**Critiques of God** Peter Adam Angeles, 1997 Essays on atheism by Kurt Baier John Dewey Paul Edwards Antony Flew Sigmund Freud Erich Fromm Sidney Hook Walter Kaufmann Corliss Lamont Wallace I Matson H J McCloskey Ernest Nagel Kai Nielsen Richard Robinson Bertrand Russell and Michael Scriven **The Extinct Cognitive Christian** Dean W. Boening, 2000-08 The Christian belief is a natural outgrowth of an innate human yearning to make sense of our place in the world Christianity is of great emotional and spiritual comfort to many because it teaches that we are important individually that God has a special love for humans and wants us to spend eternity with Him Although such a belief may help in coping with life's cruelties it precludes believers from seeing the world as it is instead seeing it as they wish it to be The fear of Christian leaders to give their own statements of faith any intellectual attention has led not only to the feeble-mindedness of the Christian but also a weakening of the power of the God they worship Prevailing biblical interpretations have effectively taken away many attributes of God stripping Him of His omnipotent nature Christianity's principles may be eternal but expression of those principles requires continual development Scientific progress may on occasion require a religious belief to be expanded explained or entirely restated as a result of emerging evidence However this is not happening A scientific outlook would prevent the Christian imagination from the excesses to which it is prone Dean Boening received his B S in the biological sciences and education from George Fox College and his M S in Public Health and Toxicology from Oregon State University He regularly publishes in scientific journals and is currently a senior environmental scientist with Lockheed Martin Corporation [The Loftus Delusion: Why Atheism Fails and Messianic Israelism Prevails](#) David Reuben Stone, 2010-02-14 David Reuben Stone has published the definitive critique of the anti Biblical atheism of John W Loftus Also included 1 New mathematical proof of Wagner's Modus Tollens Probabilized theorem 2 Improved inductive logic in Intelligent Design arguments of Behe Dembski and Ross 3 ACPO occasionalist metaphysics 4 New debate resolution procedure STONE 5 STONE based defense of Minimalist Theism 6 Human Ignorance Principle used to refute atheistic arguments from evil 7 Justification of conservative Biblical theology 8 Biblical Gospel presentation 9 Messianic Israelism definition and defense 10 130 Scriptural arguments for Torah observant Biblical ethics 11 An ecclesiology of church Israel identity refuting Dispensationalism and Supersessionism 12 Detailed critique of opposition including John W Loftus Elliott Sober Jordan Howard Sobel Bart D Ehrman Graham R Oppy and Michael L Brown Visit [www.loftusdelusion.com](http://www.loftusdelusion.com) for details [A Thinker's Guide to the Philosophy of Religion](#) Allen Stairs, 2017-09-29 With an approachable reader friendly style A Thinker's Guide to the Philosophy of Religion provides up to date themes in contemporary analytic philosophy of religion This provocative collection of readings stimulates clear thinking and careful attention to the reasons for taking up views on religious questions **Religion, Supernaturalism, the Paranormal and Pseudoscience** Homayun Sidky, 2019-11-30 Religion Supernaturalism the Paranormal and Pseudoscience provides a comprehensive rejoinder to the challenges posed to

science scientific anthropology evolutionary theory and rationality by the advocates of supernatural paranormal and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism antiintellectualism and emboldened religious fundamentalism and violence Drawing upon H Sidky s scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades the book answers several important questions Why do humans have a proclivity for the supernatural and paranormal thinking Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace promote bloodshed endless cruelties and fervent hatreds and have come at a high cost Why have ancient superstitions been held as sacred inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded Why have not humans outgrown religion and paranormal beliefs

*Traveling with Skeptics* Ken Ewell,2009-11-20 *Traveling with Skeptics* is the much anticipated sequel to the critically acclaimed book *Traveling with Philosophes* However due to the authors honest and straightforward portrayal of the people of France he has incurred the wrath and condemnation of the French literary and intellectual establishment with many persons voicing harsh opinions as regards this unique and insightful work Insignificant writers cannot be crushed they lie too flat beneath the foot Honore de Balzac The art of writing is the art of discovering what you believe Clearly this most presumptuous writer believes in nothing Gustave Flaubert Since a person is never happy except at the price of some ignorance this writer must be the happiest man in the world Anatole France As soon as he ceased to be mad he became merely stupid As soon as he ceased to be stupid he became merely this writer Marcel Proust This author should be deconstructed with the aid of a guillotine Jacques Derrida There is but one truly philosophical problem and that is this authors suicide or murder Albert Camus If Hell is other people then this writer can go to Hell Jean Paul Sartre

Waggoner,2011-03-01 Both sacred and secular worldviews have long held a place in U S higher education although non religious perspectives have been privileged in most institutions in the modern era *Sacred and Secular Tensions in Higher Education* illustrates the importance of cultivating multiple worldviews at public private and faith based colleges and universities in the interest of academic freedom and intellectual and moral dialogue Contributors to this edited collection argue that sacred perspectives are as integral to contemporary higher education in the United States as the more dominant secular perspectives The debates and issues addressed in this book attempt to rebalance the dialogue and place an emphasis on pluralism rather than declare victory of one paradigm over the other Student affairs administrators higher education and religious studies faculty and campus ministers and chaplains will benefit from better understanding the interplay of these sometimes competing and sometimes complementary ideas on campus and the impact of the debate on the lives of faculty students and staff

**Hume's Critique of Religion: 'Sick Men's Dreams'** Alan Bailey, Dan O'Brien, 2013-10-10 In this volume authors Alan Bailey and Dan O'Brien examine the full import of David Hume's arguments and the context of the

society in which his work came to fruition They analyze the nuanced nature of Hume's philosophical discourse and provide an informed look into his position on the possible content and rational justification of religious belief The authors first detail the pressures and forms of repression that confronted any 18th century thinker wishing to challenge publicly the truth of Christian theism From there they offer an overview of Hume's writings on religion paying particular attention to the interrelationships between the various works They show that Hume's writings on religion are best seen as an artfully constructed web of irreligious argument that seeks to push forward a radical outlook one that only emerges when the attention shifts from the individual sections of the web to its overall structure and context Even though there is no explicit denial in any of Hume's published writings or private correspondence of the existence of God the implications of his arguments often seem to point strongly towards atheism David Hume was one of the leading British critics of Christianity and all forms of religion at a time when public utterances or published writings denying the truth of Christianity were liable to legal prosecution His philosophical and historical writings offer a sustained and remarkably open critique of religion that is unmatched by any previous author writing in English Yet despite Hume's widespread reputation amongst his contemporaries for extreme irreligion the subtle and measured manner in which he presents his position means that it remains far from clear how radical his views actually were

**The Secularist, a Liberal Weekly Review**, 1876 **Hymns and the Christian Myth** Lionel Adey, 2011-11-01 From its beginnings in the Bible Christian hymnology has fulfilled three functions praise recital and teaching of the Myth and collective and personal adoration as well as the foundation and worship of the church In *Hymns and the Christian Myth* Lionel Adey demonstrates that over the centuries shifts emphasizing particular elements of the Christian faith accord with the interests and concerns of the times in which the hymns were composed Using a broad range of texts Adey deals with major themes of every period from biblical times to the early twentieth century In tracing the changes in representation of the Father Son Holy Spirit and Four Last Things in early and medieval Latin hymns post Reformation chorales and psalm based hymns and English hymns from the time of Watts the book shows an increasing sense of personal response to the Incarnation and Passion of Christ and of participation in His redemptive work Chapters on hymnody of the Nativity and Passion illustrate the tendency of monastic poets the Learned tradition to focus on dogma mystery and paradox and carolists the Popular tradition to convey devotional tenderness Those on hymnody of the Holy Spirit illustrate a shift through the medieval period from representing pentecostal events to exploring their spiritual meaning During the Reformation and the Evangelical Revival the weight of hymnody shifts first to the Father and then to the Son's Passion and Atonement applied personally and inwardly re-lived by the convert Most consistently hymnic representations of the Last Things shift their focus from collective to individual judgement from death as sleep until the general awakening to death as instant passage to reunion with family and friends As a hymnologist rather than a theologian Adey makes no pronouncements on the truth of Christian beliefs His focus is on how poets have expressed them over two millennia As such the book will

interest not only students of religion but also those in such related disciplines as literature psychology history and sociology
