forward Bob Sorge draws upon his own pastoral experience plus the admitted burden of his own envy to show why and how it can adversely affect the ministry of a church and even prevent revival in people's lives. Sorge reveals why comparison of our ministry and spiritual gifts to that of our fellow believers is to be avoided at all costs so that we do not hamstring God's plan for our growth and the accomplishment of His purposes. This is a must read for leaders of all churches great and small and anyone who wants the peace that comes with a life free of envy.

Pete Dunne's Essential Field Guide Companion Pete Dunne, 2013-01-08 From the award winning birder and author of *Birds of Prey* an authoritative information packed guide to distinguishing North American birds. In this book bursting with more information than any field guide could hold the well known author and birder Pete Dunne introduces readers to the Cape May School of Birding. It's an approach to identification that gives equal or more weight to a bird's structure and shape and the observer's overall impression often called GISS for General Impression of Size and Shape than to specific field marks. After determining the most likely possibilities by considering such factors as habitat and season the birder uses characteristics such as size shape color behavior flight pattern and vocalizations to identify a bird. The book provides an arsenal of additional hints and helpful clues to guide a birder when even after a review of a field guide the identification still hangs in the balance. This supplement to field guides shares the knowledge and skills that expert birders bring to identification challenges. Birding should be an enjoyable pursuit for beginners and experts alike and Pete Dunne combines a unique playfulness with the work of identification. Readers will delight in his nicknames for birds from the Grinning Loon and Clearly the Bathtub Duck to Bronx Petrel and Chicken Garnished with a Slice of Mango and a Dollop of Raspberry Sherbet.
