Gilles Deleuze's Philosophy Of Time A Critical:

Gilles Deleuze's Philosophy of Time James Williams, 2011-02-23 This book provides an overall interpretation of Deleuze's philosophy alongside a critical introduction to one of the most important unifying ideas in his work the construction of new and important philosophies of time The Cambridge Companion to Deleuze Daniel W. Smith, Henry Somers-Hall, 2012-09-27 This book provides a clear comprehensive survey of Deleuze's philosophy whilst also offering deep analysis of key aspects of his thought Gilles Deleuze's Difference and Repetition James Williams, 2013-01-31 A new edition of this introduction to Deleuze's seminal work *Difference and Repetition* with new material on intensity science and action and new engagements with Bryant Sauvagnargues Smith Somers Hall and de Beistegui **Queer and Deleuzian Temporalities** Rachel Loewen Walker, 2021-11-18 Rachel Loewen Walker's original study of Deleuze's theory of temporality advances a concept of the living present as a critical juncture through which novel meanings and activism take flight in relation to new feminist materialisms queer theory Indigenous studies and studies of climate Drawing on literature philosophy popular culture and community research Loewen Walker unsettles the fierce linearity of our stories particularly as they uphold fixed systems of gender sexuality and identity Treading new ground for Deleuzian studies this book focuses on the non linearity of the living present to show that everything is within rather than outside of time Through this critical re evaluation which takes in climate change queer and trans politics and Indigenous sovereignty *Queer and Deleuzian Temporalities* thickens the present moment By opening up multiple pasts and multiple futures we are invited to act with a deepened level of accountability to all possible timelines **Thousand Plateaus and Philosophy** Henry Somers-Hall, 2017-12-20 This volume brings together a team of international specialists on Deleuze and Guattari to provide in depth critical studies of each plateau of their major work *A Thousand Plateaus* It combines an overview of the text with deep scholarship and brings a renewed focus on the philosophical significance of their project *A Thousand Plateaus* represents a whole new way of doing philosophy This collection supports the critical reception of Deleuze and Guattari's text as one of the most important and influential works of modern theory Key Features emphasises the philosophical nature of *A Thousand Plateaus* provides detailed coverage of the text as a whole brings together cutting edge research from some of the leading lights in scholarship on Deleuze and Guattari an ideal companion to a plateau by plateau reading of Deleuze and Guattari's work Back cover Deleuze and Futurism Helen Palmer, 2014-10-23 This book is an original exploration of Deleuze's dynamic philosophies of space time and language bringing Deleuze and futurism together for the first time Helen Palmer investigates both the potential for creative novelty and the pitfalls of formalism within both futurist and Deleuzian linguistic practices Through creative and rigorous analyses of Russian and Italian futurist manifestos the futurist aspects of Deleuze's language and thought are drawn out The genre of the futurist manifesto is a literary and linguistic model which can be applied to Deleuze's work not only at times when he writes explicitly in the style of a manifesto but also in his earlier writings

such as *Difference and Repetition* 1968 and *The Logic of Sense* 1969 The way in which avant garde manifestos often attempt to perform and demand their aims simultaneously and the problems which arise due to this is an operation which can be perceived in Deleuze's writing With a particular focus on Russian zaum the book negotiates the philosophy behind futurist nonsense language and how Deleuze propounds analogous goals in *The Logic of Sense* This book critically engages with Deleuze's poetics ultimately suggesting that multiple linguistic models operate synecdochically within his philosophy

Deleuze and Architecture Helene Frichot, 2013-05-20 Critiques the legacy and ongoing influence of Deleuze on the discipline and practice of architecture This collection looks critically at how Deleuze challenges architecture as a discipline how architecture contributes to philosophy and how we can come to understand the complex politics of space of our increasingly networked world Since the 1980s Deleuze's philosophy has fuelled a generation of architectural thinking and can be seen in the design of a global range of contemporary built environments His work has also alerted architecture to crucial ecological political and social problems that the discipline needs to reconcile

The Queer Outside in Law Senthoran Raj, Peter Dunne, 2020-11-30 This book contributes to current debates about queer outsides and queer outsiders that emerge from tensions in legal reforms aimed at improving the lives of lesbian gay bisexual transgender intersex and queer people in the United Kingdom LGBTIQ people in the UK have moved from being situated as outlaws through prohibitions on homosexuality or cross dressing to respectable in laws through the emerging acceptance of same sex families and self identified genders From the partial decriminalisation of homosexuality in the Sexual Offences Act 1967 to the provision of a bureaucratic mechanism to amend legal sex in the Gender Recognition Act 2004 bringing LGBTIQ people inside the law has prompted enormous activist and academic commentary on the desirability of inclusion focused legal and social reforms Canvassing an array of current socio legal debates on colonialism refugee law legal gender recognition intersex autonomy and transgender equality the contributing authors explore queer outsiders who remain beyond the law's reach and outline the ways in which these outsiders might seek to come within and or stay outside law Given its scope this modern work will appeal to legal scholars lawyers and activists with an interest in gender sex sexuality race migration and human rights law

Deleuze and Pragmatism Simone Bignall, Sean Bowden, Paul Patton, 2014-09-19 This collection brings together the philosophy of Gilles Deleuze and the rich tradition of American pragmatist thought taking seriously the commitment to pluralism at the heart of both Contributors explore in novel ways Deleuze's explicit references to pragmatism and examine the philosophical significance of a number of points at which Deleuze's philosophy converges with or diverges from the work of leading pragmatists The papers of the first part of the volume take as their focus Deleuze's philosophical relationship to classical pragmatism and the work of Peirce James and Dewey Particular areas of focus include theories of signs metaphysics perspectivism experience the transcendental and democracy The papers comprising the second half of the volume are concerned with developing critical encounters between Deleuze's work and the work of contemporary

pragmatists such as Rorty Brandom Price Shusterman and others Issues addressed include antirepresentationalism constructivism politics objectivity naturalism affect human finitude and the nature and value of philosophy itself With contributions by internationally recognized specialists in both poststructuralist and pragmatist thought the collection is certain to enrich Deleuze scholarship enliven discussion in pragmatist circles and contribute in significant ways to contemporary philosophical debate

Why Do Things Break? R.A. Goodrich, Ann M McCulloch, 2019-05-16 This study interrogates the breakages that occur in peoples lives such as psychological breakdowns political ruptures and the effects of history evolving ideologically such that the axioms of the past are overturned and people subsequently lose their sense of identity or purpose The book combines creative writing pieces in which writers draw from personal experiences to demonstrate the impact of breakages with more discursive essays that question artificial breakdowns between disciplines and the imperative that underpins all knowledge its provisional nature in conflict with the human need to categorize and define It focuses on the psychologies that haunt creative autobiographical pieces as well as the plight of broken minds and bodies in the face of trauma historical change and political events It also looks directly at the ideas of thinkers and artists from the past and the impact their work may still have despite shifting paradigms ruptures and re formations Furthermore it queries new formations by directly asking why did former ideas break and why the need for salvaging the past or authenticating the present by identifying precursors

Posthuman Ecologies Rosi Braidotti, Simone Bignall, 2018-12-17 The devolved and dispersed character of human agency and moral responsibility in the contemporary condition appears linked with the deepening global trauma of inhumanism as a paradox of the Anthropocene Reclaiming human agency and accountability appears crucial for collective resistance to the unprecedented state of environmental and social collapse resulting from the inhumanity of contemporary capitalist geopolitics and biotechnologies of control Understanding the potential for such resistance in the posthuman condition requires urgent new thinking about the nature of human influence in complex interactional systems and about the nature of such systems when conceived in non anthropocentric way Through specific readings and uses of Deleuze s conceptual apparatus this volume examines the operation of human actioned systems as complex and heterogeneous arenas of affection and accountability This exciting collection extends non humanist concepts for understanding reality agency and interaction in dynamic ecologies of reciprocal determination and influence The outcome is a vital new theorisation of human scope responsibility and potential in the posthuman condition

N. Bradley, Alex Taek-Gwang Lee, Manoj N.Y., 2023-01-12 Is the self or subject discontinuous across technological platforms Do technological developments increase inequality and exploitation Is the new media landscape creating a dangerous distraction from the climate crisis Connecting the work of critical postmedia studies to Deleuze and Guattari's concept of schizoanalysis this book marks a bifurcatory shift in the radical theory on technology A range of critical perspectives are explored by international authors who engage with ecology ecosophy climate change the postmedia condition and the Anthropocene Answering the above questions editors Joff P. N. Bradley Alex Taek Gwang Lee and Manoj N. Y. frame the volume's chapters as urgent responses to unbridled technological advance and impending climate disaster Using ecological philosophy as a core focus the volume analyses new

media technologies of the self the power of algorithms and technologies of resistance to outline a materialist paradigm capable of addressing crises across the cultural biological and informational spheres Through contesting economies built on desire and destruction and questioning the infiltration of capitalism in all of its spheres of negative influence the editors review recent technological developments in light of Deleuze and Guattari s earlier seminal theories to make bold new connections and critiques in the study of media philosophy and the environment

Deleuze, Mathematics, Metaphysics Michael J. Ardoline, 2024-09-30 Deleuze Mathematics Metaphysics provides new solutions to the central problems of the philosophy of mathematics by reconstructing Deleuze s metaphysics It does so through direct engagement with analytic and continental philosophy along with the formal and natural sciences These new Deleuzian solutions reject equally other worldly accounts of mathematics such as Platonism and accounts which treat mathematics as a useful fiction or an empty formalist game Instead Deleuze Mathematics Metaphysics argues that mathematical truth is grounded in the necessity of difference itself Since difference is entirely this worldly the truth of mathematics does not require us to posit the reality of transcendent entities or possible worlds Doing so not only provides a new metaphysics of mathematics it also explains the usefulness of mathematics for science and why mathematical truth appear to have such otherworldly properties in the first place

Design Anthropology in Context Adam Drazin, 2020-12-29 This book explores the broad territory of design anthropology covering key approaches ways of working and areas of debate and tension It understands design as fundamentally human centred and argues for a design anthropology based primarily on collaboration and communication Adam Drazin suggests the most important collaborative knowledges which design anthropology develops are heuristic emerging as engagements between fieldwork sites and design studios The chapters draw on material culture literature and include a wide range of examples of different projects and outputs Highlighting the importance of design as a topic in the study of contemporary culture this is valuable reading for students and scholars of anthropology and design as well as practitioners
