## **Suggested Additional Assignments**

### **Research**

Ask students to bring to class a newspaper, magazine, or internet article that raises ethical issues regarding a US company doing business overseas. They should be prepared to identify the ethical issues and discuss them using the checklist in the chapter.

### **Interview: Businesspeople on Ethics**

Each student (or group of students) can interview a businessperson about ethics dilemmas they have faced. How did they handle the dilemmas? Did they make the right decisions? Do they wish they had made a different choice? How did their decisions impact their companies? Their lives?

### **Role Play: Rienzi Plaza**

Landlord Sheldon Baskin faces a decision. His rent-subsidy contract with the federal government has expired and he can raise rents at Rienzi Plaza by as much as 500 percent. If he raises rents to market rates, then 140 poor and elderly tenants will have to leave. Divide students into groups to represent various stakeholders: the landlord, the tenants, investors, and the government officials who administer the rent-subsidy program. Students should brainstorm the business and ethical issues facing their respective stakeholders, devise negotiating positions, and then engage in an all-stakeholder discussion moderated by the instructor.

## **Chapter Overview**

### **Chapter Theme**

Ethical behavior offers significant advantages. Society as a whole benefits; executives who behave ethically have happier, more fulfilled lives; and unethical behavior can destroy a company and the individuals who engage in such behavior. Many students have never discussed these issues with parents, instructors, or religious leaders. It is useful for an authority figure to say openly that ethical behavior is important.
