Silver, Graziella Pagliarulo McCarron, 2024-05-31 Over 5 million college students in the United States nearly one in three students currently enrolled are of immigrant origin meaning they are either the children of immigrant parents or guardians and or immigrants themselves These students accounted for almost 60% of the growth in higher education enrolment in the 21st century Nevertheless there is very little research dedicated to this student population s specific experiences of postsecondary education with similar absences discernible within the realms of higher education policy and practice Although college campuses are making important progress in building more inclusive spaces conversations about climate and student care rarely account for the journeys of students of immigrant origin Featuring 20 chapters written by more than 50 contributors this book addresses this glaring omission The authors examine how students of immigrant origin experience the road to through and beyond higher education while simultaneously speaking to evidence based implications for policy research and practice Conducting an Institutional Diversity Audit in Higher Education Edna Chun, Alvin Evans, 2023-07-03 Implementing systematic diversity transformation requires embracing all aspects of diversity gender sexual orientation disability gender identification and other salient characteristics of difference as well as race and ethnicity This book lays out a framework for a systematic and sustained diversity process that first recognizes that too many diversity initiatives have generated more statements of intent than actual change and that audits conducted by outside bodies frequently fail to achieve buy in or long term impact and are costly endeavors The authors framework identifies nine dimensions that need to be addressed to achieve a comprehensive audit that leads to action describes the underlying research based practices and offers guidance on ensuring that all relevant voices are heard The process is designed to be implemented by and within the institution saving the considerable expense of outside consulting and design In addition it offers flexibility in the timing and sequence of implementation and provides the means for each institution to interrogate its

unique circumstances context and practices This book provides a concrete process for data gathering analysis and evaluation of institution wide diversity efforts through a progressive modular approach to diversity transformation It gives campuses the ability to audit evaluate and analyze diversity progress on the nine dimensions and prioritize areas of focus Its systematic research based approach supports continuous improvement and proactively addresses accreditation criteria The book is designed as a collaborative tool that will enable every constituency on campus from boards of trustees presidents provosts executive officers diversity officers deans department heads and chairs administrators HR officers faculty senates and staff councils diversity taskforces multicultural centers faculty and researchers to identify processes and relationships that need to change and implement practices that value and support the diversity on their campuses and undertake the transformation necessary for institutional success in a changing world The questions and guidelines set out in this book will enable all stakeholders to Audit the progress on each diversity dimension Identify gaps between research based practices and current approaches Tie diversity benchmarks to accreditation frameworks and strategic plans Chart the organization s overall progress in the development of comprehensive diversity initiatives leading toward Inclusive Excellence Prioritize institutional diversity initiatives based upon a comparison of the current state and the desired state availability of resources and the importance of each dimension in relation to institutional diversity goals Create a long term strategy for diversity transformation that provides a concrete research based method for auditing progress and future planning
