Encyclopedia of Street Crime in America Jeffrey Ian Ross, 2013-03-01 Anyone living or working in a city has feared or experienced street crime at one time or another whether it be a mugging, purse snatching or a more violent crime. In the U.S., street crime has recently hovered near historic lows, hence the declaration of certain analysts that street life in America has never been safer. But is it really? Street crime has changed over past decades, especially with the advent of surveillance cameras in public places, the territory of the street criminal, but at the same time criminals have found ways to adapt. This encyclopedic reference focuses primarily on urban lifestyle and its associated crimes, ranging from burglary to drug peddling to murder to new, more sophisticated forms of street crime and scams. This traditional A to Z reference has significant coverage of police and courts and other criminal justice sub-disciplines while also featuring thematic articles on the sociology of street crime. Features: Benefits: 175 signed entries within a single volume in print and electronic formats provide in-depth coverage to the topic of street crime in America. Cross References and Suggestions for Further Readings guide readers to additional resources. Entries are supported by vivid photos and illustrations to better bring the material alive. A thematic Reader's Guide groups related entries by broad topic areas and within the electronic version combines with Cross References and a detailed Index for convenient search and browse capabilities. A Chronology provides readers with a historical perspective of street crime in America. Appendices provide sources of data and statistics annotated to highlight their relevance.

Accounting: An Introduction to Principles and Practice 9e Edward A. Clarke, Michael Wilson, 2018-09-01 Accounting: An Introduction to Principles and Practice 9e is aligned to FNS30315 Certificate III in Accounts Administration. The content is organised around the assessment requirements for each unit of competency supporting compliance with the VET Quality Framework and the Financial Services Training Package. The student-friendly text includes diagrams to demonstrate electronic forms of documentation and transfer of funds. The importance of thorough authorisation and checking procedures to verify the accuracy and authenticity of a transaction is also incorporated in diagrams and throughout the chapter. In this latest edition, the payroll chapter has been updated in line with current minimum wage rates and using 2017/18 income tax rates, the most current at the time of updating the book. New print versions of this book come with bonus online study tools on the CourseMate Express platform. Learn more about the online tools: cengage.com/au/learning/solutions
