Irudayaraj, 2017-04-20 Violence disturbs And violent depictions when encountered in the biblical texts are all the more disconcerting Isaiah 63 1 6 is an illustrative instance The prophetic text presents the Arriving One in gory details trampling down people pouring out their lifeblood v 6 Further the introductory note that the Arriving One is coming from Edom cf v 1 may suggest Israel s unrelenting animosity towards Edom These two themes the gory depiction and coming from Edom are addressed in this book Irudayaraj uses a social identity reading to show how Edom is consistently pictured as Israel s proximate and yet other ed entity Approaching Edom as such thus helps situate the animosity within a larger prophetic vision of identity construction in the postexilic Third Isaian context By adopting an iconographic reading of Isaiah 63 1 6 Irudayaraj shows how the prophetic portrayal of the Arriving One in descriptions where it is clear that the Arriving One is a marginalised identity correlates with the experiences of the stooped exiles cf 51 14 He also demonstrates that the text leaves behind emphatic affirmations mighty and splendidly robed cf v 1 alone cf v 3 by which the relegated voice of the divine reasserts itself It is in this divine reassertion that the hope of the Isaian community s reclamation of its own identity rests *Multilinguals' Verbalisation and Perception of Emotions* Pia Resnik, 2018-06-18 This book investigates the interplay of language emotion and gender in a multilingual context and provides rich insights into the complexities of bilingualism and the field of emotion research as well as the intersection of both Combining quantitative and qualitative analyses of data the book examines multilinguals verbalisation and perception of emotions in their first language and English their second language L2 The research looks at crosslinguistic intercultural and gender based differences thereby highlighting the challenges faced by multilinguals in this context and the potential risks of miscommunication and misinterpretation Results support the call for a change of paradigm towards a holistic approach to multilingualism and emotion research and highlight the similarities and differences in L2 users of English when expressing their emotions in the different languages The book will appeal to anyone interested in research on emotions in the context of
