Lobban Jr.,2021-04-10 This new book descends from a former combined reference book on Ancient and Medieval Nubia but now expands and focuses primarily on Prehistoric and Ancient times It contextualizes the foundational roots of human evolution in the Paleolithic and Mesolithic stone ages and on to the Neolithic revolution built on farming and

livestock Meanwhile Kerma was the most ancient African states and their relationship with dynastic Egypt Precisely ancient Kerma a was a serious political economic and military rival to Old and Middle Kingdoms of Egypt But in the New Kingdom the balance of regional forces was dramatically changed with Egyptians defeating Kerma and occupying and colonizing Kush Nubia for 500 years In the 11th century BCE the political unity of Egypt withered away and after recovering from foreign exploitation Nubians began to reconstitute a small state at Kurru with renewed pyramid building and then finding no Egyptian resistance these Nubians kings advanced on Egyptian Nubia and then on to Upper Egypt Finally Nubians were able to take over all of Egypt as the pharaohs of century long Dynasty XXV This so called Ethiopian dynasty had the famed pharaohs of Piankhy Shabaka Shabataka Taharka and Tanutamun ruling for various terms three of who are mentioned in the Biblical Old Testament Even when Nubians were expelled from Egypt by foreign Assyrian invaders they retreated to Napata to carry on their ancient state for three more independent centuries as Egyptian remained conquered by various foreigners for 2 500 years Most notable of these foreign conquerors of Egypt were the Greeks Ptolemies and the Roman who arrived and polytheists and left as Christians During this Greco Roman period in Egypt Nubians strategically withdrew still further south to the Kingdom of Mero from the 4th century BCE to the 4th century CE Meroe is also covered in great detail as it was famed for many regnant queens a unique and undeciphered writing system iron production and important monumental works including more pyramids than found in Egypt Yes smaller and later but many more pyramids that are still standing in several World Heritage sites in Nubia After Mero began a long decline it was finally vulnerable to attack from Christian Axum on the 4th century CE Two murky centuries of regional rule known as the X Group were to follow but by the 6th century Nubians recreated three Christian states that are covered in detail in the following Historical Dictionary of Medieval Christian Nubia and the Historical Dictionary of Sudan for Islamic and modern times

Historical Dictionary of Medieval Christian Nubia
 Richard A. Lobban Jr., 2020-10-20 Medieval Christian Nubia is often a neglected period of medieval African history Because meaning is determined largely by context this work traces the Greco Roman Meroitic and Jewish precursors The regional historical and theological schisms within Christianity are also a highlight The dynamics of the three Nubian kingdoms of Nobatia Mukurra and Alwa are the centerpiece of this book that covers mural arts architecture and the names of the leading kings and bishops Another strength of the book is the analysis of the 700 year baqt peace treaty between Christian Nubia and Islamic Egypt this is considered to be the longest lasting treaty in diplomatic history The complex transition from Christianity to Islam in the 14th century is analyzed in great personal political and military detail Historical Dictionary of Medieval Christian Nubia contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on politics economy foreign relations religion and culture of the medieval Nubians This book is an excellent resource for students researchers and anyone wanting to know more about Medieval Christian Nubia
