**Interpreting Quality: A Look Around and Ahead** Cornelia Zwischenberger,Martina Behr,2015-07-31 The issue of quality in interpreting has been debated for almost three decades now This volume is evidence of the sociological turn Interpreting Studies is taking on quality research Based on either a socio cognitive perspective a sociological approach

or the situational social variability of the entire source and target context this volume's contributions analyse the respective roles of participants in a communicative event and the objective of an equivalent effect The contributions from Europe North America and Australia signal a trend in the research on quality in interpreting they challenge the concept that sense in a communication is a single stable entity and instead view it as something constructed in a common effort This in turn highlights the interpreter's social responsibility
