Oxford Companion to American Food and Drink provides a concise authoritative and exuberant look at this modern American obsession. Ideal for the food scholar and food enthusiast alike, it is equally appetizing for anyone fascinated by Americana capturing our culture and history through what we love most: food. Building on the highly praised and deliciously browseable two-volume compendium the Oxford Encyclopedia of Food and Drink in America, this new work serves up everything you could ever want to know about American consumables and their impact on popular culture and the culinary world. Within its pages, for example, we learn that Lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars. Patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober, and the company began producing other flavors. Edited by Andrew Smith, a writer and lecturer on culinary history, the Companion serves up more than just trivia, however, including hundreds of entries on fast food, celebrity chefs, fish sandwiches, regional and ethnic cuisine, food science, and historical food traditions. It also dispels a few commonly held myths: Veganism isn't simply the practice of a few hippies but is in fact wide spread among elite athletic circles. Many of the top competitors in the Ironman and Ultramarathon events go even further, avoiding all animal products by following a strictly vegan diet. Anyone hungry to know what our nation has been cooking and eating for the last three centuries should own the Oxford Companion to American Food and Drink.

O'Connell, 2016-11-01 Over the years Boston has been one of America's leading laboratories of urban culture, including restaurants, and Boston history provides valuable insights into American food ways. James C. O'Connell, in this fascinating look at more than two centuries of culinary trends in Boston restaurants, presents a rich and hitherto unexplored side to the city's past.
