An Album of Medieval Art , 2007 Where have they come from Where did you find them These are some of the first questions we hear when people see medieval works of art like those assembled in this

catalogue Art from this period has been collected for at least 200 years yet there is a perception that if it is not locked away in a monastery it has found its home in a museum long ago Nothing could be further from the truth It is the richness and variety of what still lies unclaimed by history that makes this material so interesting The canon of what in medieval art is considered excellent was established long ago Recent decades have witnessed a vigorous re evaluation of this legacy and some of its keystones have begun to loosen For example the pre eminence of Italian painting over that of Northern Europe is being questioned and classes of objects once treated as peripheral like stained glass are moving back to centre stage Works of art we could not see or knew nothing about are becoming visible and it is exciting to reveal items to a wider public in this album 130 colour illustrations

Jerusalem, 1000-1400 Barbara Drake Boehm ,Melanie Holcomb, 2016-09-14 Medieval Jerusalem was a vibrant international center home to multiple cultures faiths and languages Harmonious and dissonant voices from many lands including Persians Turks Greeks Syrians Armenians Georgians Copts Ethiopians Indians and Europeans passed in the narrow streets of a city not much larger than midtown Manhattan Patrons artists pilgrims poets and scholars from Christian Jewish and Islamic traditions focused their attention on the Holy City endowing and enriching its sacred buildings creating luxury goods for its residents and praising its merits This artistic fertility was particularly in evidence between the eleventh and fourteenth centuries notwithstanding often devastating circumstances from the earthquake of 1033 to the fierce battles of the Crusades So strong a magnet was Jerusalem that it drew out the creative imagination of even those separated from it by great distance from as far north as Scandinavia to as far east as present day China This publication is the first to define these four centuries as a singularly creative moment in a singularly complex city Through absorbing essays and incisive discussions of nearly 200 works of art Jerusalem 1000 1400 Every People Under Heaven explores not only the meaning of the city to its many faiths and its importance as a destination for tourists and pilgrims but also the aesthetic strands that enhanced and enlivened the medieval city that served as the crossroads of the known world
