A companion to the pilot's operating handbook expanding on the information provided. The manual explains in depth the technical information and operating procedures and provides tips to improve airmanship. Compiled from the manufacturers' maintenance manuals, a large range of Cessna 182 Pilot Operating Handbooks, and the authors' extensive professional experience as flight instructors and charter pilots on the C182. The explanations are straightforward and easy to understand with photographs, diagrams, and schematics. The flight operations section includes standard practices for normal, abnormal, and emergency flight operations, including performance planning and sample calculations. Great support to structured practical flight training or as a reference manual for pilots who already fly the aircraft.      *Cessna 150, 172, 175, 180, 182 and 185 Series* Cessna Aircraft Company, 1962      *Cessna 100 - Series Service Manual* Cessna Aircraft Company, 1962
