initiation chamber in the Villa of Mysteries at Pompeii is a model of transcendence at the heart of Plato's noetic philosophy. This is a penetrating reading bringing to life an ancient yet timeless myth. Michael P. Morrissey, Ph.D., Author of *Consciousness and Transcendence: The Theology of Eric Voegelin*. Horse Magick Lawren Leo, 2020-06-01 Discover inner strength and wisdom by bringing the power of the equine spirit to life with spells, meditations, and creative visualization. Along with the bear, horses are a primary creature associated with shamanism and traditions influenced by it. They appear in 25,000-year-old cave paintings such as those at Lascaux. They find a role in the modern African diaspora traditions such as Haitian Vodou, whose devotees are called horses for the spirits who ride them during trances. The spirit of the horse exists in the subconscious minds of humans and takes shape in various forms, whether as a symbol of fertility in the land as in Celtic mythology or as a psychopomp which leads the dead to the next world. The horse has made its way into the current of our collective unconscious as a universal archetype. Horse Magick contains spells, rituals, chants, and meditations for many purposes, loosely based around equine imagery. Numerous traditions are represented, as are many deities, including Athena, Epona, and Baba Yaga. No contact with actual horses is required. Through the use of spells and rituals, readers are able to magickally ride to their chosen destinies and fulfill their desires. Workings involve crystals, candles, and Tarot cards, items easily accessible for most readers.

Sacred Bones, Magic Bones Ness Bosch, 2024-05-31 Bones have many stories to tell, so many that it would be impossible to tell them all. The Path of the Bones belongs to no one and everyone. The Path of the Bones only understands bones. Beneath the skin, beyond physical, linguistic, or cultural barriers, you and I are made of the same essence and held by the same skeleton. In a world full of barriers in which we have to jump to relate to one another, bones speak a universal language that connects us. Bones, together with the elements of nature, are the basis of the spirituality of humanity. The cult of bones and the cult of the ancestors are very old, dating back to prehistoric times. The first rituals were born near the dead. Bones are not something out of the ordinary, yet there are still people who fear them. Bones are magical. Bones leave a trail that we can follow; it is up to us to follow that path of bones to the entrails of our own history.
