Managing Diversity In Public Sector Workforces

Norma M. Riccucci, 2021-06-28 Public and private sector workforces in the U S look very different today than they did even 25 years ago The changes are having a significant effect on how organizations manage their workforces The old styles of managing heterogeneous workforces are proving to be ineffectual and so management strategies aimed at embracing diversity and inclusion are essential These strategies can have positive implications for worker satisfaction morale and ultimately the delivery of public services to the American people Managing Diversity in Public Sector Workforces Second Edition examines demographic changes to the U S labor force and workplace and the ways in which government employers are managing the diverse populations that now fill public sector jobs Addressing specific management strategies and initiatives relied on by public sector employers as well as the implications of effectively managing variegated workforces for the overall governance of American society this book demonstrates the importance of ensuring that programs to promote inclusiveness and diversity that appear on paper are carried through to practice through implementation The book begins with a review of equal employment opportunity and affirmative action and the extent to which EEO and AA are still relied upon in the workplace It then examines law and other public policy issues surrounding EEO AA and diversity management The remainder of the book focuses on the core of managing diversity in the public sector exploring the initiatives strategies and programs that government employers either do or might rely on to ensure that the demographic mosaic embodied by their workforces is prepared to meet the needs and interests of the American citizenry of the 21st century Data are provided on the demographics of the federal state and local government workforces Separate chapters address each of the following aspects of diversity race ethnicity gender LGBTQ employment physical ability and the intersection of these constructs Managing Diversity in Public Sector Workforces Second Edition will be of interest to students of public administration and public personnel management and it is essential reading for all those involved in managing public organizations

Appealing to God or Man Nicholas J. Campbell, 2025-03-31

Appealing to God or Man Contrasting Barrenness and Family Death Narratives in the Hebrew Bible and Ancient Near East argues for a reevaluation of barrenness type scenes in the Hebrew Bible and ancient Near East More specifically the argument is for a distinction women in family death narratives appeal to men while women in barrenness narratives appeal to God Even the male centric epics of the ancient Near East show that women interact with the divine more during barrenness crises e g the wife s prophetic dream in the Etana myth than during family death crises e g male divine narratives in Kirta and Aqhat This distinction not only clarifies the narrative tropes but emphasizes the role of women in these crises and intersects with discussions of household roles in the ancient Near East Male and female roles in marriage and fertility drive the responses of characters in these idealized narrative
