toddler and doesn't end until high school graduation. What's good, what's not, and what's going to hold their interest? Popular librarian Nancy Pearl points the way in **Book Crush: Everything I Need To Know I Learned From A Children's Book** Anita Silvey, 2009-10-13. What children's book changed the way you see the world? Anita Silvey asked this question to more than one hundred of our most respected and admired leaders in society, and she learned about the books that shaped financiers, actors, singers, athletes, activists, artists, comic book creators, novelists, illustrators, teachers. The lessons they recall are inspiring, instructive, and illuminating. And the books they remember resonate as influential reading choices for families. **EVERYTHING I NEED TO KNOW I LEARNED FROM A CHILDREN'S BOOK** with its full-color excerpts of beloved children's books is a treasury and a guide, a collection of fascinating essays, and **THE** gift book of the year for families. **Show Me a Story!** Leonard S. Marcus, 2013-09-10. Will inspire, inform, and delight those of any age who are engaged in or by the arts. The Horn Book. Renowned children's literature authority Leonard S. Marcus speaks with twenty-one of the world's most celebrated illustrators of picture books, asking about their childhood, their inspiration, their creative choices, and more. Amplifying these richly entertaining and thought-provoking conversations are eighty-eight full-color plates revealing each illustrator's artistic process in fascinating detail. This inspiring collection confirms that picture books matter because they make a difference in our children's lives. Childhood and the Classics Sheila Murnaghan, Deborah H. Roberts, 2018-03-09. The dissemination of classical material to children has long been a major form of popularization with far-reaching effects, although until very recently it has received almost no attention within the growing field of classical reception studies. This volume explores the ways in which children encountered the world of ancient Greece and Rome in Britain and the United States over a century-long period beginning in the 1850s, as well as adults' literary responses to their own childhood encounters with antiquity. Rather than discussing the role of classics in education, it focuses on books read for enjoyment and on two genres of children's literature in particular: the myth collection and the historical novel. The tradition of myths retold as children's stories is traced in the work of writers and illustrators from Nathaniel Hawthorne and Charles Kingsley to Roger Lancelyn Green and Ingri and Edgar Parin d'Aulaire, while the discussion of historical fiction focuses particularly on the roles of nationality and gender in the construction of an ancient world for modern children. The book concludes with an investigation of the connections between childhood and antiquity made by writers for adults, including James Joyce, Virginia Woolf, and H.D. Recognition of the fundamental role in children's literature of adults' ideas about what children want or need is balanced throughout by attention to the ways in which child readers have made such works their own. The formative experiences of antiquity discussed throughout help to explain why, despite growing uncertainty about the appeal of antiquity to modern children, the classical past remains perennially interesting and inspiring.
