how his love for female clothing affected his relations with others and partly led to the collapse of his first marriage Now however with a loving and understanding second wife he can explore a personal interest that has turned into a private lifestyle Bert Lori is more than a straight forward autobiography It is a well researched study of the phenomenon of crossdressing Meticulously endnoted and fully documented it describes the origins and purposes of transvestism in religious ritual and discusses crossdressing in novels films and the sociological and psychological literature It also includes an appendix devoted to transvestite fantasy fiction One of the unique features of this book is the author s contention based on his own awareness that crossdressing can be a therapeutic cathartic and even self transcending experience Another is the postscript by the author s wife Jill whose candid reflections are the only systematic discussion of the life and experiences of a cross dresser s wife
