## **Cervical Cancer From Etiology To Prevention Cancer Prevention Cancer Causes:**

**Cervical Cancer: From Etiology to Prevention** Thomas E. Rohan, Keerti V. Shah, 2006-04-11 The last few years have seen enormous progress in terms of our understanding of the etiology and pathogenesis of cervical cancer particularly with respect to the role of human papillomaviruses and this has opened up new avenues for prevention Additionally there have been further refinements of existing technologies for cervical cancer control To read about the state of the art on cervical cancer health professionals have to locate individual articles and reviews of specific topics In recognition of this we propose to produce a book that will bring together in one place reviews of the contribution of descriptive and analytical epidemiological research to our understanding of cervical cancer etiology as well as research on the application of that knowledge plus knowledge gained from basic science investigations to prevention through screening chemoprevention and vaccine development The proposed book will include authoritative reviews by scientists working on the disciplines that are pertinent to the topic of the epidemiology and prevention of cervical cancer **Journal of the National Cancer Institute**
