## **Centurion Enslaved Transformation:**

*The Radical Jesus, the Bible, and the Great Transformation* Douglas E. Oakman, 2021-01-25 *The Radical Jesus* offers a companion to the author's previous article collection *Jesus and the Peasants*. Even more than in *Jesus and the Peasants*, these eleven chapters sharpen the focus on the political economic meaning of Jesus then and the deeper values embodied in him that perhaps are still pertinent for now. Part One considers his activities and aims within the political economy of first century Galilee. Part Two offers perspectives on the critical hermeneutical task of linking the values of Jesus and the Bible to a world that has undergone what Karl Polanyi called the Great Transformation. Polanyi argued persuasively in his 1944 book that economy in the pre industrial age was embedded in social relations and served necessary social purposes while society after the Great Transformation became embedded within market capitalist economy to the detriment of social relations. This book finds in sustained critical dialog with the Radical Jesus another transforming force and a guiding light toward a more humane economy and society that will serve human need rather than selfish greed.

### **True to Our Native Land, Second Edition**

Brian K. Blount, Gay L. Byron, Emerson B. Powery, 2023-11-28 *True to Our Native Land* is a pioneering commentary of the New Testament that sets biblical interpretation firmly in the context of African American experience and concern. The second edition includes updated commentaries and essays.

*World Transformation* Jawara D. King, 2007-06 *Courage on Bataan and Beyond* is a comprehensive story about Abel F. Ortega's life during the Bataan Death March and Japanese imprisonment. Written by his son, Abel will take the reader with him from his childhood days when he would sit in a rocking chair and dream about the Far East to defending the Bataan Peninsula in a last ditch effort to keep the Japanese from taking the Philippines. Abel narrates how his family's prayers and his faith in God helped him to survive the infamous Bataan Death March, three and a half years as a POW, and two Hell Ship Voyages. This book will evoke both laughter and tears as one follows Abel from captivity to liberation. In his three and a half years as a POW, he endured near starvation, hard labor, torture, and the indescribable and inhumane cruelty from his captors before being set free August 15th, 1945. There were very few POWs who survived the Japanese brutality of Bataan and their following captivity, and of these, not many are still with us. Today at 85, Abel feels his story needs to be told so that the brave soldiers of Bataan will not be forgotten once again.

*The People's New Testament Commentary* M. Eugene Boring, Fred B. Craddock, 2010-01-25 M. Eugene Boring and Fred B. Craddock present this new one volume commentary on the New Testament. Writing from the fundamental conviction that the New Testament is the people's book, Boring and Craddock examine the theological themes and messages of Scripture that speak to the life of discipleship. Their work clarifies matters of history, culture, geography, literature, and translation, enabling people to listen more carefully to the text. Knight, 2001-09-01 Most of the Gospel Harmonies use parallel columns to give side-by-side comparisons of the various events in Jesus' life and ministry. **History** Albert Fortney Jr., 2016-01-15 The Encyclical Black History has been created for the critical and lack of vital Afrocentric Multi-Curriculum text in urban school systems and is a necessity for African Americans. This book was created with careful and serious attention to biographical names that identifies history, culture, as well as biblical characters. The reason why of this encyclical history can be explained with the facts and proof evidence of the following: The point that has socio-psychological implications at the unconscious as well as the conscious level is the great little white racist lie seen long enough becomes the truth like portraying a white Jesus Christ who was a black man. Dr. Alvin Poussaint, a Black psychiatrist associated with Harvard University and others have observed and explained the most tragic part of all of this is that the African American has come to form his self-image and self-concept on the basis of what white racists have laid down as a guide or prescribed. Therefore, black men and women learn quickly to hate themselves and each other more than their white oppressor. There is almost infinite evidence that racism has left almost irreparable scars on the psyche of Afro-Americans that burden with an unrelenting painful anxiety that drives the psyche to reach out for a sense of identity and self-esteem. Poussaint and others say that black children especially learn to hate themselves at very early ages. Studies reveal their preference for white dolls over black ones. One study reported that black children in their drawings tend to show blacks as small, incomplete people and whites as strong and powerful. To conclude in western color symbolism, white is positive and black negative. Many people might ask why the contributions of Africa should be included in American curriculum. Is because they bleach and still rob black history and culture with black pictured as white that lie leaves us mentally dead, angry, and without purpose of where we are going. Human culture is the product of all humanity, not the possession of a single racial or ethnic group. Afrocentric Multicultural education's major aim is to close the gap between Western ideals of equality, justice, and practices that contradict these ideas. Stereotype people of color and people who are poor have just about no opportunities to become free of perspectives that are monoculture that devalue African culture, victimize them, mostly having an inability to fully function effectively in society. Many of these problems could be miraculously remedied with astonishing results if explained of black scientific achievements which occurred in black Africa. There are also white African Americans

living in the U S A besides black African Americans should make the distinction Carl Sandburg 1979 related a dialogue between a white American and an American Indian which illustrates the need for multicultural education The white man drew a small circle in the sand and told the red man This is what the Indian knows and drawing a big circle around the small one this is what is what the white man knows The Indian then took the stick and swept an immensely big ring around both circles and said this is where the white man and the red man knows nothing *Insights on Luke* Charles R.
