Kenneyism Jeremy Appel,2024-02-06 The harsh moralistic worldview of Jason Kenney has spurred right wing populism to the mainstream in Canadian politics but he unleashed forces he couldn't control From Jason Kenney's days as an anti-abortion activist at the University of San Francisco and through his years as a Canadian Taxpayers Federation lobbyist Reform MP top cabinet minister in the Harper government and Alberta premier he has been single-mindedly driven to bring his harsh moralistic worldview into the mainstream Kenney took on the old guard of Canada's liberal consensus and won playing a key role in shifting the country's political discussion to the right But the very right wing populist forces Kenney cultivated would come back to haunt him Jeremy Appel has observed Alberta politics and reported on various aspects of Kenney's agenda since 2017 when Kenney made his way across the province in his big blue pickup truck to rile up aggrieved conservatives Kenneyism examines Kenney's political beliefs his rise through federal political ranks and his ultimate resignation from the leadership of the United Conservative Party

Branding the Nation Melissa Aronczyk, 2013-09-17 National governments around the world are turning to branding consultants public relations advisers and strategic communications experts to help them brand their jurisdiction Using the tools techniques and expertise of commercial branding is believed to help nations articulate more coherent and cohesive identities attract foreign capital and maintain citizen loyalty In short the goal of nation branding is to make the nation matter in a world where borders and boundaries appear increasingly obsolete But what actually happens to the nation when it is reconceived as a brand How does nation branding change the terms of politics and culture in a globalized world Through case studies in twelve countries and in depth interviews with nation branding experts and their national clients Melissa Aronczyk argues that the social political and cultural discourses constitutive of the nation have been harnessed in new and problematic ways with far reaching consequences for both our concept of the nation and our ideals of national citizenship Branding the Nation challenges the received wisdom about the power of brands to change the world and offers a critical perspective on these new ways of conceiving value and identity in the globalized twenty first century This book is about how nation branding became a worldwide phenomenon and a professional transnational practice It is also about how nation branding has become a solution to perceived contemporary problems affecting the space of the nation state problems of economic development democratic communication and especially national visibility and legitimacy amidst the multiple global flows of late modernity In this book Melissa Aronczyk charts the political cultural and economic rationales by which the nation has been made to matter in a twenty first century context of global integration

Home Feelings Jody Mason, 2019-12-18 Literature literacy and citizenship took on new and contested meanings in early twentieth century Canada particularly in frontier work camps In this critical history of the reading camp movement Jody Mason undertakes the first sustained analysis of the organization that became Frontier College in 1919 Employing an interdisciplinary approach *Home Feelings* investigates how the reading camp movement used fiction poetry songs newspapers magazines school readers and English as a second language and citizenship manuals to encourage ideas of selfhood that were individual and intimate rather than collective Mason shows that British Canadian settlers desire to define themselves in relation to an expanding non British immigrant population as well as a need for immigrant labour put new pressure on the concept of citizenship in the first decades of the twentieth century Through the Frontier College one of the nation s earliest citizenship education programs emerged drawing on literature s potential to nourish home feelings as a means of engaging socialist and communist print cultures and the non British immigrant communities with which these were associated Shifting the focus away from urban centres and postwar state narratives of citizenship *Home Feelings* tracks the importance of reading projects and conceptions of literacy to the emergence of liberal citizenship in Canada prior to the Second World War

Resources in Education ,1997 Seasonal Sociology Tonya Davidson, Ondine Park, 2020-08-27 Life in Canada is marked celebrated enjoyed and dreaded in ways that respond specifically to the seasons Sociological thinking allows people to ask questions about things that may otherwise be taken for granted Thinking about the seasons sociologically opens up a unique perspective for studying and understanding social life Each chapter in this collection approaches the seasons and the passage of time as a way to explore issues of sociological interest The authors use seasonality as a device that can bridge in fascinating ways small scale interpersonal interactions and large formal institutional structures These contemporary Canadian case studies are wide ranging and include analyses of pumpkin spice lattes policing in schools law and colonialism summer cottages seasonal affective disorder New Year s resolutions Vaisakhi celebrations and more Seasonal Sociology offers provocative new ways of thinking about the nature of our collective lives Let's Call it What it is: A Matter of Conscience Beryl W. Holtam, 2012-12-23 With a new century there has emerged a new age in moral considerations The Arab Spring Facebook and the Occupy Movement all point to an awareness of and concern for the moral character of the individual and the collective The phrase it s the right thing to do echoing throughout news media and one s daily exchanges typically indicates a moral positioning Presented in this book is the argument that now is the time to call it what it is a matter of conscience and to embrace the transformative power of a new vocabulary for moral and character education In a more expansive approach than typically seen this book examines the nature and function of conscience Building upon the foundational work of Thomas Green 1999 the vocabulary of reflexive judgment reflexive emotions normation and voices of conscience are explored as they apply to moral formation with examples and applications provided Specific attention is given to the interrelationship of the collective conscience with democracy Educating for conscience and the notion of the sacred are also examined Written from an educator s perspective this book offers a framework for moral education to both the secular and religious domains Feminism's Fight Barbara Cameron, Meg Luxton, 2023-06-01 Feminism s Fight explores and assesses feminist strategies to advance gender justice for women through Canadian federal policy over the past fifty years from the 1970 Report of the Royal Commission on the Status of Women to the present The authors evaluate changing government orientations through the 1990s and 2000s revealing the negative impact on most women s lives and the challenges for feminists The COVID 19 pandemic has exacerbated misogyny and related systemic inequalities Yet it has also revived feminist mobilization and animated calls for a new and comprehensive equality agenda for Canada Feminism s Fight tells the crucial story of a transformation in how feminism has been treated by governments and asks how new ways of organizing and new alliances can advance a feminist agenda of social and economic equality Social Studies Teaching Activities Books Gary Lare, 2006 An annotated listing of activities books for use with social studies curriculums focusing on elementary and middle school grades arranged by curriculum area topic and grade level Includes contact information for publishers and distributors of appropriate books and an index Red, White, and Kind of Blue? David

Schneiderman, 2015-10-06 Situated between two different constitutional traditions those of the United Kingdom and the United States Canada has maintained a distinctive third way federal parliamentary and flexible Yet in recent years it seems that Canadian constitutional culture has been moving increasingly in an American direction Through the prorogation crises of 2008 and 2009 its senate reform proposals and the appointment process for Supreme Court judges Stephen Harper's Conservative government has repeatedly shown a tendency to push Canada further into the US constitutional orbit Red White and Kind of Blue is a comparative legal analysis of this creeping Americanization as well as a probing examination of the costs and benefits that come with it Comparing British Canadian and American constitutional traditions David Schneiderman offers a critical perspective on the Americanization of Canadian constitutional practice and a timely warning about its unexamined consequences Children's Books in Print, 2007, 2006
