park just as with any other career However if you are determined you can skyrocket yourself into a lucrative career When you decide to get started on this journey you will have to cultivate patience The first step for many people is usually to get a degree in computer science You can also get an A certification CompTIA you must take and clear two different exams To be able to take the qualification test you need to have not less than 500 hours of experience in practical computing Experience is required and a CCNA or Network qualification to advance your career
