Starter's Way Edward Olsworth-Peter, Dwight J. Zscheile, 2025-10-07 A call for new ways of starting thriving church communities based on global case studies of churches who have innovated from within their local communities As many established churches struggle to connect with people in increasingly post Christian societies there has been a vital shift in focus toward starting new Christian communities Many of these new forms of church are incarnationally embedded in local contexts as leaders and neighbors together follow the Spirit's lead in asking What would church look like for us together in this place This book edited by two leading thinkers around innovation in the Church one from the United States the other from the UK brings a rich and international array of practitioners and scholars together to explore starting new contextual Christian communities as a way of life Addressing this from an incarnational go and stay model of mission it seeks to offer an alternative perspective Rather than provide another how to manual the authors go deeper into unpacking the spiritual foundations inward qualities and outward practices that make for faithful vibrant and sustainable leadership of new Christian communities Framed around fifteen paradigm shifting principles The Starter's Way offers a hopeful exploration of the open ended journey of developing new forms of church that are responsive to the Spirit and to the uniqueness of local neighborhoods

The Postmodern Parish Jim Kitchens, 2003-11-01 Many of us who are pastors of local mainline churches have long felt that something is amiss in the life of our congregations It's hard for us to name exactly what is wrong but occasionally we are aware of a nagging sense that something is just not working any more Our best efforts at ministry feel like they're about a half beat behind some new pulse beginning to course through the culture writes author Jim Kitchens Congregational leaders who recognize Kitchens description of congregational life today will appreciate his pointed and realistic analysis of fundamental shifts in ministry that have taken place in our postmodern post Christian and postdenominational world Kitchens also demonstrates that we need to create a different sort of church if we are to be faithful to the gospel in this new cultural setting He addresses in detail how these contextual shifts invite us to change our ministry in four arenas of congregational life worship Christian formation mission and leadership Kitchens shows congregational

leaders how to learn how to be the body of Christ in ways that will be both faithful to the Gospel and responsive to our newly emerging cultural context **Being Church in a Liminal Time** Jeffrey D. Jones, David Fredrickson, 2023-07-10

Congregations today exist in an in between or liminal time The customary answers about what it means to be and do church and strategies for renewal based on those answers no longer work But there is no certainty about the new answers It is a time of searching of letting go of the old and experimenting with the new This means facing the reality of death which may come as institutions die or as established ways are abandoned This book addresses this reality while maintaining a constant focus on the Christian promise of resurrection It offers three images that recognize the differing contexts of congregations and help them shape their future as they seek to discern God s work in their midst Congregations shaped by each of the three images remembering letting go and resurrecting have the potential to faithfully engage in God s work in their setting For each of the three there are suggestions for helping a congregation move toward an even more faithful expression of the image The book includes Bible studies and other resources that congregations will find helpful in this process Some congregations may continue in traditional ways while others seek a new way of being church But all can join in God s work in their time and place with a new and deeper understanding of the ministry that is theirs This book helps them do that Because a different kind of leadership is needed the book offers an approach to leadership that is grounded in a spiritual process of inward reflection and outward involvement *How to Lead When You Don't Know Where You're Going* Susan

Beaumont, 2019-09-17 How do you lead an organization stuck between an ending and a new beginning when the old way of doing things no longer works but a way forward is not yet clear Beaumont calls such in between times liminal seasons threshold times when the continuity of tradition disintegrates and uncertainty about the future fuels doubt and chaos In a liminal season it simply is not helpful to pretend we understand what needs to happen next But leaders can still lead *How to Lead When You Don t Know Where You re Going* is a practical book of hope for tired and weary leaders who risk defining this era of ministry in terms of failure or loss It helps leaders stand firm in a disoriented state learning from their mistakes and leading despite the confusion Packed with rich stories and real world examples Beaumont guides the reader through practices that connect the soul of the leader with the soul of the institution **A Quiet Pentecost** Dwight H.

Judy, 2013-02-01 During the past 30 years a quiet revolution has taken place in Christianity People of all ages are finding the need for daily prayer Many are encountering Jesus anew through ancient yet new forms of prayer Quiet Pentecosts are happening as Christians engage in spiritual practices Congregations feel the power of the Holy Spirit at work as they participate in thoughtful reading of scripture walking the labyrinth prayerful listening to one another spiritual direction and more At a time when denominations are declining and the church seems to be fighting for survival Dwight Judy sees hope for the future in the practices of spiritual formation The practices of spiritual formation take us outside of the noisy and frenetic activity our popular culture encourages Judy writes We need to be taught how to be together in a spirit of respectful listening

to one another We will not learn this art from our television commentators We will rarely witness such moments of genuine care in national or international politics In *A Quiet Pentecost* he recounts the stories of more than 40 congregations being transformed by spiritual practices This book addresses the following topics evangelism and spiritual formation praying the scriptures lectio divina spiritual practices in small groups healing prayer multisensory worship evening prayer and Taiz congregational discernment prayer ministries health and wellness ministries centering prayer and much more A wonderful resource for churches and individuals interested in reenergizing their spiritual life Perfect for laypersons or clergy who want guidance in establishing or expanding spiritual formation ministries also helpful for seminary classes **Affirming the**

Touch of God Evan B. Howard, 2000 Both Ignatius of Loyola and Jonathan Edwards wrote about the theme of Christian discernment Evan B Howard clarifies patterns of Christian discernment common to both Roman Catholics and Protestants Yet his study extends analysis further through a synthesis of cognitive psychology and religious philosophy Howard provides greater specification of the roles of affectivity in discernment This will allow spiritual advisors to better guide men and women into an effective discernment process Psychologists philosophers and students of religion will find this book highly valuable *Heart, Mind, and Strength* Jeffrey D. Jones, 2008-12-08 Leadership observes Jeffrey Jones is never about you What happens to you as a leader stems from a vast array of issues and dynamics over which you have little or no control Leadership Jones also insists is always about you Christ's disciple part of the system an individual with your own anxieties and a personal life that shapes both your personhood and your relationships Heart Mind and Strength is about dealing with the tension between these two realities What we know is important So is who we are maybe even more so Of course admits Jones no book can tell us everything we need to know about leadership the what of it And certainly no book can shape our personhood the who of leadership Jones however shares both theoretical and practical insights that will inform the what and influence the who of your leadership in transformative ways Jones organizes the book around the daily practices of leadership treating it as both a skill and an art Heart Mind and Strength will enhance your practice of ministry by providing well grounded theory related to the practical concerns you encounter in the daily work of balancing what you know with who you are

Christian Faith and Violence 2, 2019-12-30 Volumes 10 and 11 of Studies in Reformed Theology consist of the texts written for the fifth international conference of the International Reformed Theological Institute IRTI which was dedicated to the theme Christian Faith and Violence Specific theological questions were at the core of the discussions e g what does violence imply for the doctrine of God How to deal with biblical stories and commands that often contain an overwhelmingly violent character What about applying christian ethics in situations of violence that we are exposed to What is our calling in situations of oppression and a longing for liberation and justice **The Gifted Pastor** Kenneth H. Carter (Jr.), Kenneth H. Carter, Jr., 2001 Carter writes a piece which will stir the sympathies of pastors thwarted by their own efforts to emulate a congregation's successful predecessor Within months these pastors see little success as fatigue and burn out set

in All Christians are graced with specific and distinctive spiritual gifts Too often pastors forget that God has given them particular gifts for ministry While all pastors must attend to the different tasks of congregational ministry they need to discover those functions for which they have been particularly gifted When they begin to make these gifts the focus of their ministry then deep personal satisfaction and connection with others results This book is written to help pastors overcome the false belief that if their ministry is to succeed it must emulate that of a high profile orator Carter explains that when we make our distinctive gifts the center of our ministry we lose the illusion that we are in control and instead trust that God will complement us with others gifts to meet the needs of God s people Key Features includes a consumer guide to spiritual gift inventories resource lists including retreat centers congregations and publications Key Benefits Provides pastors a biblical theological framework for understanding ministerial gifts Recreating the Church Richard L Hamm,2009-08-01 Mainline denominations in the United States are in crisis These institutions created in and for modernity are now facing a changed postmodern culture Hamm faces the crisis examining its origins and offers sound advice on how to lead to church to make the adaptive changes needed to thrive in postmodern times A TCP Leadership Series title **Recovering Hope for Your Church** Edward H Hammett,2014-08-30 Why seems to be on the lips of many church judicatory and denominational leaders today Why has our church plateaued Why are so few young leaders going into church based ministries Why are so few interested in church these days Recovering Hope uncovers the whys creating space to embrace new realities commit to the tough road of recovery and develop new skills structures and ministry designs through a process of spiritual discernment congregational coaching and a deeper reliance on the work and ministry of the Holy Spirit Eddie Hammett a Professional Certified Coach and Church and Clergy Coach for the Cooperative Baptist Fellowship of North Carolina provides a step by step process of hope and health to encourage guide and inspire pastors leaders churches regions and denominations that recovery of hope is possible A TCP Leadership Series title The In-Between Church Alice Mann,1998-11-01 Alban Senior Consultant Mann draws on her lengthy experience in helping congregations deal with the hurdles and anxieties of expansion or contraction in size Often congregations experiencing size change do not recognize the need to change culture and form as part of the successful adaptation process Mann details the adjustments in attitude as well as practice that are necessary to support successful size change
