

CENSORSHIP

Censorship Censorship

Alireza Abiz

Censorship Censorship:

Censorship Derek Jones,2001-12-01 *Censorship A World Encyclopedia* presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance *Censorship* will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression *Censorship and Communication* Miguel D'Addario,2020-12-02 Censorship is an imposition executed by people who exercise power over others It will depend on many factors to make Censorship happen The level of culture education democratic awareness participatory freedom achieved in each society even to the the wealth of each country can be a determining factor or on the contrary the poverty of each nation The Routledge Handbook of Translation and Censorship Denise Merkle,Brian James Baer,2024-12-18 The Routledge Handbook of Translation and Censorship is the first handbook to provide a comprehensive overview of the topic offering broad geographic and historical coverage and extending the political contexts to incorporate colonial and postcolonial viewpoints as well as pluralistic societies It examines key cultural texts of all kinds as well as audio visual translation comics drama and videogames With over 30 chapters the Handbook highlights commonalities and differences across the various contexts encouraging comparative approaches to the topic of translation and censorship Edited and authored by leading figures in the field of Translation Studies the chapters provide a critical mapping of the current research and suggest future directions With an introductory chapter by the editors on theorizing censorship the Handbook is an essential reference and resource for advanced students scholars and researchers in translation studies comparative literature and related fields The Censorship Effect William Olmsted,2016-01-07 In 1857 the trials of Flaubert and Baudelaire for offending against religion and public morality drew attention to the features we now associate with literary modernism but instead of winning praise for their innovations they were indicted for ideological crimes With the passage of time the offenses have been forgotten and the innovations inserted into a triumphal narrative about the rise of modernism Far from manifesting the autonomy proclaimed by modernism s defenders though Flaubert s and Baudelaire s works remain enmeshed in their socio historical contexts To that end The Censorship Effect argues that the stylistic features that prompted the criminal indictment of Madame Bovary and Les Fleurs du Mal Flaubert s free indirect style and Baudelaire s multiple poetic personae were much more the products of an intense struggle with a culture of censorship than they were hallmarks of autonomous or autoreferential works of art They exhibit signs of self censorship and collaboration with a regime of ethical and political censorship that not only shaped their very composition but affected their reception and continues to operate in the field of

literary criticism Indeed as William Olmsted compellingly demonstrates French modernism begins and remains deeply embedded in a culture of censorship whose proprieties both literary and social Baudelaire and Flaubert nevertheless challenged and transgressed Exploring the censorship effect as it played out for Baudelaire and Flaubert from their trials to their monuments The Censorship Effect recaptures some sense of their original anger as well as its ongoing suppression by new orthodoxies and reveals how the effect of censorship has implications beyond Flaubert and Baudelaire beyond authors but for us as readers too

Private Censorship J. P. Messina, 2023-10-13 Private Censorship is about free speech and how corporations and social groups can interfere with it J P Messina asks and variously answers questions like what should we think when employees get fired for things they say When is it appropriate for social media firms to deplatform users and what does it mean for our democracy that those in charge of such decisions are often wealthy Silicon Valley executives Do search engines act as massive gatekeepers to information in troubling ways and how might they be constrained if so Messina argues that while there is much to worry about when it comes to these exercises of private power it would be a mistake to simply do away with them as some have suggested

The Atomic Bomb Suppressed: American Censorship in Occupied Japan Monica Brau, 2017-07-05 Swedish journalist and author Brau draws on declassified documents and interviews in Japan and the US to reveal how the US occupation authorities established elaborate systems of censorship and disinformation among the Japanese press scientists and even novelists and poets about the bombing of Hi

Censorship and Conflict in Seventeenth-Century England Randy Robertson, 2015-10-20 Censorship profoundly affected early modern writing Censorship and Conflict in Seventeenth Century England offers a detailed picture of early modern censorship and investigates the pressures that censorship exerted on seventeenth century authors printers and publishers In the 1600s Britain witnessed a civil war the judicial execution of a king the restoration of his son and an unremitting struggle among crown parliament and people for sovereignty and the right to define liberty and property This battle sometimes subtle sometimes bloody entailed a struggle for the control of language and representation Robertson offers a richly detailed study of this censorship contest and of the craft that writers employed to outflank the licensers He argues that for most parties victory not diplomacy or consensus was the ultimate goal This book differs from most recent works in analyzing both the mechanics of early modern censorship and the poetics that the licensing system produced the forms and pressures of self censorship Among the issues that Robertson addresses in this book are the workings of the licensing machinery the designs of art and obliquity under a regime of censorship and the involutions of authorship attendant on anonymity

Censorship of Literature in Post-Revolutionary Iran Alireza Abiz, 2020-12-10 Censorship pervades all aspects of political social and cultural life in the Islamic Republic of Iran Faced with strict state control of cultural output Iranian authors and writers have had to adapt their work to avoid falling foul of the censors In this pioneering study Alireza Abiz offers an in depth interdisciplinary analysis of how censorship and the political order of Iran have influenced contemporary Persian literature both in terms of content and

tone As censorship is unrecorded and not officially acknowledged in Iran the author has examined newspaper records and conducted first hand interviews with Iranian poets and writers looking into the ways in which poets and writers attempt to subvert the codes of censorship by using symbolism and figurative language to hide their more controversial messages A ground breaking analysis this book will be vital reading for anyone interested in contemporary cultural politics and literature in Iran

Armed Forces Censorship, 1964 *Banned in the Media* Herbert N. Foerstel, 1998-05-26 From colonial times to the present the media in America has been subject to censorship challenges and regulations This comprehensive reference guide to media censorship provides in depth coverage of each media format newspapers magazines motion pictures radio television and the Internet all of which have been and continue to be battlegrounds for First Amendment issues Each media format is examined in depth from its origins and history through its modern development and features discussion of landmark incidents and cases Foerstel author of *Banned in the U S A* the acclaimed reference guide to book censorship in schools and public libraries offers a brief history of media censorship examines in depth the drama of seven landmark incidents and includes 31 relevant court cases Complementing the volume are personal interviews with prominent victims of media censorship who give human voice to the struggle of the media to remain free and an examination of censorship of the student press Fascinating examples of media censorship abound from Peter Zenger s prerevolutionary trial for seditious libel to the modern tobacco industry s invocation of tortious interference to silence television news and the current rash of Internet censorship incidents Chapter 1 offers a brief history of censorship of each of the media types Chapter 2 features indepth analysis of seven landmark media censorship incidents the trial of John Peter Zenger H L Mencken and the hatrack case John Henry Faulk and the radio blacklist Progressive magazine s expos D e on the H bomb secret government labeling of three documentary films as political propaganda television s tobacco wars and Carnegie Mellon s attempt to censor students access to the Internet Chapter 3 examines 31 media censorship court cases from 1735 to 1997 Chapter 4 features exclusive interviews with media figures involved in censorship issues or cases Paul Jarrico Howard Morland Peter Sussman Daniel Schorr Walter Cronkite and Jerry Berman Appendix A takes a look at censorship and response regarding the student press during the 1990s after the landmark Hazelwood decision in 1988 an important topic for students in every high school Appendix B contains a resource list of media advocacy and censorship organizations A selected bibliography of books and electronic resources completes the text This volume is of interest to high school and college students teachers librarians and scholars and all those who are affected by these crucial First Amendment issues

Censorship and Civic Order in Reformation Germany, 1517-1648 Professor Allyson F Creasman, 2012-09-01 The history of the European Reformation is intimately bound up with the development of printing With the ability of the printed word to distribute new ideas theologies and philosophies widely and cheaply early modern society was quick to recognise the importance of being able to control what was published Whilst much has been written on censorship within Catholic lands much less scholarship is available on

how Protestant territories sought to control the flow of information In this ground breaking study Allyson F Creasman reassesses the Reformation s spread by examining how censorship impacted upon public support for reform in the German cities Drawing upon criminal court records trial manuscripts and contemporary journals mainly from the city of Augsburg the study exposes the networks of rumour gossip cheap print and popular songs that spread the Reformation message and shows how ordinary Germans adapted these messages to their own purposes In analysing how print and oral culture intersected to fuel popular protest and frustrate official control the book highlights the limits of both the reformers s influence and the magistrates s authority The study concludes that German cities were forced to adapt their censorship policies to the political and social pressures within their communities in effect meaning that censorship was as much a product of public opinion as it was a force acting upon it As such this study furthers debates not only on the spread and control of information within early modern society but also with regards to where exactly within that society the impetus for reform was most strong

The Censor's Notebook Liliana Corobca,2022-11-08 A fascinating narrative of life in communist Romania and a thought provoking meditation on the nature of literature and censorship Winner of the 2023 Oxford Weidenfeld Translation Prize A Censor s Notebook is a window into the intimate workings of censorship under communism steeped in mystery and secrets and lies confirming the power of literature to capture personal and political truths The novel begins with a seemingly non fiction frame story an exchange of letters between the author and Emilia Codrescu the female chief of the Secret Documents Office in Romania s feared State Directorate of Media and Printing the government branch responsible for censorship Codrescu had been responsible for the burning and shredding of the censors notebooks and the state secrets in them but prior to fleeing the country in 1974 she had stolen one of these notebooks Now forty years later she makes the notebook available to Liliana the character of the author for the newly instituted Museum of Communism The work of a censor a job about which it is forbidden to talk is revealed in this notebook which discloses the structures of this mysterious institution and describes how these professional readers and ideological error hunters are burdened with hundreds of manuscripts strict deadlines and threatening penalties The censors lose their identity and are often frazzled by neuroses and other illnesses

Interpreting Censorship in Canada Allan C. Hutchinson,Klaus Petersen,1999-01-01 Socially organized activity cannot occur without censorship Going beyond ideological arguments this collections of essays explores the extent of censorship in Canada today the forms censorship takes and the interests it serves

Report of the National Board of Censorship of Motion Pictures National Board of Review of Motion Pictures (U.S.),1911

British Censorship and Enemy Publications Theodore Wesley Koch,1917

Theatre Censorship in Honecker's Germany Barrie Baker,2007 The full story of state supervised theatre in East Germany during the Honecker era 1971 1989 Censorship in many forms is brought to light as well as the social and political pressures revealing the true burden of coercion on the theatrical profession including targeted operations by the secret police assisted by informers

Barriers to the Broad Dissemination of Creative Works in the Arab World

Lowell H. Schwartz, Todd C. Helmus, Dalia Dassa Kaye, Nadia Oweidat, 2009-09-17 A growing body of creative works by Arab authors and artists counters the intellectual and ideological underpinnings of violent extremism. Unfortunately, many of these works are not widely disseminated, marginalizing the influence of these alternative voices. This monograph examines the barriers to the broad dissemination of such works with a focus on Arabic literature and suggests ways to overcome these barriers.

The Scottish Book Trade, 1500-1720 Alastair J. Mann, 2000-12-12 This volume examines the Scottish book trade from c. 1500 to c. 1720, looking at booksellers, bookbinders, stationers, and printers and their relationship to the forces of authority. The scale of the Scottish book trade in this period was surprisingly large, consisting of over 150 printers and over 400 booksellers, but its rate of growth was not constant as it was buffeted by the winds of economic and political circumstances. It is the public, not private, world of book dissemination that is examined. Emphasis is placed more on supply than on demand. It is shown that the unique qualities of the printed book, with its blend of commerce and technology on the one hand and intellect and ideology on the other, ensured that authority—burghs, church, government, crown, and executive and law courts—reacted with a complex response of liberty and prohibition. So it was for all nations experiencing the arrival of printing, but Scotland had its own particular range of dynamics, a distinct Scottish tradition.

The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb, 2018-03-27 Thoroughly revised, updated, and expanded, *The SAGE Encyclopedia of Business Ethics and Society*, Second Edition, explores current topics such as mass social media, cookies, and cyber attacks, as well as traditional issues including accounting, discrimination, environmental concerns, and management. The new edition also includes an in-depth examination of current and recent ethical affairs, such as the dangerous work environments of off-shore factories for Western retailers, the negligence resulting in the 2010 BP oil spill, the gender wage gap, the minimum wage debate, and increasing income disparity and the unparalleled level of debt in the U.S. and other countries, with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers.

Key Features Include: Seven volumes available in both electronic and print formats; contain more than 1,200 signed entries by significant figures in the field; cross-references and suggestions for further readings to guide students to in-depth resources; Thematic Reader's Guide; groups related entries by general topics; Index allows for thorough browse and search capabilities in the electronic edition.

Modern Dramatic Censorship Robert McCaughan Smith, 1953
