la guerra *Historia de España para jóvenes del siglo XXI* José Antonio Vaca de Osma, 2003-04-09 Esta Historia de España se dirige tanto al público joven como a todo lector que busca ampliar sus conocimientos y adquirir una visión panorámica. El autor de prestigio reconocido no ofrece aquí un libro aséptico; su modo de abordar los episodios es ecuánime y liberal, pero sin pasiones calientes y sin eludir los intensos claroscuros de la historia. Vaca de Osma busca a España en la noche de los tiempos e inicia su recorrido sobre los vestigios más antiguos del hombre en la Península Ibérica hasta nuestros días. En unos cientos de páginas logra dar a conocer a los principales protagonistas llevando a cabo un esfuerzo de síntesis que ha convertido ya su libro en un clásico.

Dynamics and Conflicts in a Cross-Border Region Mónica Toussaint, Marisol Garzón, 2023-04-07 This volume explores several issues pertinent to the history of the cross border region between Mexico, Guatemala and Belize from new explanatory approaches in order to reflect on a history and a reality that are shared by three neighbouring societies, emphasizing the actors and local practices that shape cross border dynamics. This analysis is contributed by eight specialists who study aspects that are fundamental to our understanding of a process involving various persons and institutions in a specific space. *Dynamics and Conflicts in a Cross Border Region* addresses an issue of current relevance through studies that focus on the problems inhabitants of the region have faced over the years: the realities of a porous border, the existence of family trade and cultural ties that surpass the administrative limits negotiated by the states late in the 19th century, the impact of the internal conflicts of neighbour countries in the border space, experiences of exile and refuge at the border and the violence they entail, the role of local authorities in managing regional problems, the pending task of cross border territorial organization, the efforts of local institutions to promote regional development and the presence of phenomena like contraband, drug trafficking, organized crime and human trafficking in an increasingly complex and challenging space. This provides a way to use the region's history as a springboard for conceiving of mechanisms by which we can together face the challenges presented today to the inhabitants of the cross border region between Mexico, Guatemala and Belize. This book will be a valuable resource for students and scholars of Latin American history and Social History.
