord the Situationist International and the Revolutionary Spirit presents a history of the two avant garde groups that French filmmaker and subversive strategist Guy Debord founded and led the Lettrist International 1952 1957 and the Situationist International 1957 1972 Debord is popularly known for his classic book The Society of the Spectacle 1967 but his masterwork is the Situationist International SI which he fashioned into an international revolutionary avant garde group that orchestrated student protests at the University of Strasbourg in 1966 contributed to student unrest at the University of Nanterre in 1967 1968 and played an important role in the occupations movement that brought French society to a standstill in May of 1968 The book begins with a brief history of the Lettrist International that explores the group s conceptualization and practice of the critical anti art practice of d tournement as well as the subversive spatial practices of the drive psychogeography and unitary urbanism These practices which became central to the Situationist International anticipated many contemporary cultural practices including culture jamming critical media literacy and critical public pedagogy This book follows up the edited book D tournement as Pedagogical Praxis Sense Publishers 2014 and together they offer readers particularly those in the field of Education an introduction to the history concepts and critical practices of a group whose revolutionary spirit permeates contemporary culture as can be seen in the political actions of Pussy Riot in Russia the yellow vest protesters in France the BlackLivesMatter movement and the striking teachers and student protesters on campuses throughout the U S See inside the book The Art and Politics of Asger Jorn Karen Kurczynski, 2017-07-05 A

leading figure of the postwar avant garde Danish artist Asger Jorn has long been recognized for his founding contributions to the Cobra and Situationist International movements yet art historical scholarship on Jorn has been sparse particularly in English This study corrects that imbalance offering a synthetic account of the essential phases of this prolific artist s career It addresses his works in various media alongside his extensive writings and his collaborations with various artists groups from the 1940s through the mid 1960s Situating Jorn s work in an international post Second World War context Karen Kurczynski reframes our understanding of the 1950s away from the Abstract Expressionist focus on individual expression toward a more open ended conception of art as a public engagement with contemporary culture and politics Kurczynski engages with issues of interest to twenty first century artists and scholars highlighting Jorn s proposition that the sensory address of art and its complex relationship to popular media can have a direct social impact Perhaps most significantly this study foregrounds Jorn s assertion that creativity is crucial to subjectivity itself in our increasingly mediated Society of the Spectacle Found Chris Tonelli, 2019-11-14 Voices Found Free Jazz and Singing contributes to a wave of voice studies scholarship with the first book length study of free jazz voice It pieces together a history of free jazz voice that spans from sound poetry and scat in the 1950s to the more recent wave of free jazz choirs The author traces the developments and offers a theory derived from interviews with many of the most important singers in the history of free jazz voice of how listeners have experienced and evaluated the often unconventional vocal sounds these vocalists employed This theory explains that even audiences willing to enjoy harsh sounds from saxophones or guitars often resist when voices make sounds that audiences understand as not human Experimental poetry and scat were combined and transformed in free jazz spaces in the 1960s and 1970s by vocalists like Yoko Ono in solo work and her work with Ornette Coleman and John Stevens Jeanne Lee in her solo work and her work with Archie Shepp and Gunter Hampel Leon Thomas in his solo work as well as his work with Pharoah Sanders and Carlos Santana and Phil Minton and Maggie Nicols who devoted much of their energy to creating unaccompanied free jazz vocal music By studying free jazz voice we can learn important lessons about what we expect from the voice and what happens when those expectations are violated This book doesn t only trace histories of free jazz voice it makes an attempt to understand why this story hasn t been told before with an impressive breadth of scope in terms of the artists covered drawing on research from the US Canada Wales Scotland France The Netherlands and Japan The Consul Ralph Rumney, 2002 Ralph Rumney English painter was one of the founding members of the Situationist International His membership ended after disagreement with Guy Debord but his association with radical movements in art and politics never ended The interviews recall an extraordinary career dedicated to revolt Off-Screen Cinema Kaira M. Cabañas, 2015-01-26 One of the most important avant garde movements of postwar Paris was Lettrism which crucially built an interest in the relationship between writing and image into projects in poetry painting and especially cinema Highly influential the Lettrists served as a bridge of sorts between the earlier works of the Dadaists and Surrealists and the later Conceptual artists Off
