challenges unravelling the etiology of rickets and ensuring the safety of women giving birth both proved especially difficult. Thought variously to be a disease of industrial cities and children of the poor grounded in lack of exercise or sunlight or the of product racial difference the condition defied analysis until the discovery of vitamin D early in the 20th century. The dangers of rickets radically diminished. Medical intervention in childbirth continued and childbirth increasingly shifted from the home to the hospital. Medical practitioners justified intervention by emphasizing the dangers of pelvic disproportion continually enlarging the definition to gain full control of birth. Often conditioned by racial assumptions surgical experimentation promoted common use of anesthesia and a radical increase in caesarean sections and birth became a colder more clinical experience.

*The Last Diet* William Crowell, 2003. Adventure crazed city dwelling Sam pays an unexpected visit to Nevahcaep the desert home of Mary A whose family is involved in plant research. Despite her efforts to convince him that her home and everything about it is normal Sam manages to discover mysterious situations that cause her to take a second look at her surroundings. Sam's visit also caused Mary A to experience jealousy and envy as well as the joy of peer companionship. From shaky beginnings the two twelve year olds learn to accept each other's quirks and become friends. After helping Mary A face circumstances she has been ignoring Sam's visit culminates in the solving of a mystery that has haunted her for years. Told from Mary A's point of view this Southwestern adventure is fast paced and humorous. Although set in the modern world it contains echoes of the Old West.
