Cross Border Governance In Asia Regional Issues And Mechanisms Trends Innovations In Governance:

Cross-border Governance in Asia G. Shabbir Cheema, Christopher A. McNally, Vesselin Popovski, 2011 Rapid globalization has led to increased flows of capital services ideas information and people between countries As such problems and challenges that face one nation often have a rippling impact throughout the region and globally The growing list of cross border issues cannot be resolved by isolated policy action at the national or subnational levels It is essential to forge strategic alliances at the regional level that support the development of consolidated approaches for dialogue and action This book discusses regional governance mechanisms and institutional arrangements to respond to emerging cross border issues and trends in Asia and the Pacific such as the movement of people including refugees and illegal migrants regional trade integration for human development effective and efficient water management human trafficking and health issues focusing on infectious disease surveillance and response While examining the impact of governance on these issues the book considers these questions What are the key cross border governance issues in Asia What are the regional governance mechanisms to cope with these issues How effective are the regional mechanisms and national institutional capacities in responding to these issues What factors contribute to the success or failure of the mechanisms for regional cooperation Contributors include Graeme Hugo University of Adelaide William J Long Sam Nunn School of International Affairs Mike Douglass University of Hawaii Manoa Taeho Bark Seoul National University and Mely Caballero Anthony S Rajaratnam School of International Studies

Democratic Local Governance G. Shabbir Cheema, 2013 Asian countries have introduced major reforms and new institutional mechanisms in recent years to promote the engagement of elected local governments civil society and the private sector This book examines emerging issues in democratic local governance and factors that influenced the impetus for and the substance of reforms It asks the following questions What have been the challenges in designing and implementing decentralization policies and programs What are the constraints on strengthening citizen participation Can reforms promote gender and rights perspectives in local governance What is the role of local government in service delivery and access How effective are the mechanisms for accountability and transparency in local governance What are the driving forces influencing democratic local governance reform The book addresses these questions as it discusses studies from theoretical and comparative perspectives on specific issues as well as myriad cases across Asia often dealing with country specific reforms

Engaging Civil Society G. Shabbir Cheema, Vesselin Popovski, 2010 The rapid pace of globalization has led to the increasing interdependence of member states of the United Nations to achieve sustainable development objectives including the eradication of extreme poverty environmental protection access to basic services and livelihoods and the promotion of economic growth and opportunities Policymakers scholars and development practitioners recognize the centrality of effective governance at the local national and global levels to promote sustainable development Along with governments and the private sector civil society organizations CSOs are playing an expanded role in

improving transparency participation access to services and the rule of law This book looks at the changing roles of civil society in global and national governance It identifies factors that influence the effectiveness of civil society in promoting democratic governance It asks To what extent and how has the global civil society been influencing global governance and democratic change What have been the patterns of growth of civil society in Asia and Africa including the legal frameworks under which CSOs are established How and with what effect has civil society been engaged in promoting democratic change and inclusive governance Contributors include William Ascher Claremont McKenna College and Soka University of America Robertson Work Innovative Leadership Services and New York University Denny Roy East West Center Kadmiel Harrison Wekwete United Nations Capital Development Fund Denison Jayasooria Universiti Kebangsaan Malaysia and Human Rights Commission of Malaysia Jin Sato University of Tokyo Ahmed Bilal Mehboob Pakistan Institute of Legislative Development and Transparency John Clark The Policy Practice Goran Hyden University of Florida Naresh Singh Canadian International Development Agency L David Brown Harvard University Rehman Sobhan Centre for Policy Dialogue Bangladesh and Massimo Tommasoli Permanent Observer for International IDEA to the United Nations

World-Regional Social Policy and Global Governance Bob Deacon, Maria Cristina Macovei, Luk Van Langenhove, Nicola Yeates, 2009-12-04 This volume explores the case for and the prospects of the development of world regional social policies as integral elements of a pluralistic equitable and effective system of global governance Focusing on transnational regionalism this book examines the trajectory and crossing over of the three strands of scholarly analysis within the past decade which have given rise to this volume the perceived negative impact of neo liberal globalisation upon national social policy the need for but the difficulty of securing reforms in the institutions of global social governance and the increasing salience of the world regional level of governance in handling cross border issues The authors develop an intellectual and research agenda that will also inform the political development of an international programme concerned with the social policy dimensions of regional governance Combining the perspectives and collective expertise of a team of international scholars and activists the book features Theoretical and policy cases for a focus on regionalism and social policy A mapping and analysis of social policy dimensions of regional integration processes and formations in four continents An assessment of the regional dimensions of global agencies in particular of the UN ILO WHO UNESCO UNDP including the approach to regional social policy of the UN Regional Economic Commissions and Development Banks An articulation of a multi levelled conceptualisation of global social governance within which regional associations of countries plays a significant part The book will be of interest to students and scholars of social policy development studies international relations and political science especially those focused on the public policy dimensions of globalisation regionalisation and international development

Building Trust in Government G. Shabbir Cheema, Vesselin Popovski, 2010 The ability of governments and the global community to achieve the Millennium Development Goals ensure security and promote adherence to basic standards of human rights depends on people s trust in

their government However public trust in government and political institutions has been declining in both developing and developed countries in the new millennium One of the challenges in promoting trust in government is to engage citizens especially the marginalized groups and the poor into the policy process to ensure that governance is truly representative participatory and benefits all

Weak States, Strong Societies Amin Saikal, 2015-11-27 Since the disintegration of the Soviet Union and the end of the Cold War the previously well established organisation of world politics has been thrown into disarray While during the Cold War the bipolarity of the world gave other powers a defined structure within which to vie for power influence and material wealth the current global political landscape has been transformed by a diffusion of power As a result the world has seen the rise of sub national or quasi non state actors such as Hezbollah al Qaeda and the movement that calls itself Islamic State or ISIS These dramatic geopolitical shifts have heavily impacted state society relationships power and authority in the international system *Weak States Strong Societies* analyses the effect of these developments on the new world order arguing that the framework of weak state strong society appears even more applicable to the contemporary global landscape than it did during the Cold War Focusing on a range of regional contexts the book explores what constitutes a weak or strong state It will be essential reading for specialists in politics and international relations whether students or academic researchers

Data Governance and the Digital Economy in Asia Paul CHEUNG, LIU Jingting, Ulrike SENGSTSCHMID, 2024-12-31 Data governance is the cornerstone of digital economy growth particularly in Asia where both the digital economy and the policy space are fast expanding The chapters collected in this volume delve into how diverse and rapidly evolving data governance models of ASEAN countries and their Asian partners are shaping the regional digital economy integration particularly through cross border data flows The book begins with an examination of the diffusion of data governance rules globally and their economic impacts on a macro level It then delves into a regional analysis emphasising the interplay between data governance and economic development Key discussions include data policies in India China South Korea and ASEAN countries enriched with insights from industry leaders The book evaluates the role of regional and international trade agreements in facilitating digital trade and explores the consequences of widely differing data governance models for the ASEAN regional economy with a special focus on implications for ASEAN's Digital Economy Framework Agreement Written for scholars of digital economy data governance and digital trade this book provides a thorough understanding of Asia's data regulatory environment Policymakers and industry professionals will also find the book's insights into the intricacies of digital economy policies and their implications useful in navigating the future of digital economic integration and growth in the ASEAN region

Cyber Governance in China Cuihong Cai, 2025-08-01 This book conducts an in depth investigation into cyber governance in China through Chinese decision making processes policy formulation and international presence exploring how China navigates governance imperatives while fostering digital innovation in an increasingly interconnected world The book looks at the governance paradigm of cyberspace in China It

examines the concepts mechanisms and practices predominantly spearheaded at the national level by the Chinese government and the extensive participation of non governmental entities It unravels China s approach to cyber governance why it diverges from Western approaches and the causal mechanisms behind these phenomena through empirical research The book also analyzes the strengths deficiencies and consequential impacts of China s cyber governance policies utilizing social science research methodologies This will be a book of interest to scholars in international relations Internet governance and China studies

Financial Development and Cooperation in Asia and the Pacific Edward K. Y. Chen, Wendy Dobson, 2014-11-13 The 1997-8 Asian financial crisis exposed weaknesses in the region s national financial systems but since then East Asia has become the world s most dynamic economic region Domestic financial systems have developed cross border financial flows within the region are growing apace as demand from governments and large firms increases and as the capabilities of financial institutions develop and governments have initiated regional cooperation aimed at preventing future crises and managing them if they occur This book examines the economies of Asia and the Pacific with reference to financial reform and liberalization monetary policy frameworks banking and capital markets regulation and supervision and macroeconomic policies Further it asks what lessons have been learned from both the Asian financial crisis and the recent financial crisis how to engender financial stability in the region and how to ensure that the benefits of economic growth and financial development reach all members of society Across four key sections the chapters examine the future implications of historical studies of the relationships between financial development and growth financial development including banks non bank financial institutions and capital markets how financial stability is being sought in the region and China s plans for capital account opening and renminbi internationalization and subsequent the policy implications for China s neighbours This book draws on papers originally presented to the 36th Pacific Trade and Development Conference held in Hong Kong in 2013 and features contributions from leading academics and economists from around the world As such it will be of great interest to students and scholars of Asian economics Asia Pacific studies international economics and international finance

European Union Governance in Central Asia Agha Bayramov, Marek Neuman, 2024-12-09 The edited volume attempts to critically approach EU Central Asian relations asking whether when adopting a more sectoral governance approach the EU s transformative power vis vis the region is greater than initially argued and if so under what conditions it flourishes most It assesses whether through adopting a sectoral approach to the area of development infrastructure water management security climate change energy trade health education or any other element defining EU Central Asian relations the European Union is able to co shape this geopolitically strategic region If so what drives the EU s ability to do so if not what mitigates its potential influence This book contributes to the scholarship on the EU s external governance both empirically and theoretically

Comparative Regionalisms for Development in the 21st Century Timothy M. Shaw, 2016-05-23 The global financial crisis at the turn of the decade has accelerated changes in the relative standing of

major regions As both the US and Eurozone economies have confronted a series of setbacks and struggles to find their second breath so Asia Latin America and even Africa have picked up the slack and have been able to maintain high levels of growth The resilience of the Global South questions whether we are witnessing an evolution towards a regional rebalancing or even global restructuring This responding volume has four interrelated topics It explores the transformation taking place in with regard to the financing of development in the Global South and the apparition of new players in the field The emergence of New Regionalisms in the South and the usefulness of these experiences for comparative studies of regional relationship is explicated It turns its attention to new forms of transnational governance that are emerging and the role that a novelty of actors play in this new multilateralism Finally it looks into the implications of this trio of novel directions and players for analyses and policies

Regional Economic Outlook, October 2017, Middle East and Central Asia International Monetary Fund. Middle East and Central Asia Dept.,2017-10-27 Oil exporters in the Middle East and North Africa Afghanistan and Pakistan region MENAP are continuing to adjust to lower oil prices which have dampened growth and contributed to large fiscal and external deficits

Clean Energy Diplomacy Li Xinlei,2023-09-07 This book systematically constructs theories of clean energy diplomacy in the context of the changing international strategic landscape of energy and climate It aims to explain the scientific connotations and innovative significance of clean energy diplomacy The book focuses on analyzing how the development of renewable energy including wind solar and biomass plays out in the evolution of the international power system It also touches upon energy efficiency and complementary energy technologies This book integrates the studies of traditional energy and environmental diplomacy and defines its connotations and extensions from the perspective of major country diplomatic strategy Based on the latest developments of international clean energy diplomacy the author also discusses China s strategic option of clean energy diplomacy in the broad context of the profound changes in global energy and climate governance As a new diplomatic model to enhance national competitive advantages clean energy diplomacy has attracted the attention of many countries This book will therefore be of great interest to students and scholars of sustainable energy and environmental management environmental politics and policy and those interested in the low carbon economy in general

The Routledge Handbook of Infrastructure Finance Joshua Yindenaba Abor,John Macomber,Thankom Arun,Victor Murinde,2025-08-06 This handbook provides a comprehensive overview of infrastructure financing from a global perspective It offers an extensive examination of infrastructure financing worldwide It encompasses a wide range of subjects concerning infrastructure finance including different project types financing options and the functions performed by public and private sector entities in financing and overseeing infrastructure initiatives Given that infrastructure investment is crucial to socio economic growth and development it has become a critical policy priority for governments investors and other stakeholders around the world It is intended for a wide range of readers interested in infrastructure finance including academics researchers students policymakers and practitioners The handbook offers an in depth and

Bulletin of the Atomic Scientists ,1973-10 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

Leadership in East Asia Chris Rowley,Ingyu Oh,2020-06-29 This book compares and contrasts leadership in Japan South

Korea and China examining the impact of globalization on leadership styles and trends Presenting some of the most recent findings in leadership studies in these three countries the collection explores the power relationship between political and business leaders employer employee relationships and pro social behaviour the measurement of effective leadership the relationship between leadership and corporate success the survival of private firms in a tightly controlled or socialist market and the evolution of leadership styles in the transition from state owned to semi private Although many studies have offered explanations of East Asian economic and corporate success this book presents empirical evidence to explain the leadership styles in Japan South Korea and China and provides a fresh outlook for those studying business and leadership in the region This book was originally published as a special issue of the Asia Pacific Business Review

Conceptualizing the Regulatory Thicket Shen Wei, 2020-10-18 This book examines the regulatory framework regulatory objectives regulatory logics regulatory instruments regulatory failures and regulatory responses in China's financial market after the global financial crisis The book provides an in depth analysis of China's contemporary financial regulatory system focusing on risks regulation and policies in practice By drawing on public and private interest theories relating to financial regulation the book contends that the controlled development of the banking sector and the financial sector generally has transformed China's banks into more market oriented institutions and increased public sector growth However China's financial market and financial regulation have some inherent weaknesses and deficiencies This book also offers insights into how this can be improved or adapted to minimize systemic risks in China's financial sector This book tries to prove that financial regulation is not just a vehicle for maintaining efficient financial markets but a primary tool through which the Chinese government achieves its political and economic objectives More fundamentally according to the law and finance theory strong market and vibrant judicial systems are needed to further modernize China's financial markets and market economy The book will be a useful reference for anyone interested in learning from the Chinese experience

As recognized, adventure as with ease as experience just about lesson, amusement, as with ease as covenant can be gotten by just checking out a book **Cross Border Governance In Asia Regional Issues And Mechanisms Trends Innovations In Governance** afterward it is not directly done, you could admit even more on this life, in the region of the world.

We meet the expense of you this proper as well as easy exaggeration to acquire those all. We have enough money Cross Border Governance In Asia Regional Issues And Mechanisms Trends Innovations In Governance and numerous books collections from fictions to scientific research in any way. in the course of them is this Cross Border Governance In Asia Regional Issues And Mechanisms Trends Innovations In Governance that can be your partner.
