S.G. Ellerhoff

Dire Emotions And Lethal Behaviours Eclipse Of The Life Instinct:

Dire Emotions and Lethal Behaviours Charles Stewart, 2007-09-12 *Dire Emotions and Lethal Behaviours* explores the primary motivational system in human beings Based on the work of C G Jung James Hillman Louis Stewart and Silvan Tomkins Charles Stewart investigates the psychology of the innate affects with a focus towards the emotional motivation of adolescents and young adults who have killed others themselves or both It is suggested that social isolation dissociation of the personality unbearable emotions and possession by affects are necessary conditions for both homicide and suicide Stewart argues that these conditions result from deep seated emotional psychopathology which involves both the positive affects of the life instinct Interest and Joy and the crisis affects Fear Anguish Anger and Shame Contempt Illustrated throughout with case studies of individuals who have committed homicide suicide or both *Dire Emotions and Lethal Behaviours* aims to discover the emotional motivations for such behaviours so that through education and psychological treatment such tragic outcomes can be prevented This book will be of interest to professionals and students in the fields of mental health and criminal justice

Dire Emotions and Lethal Behaviors Charles T. Stewart, 2008 *Dire Emotions and Lethal Behaviours* explores the primary motivational system in human beings Based on the work of C G Jung James Hillman Louis Stewart and Silvan Tomkins Charles Stewart investigates the psychology of the innate affects with a focus towards the emotional motivation of adolescents and young adults who have killed others themselves or both It is suggested that social isolation dissociation of the personality unbearable emotions and possession by affects are necessary conditions for both homicide and suicide Stewart argues that these conditions result from deep seated emotional psychopathology which involves both the positive affects of the life instinct Interest and Joy and the crisis affects Fear Anguish Anger and Shame Contempt Illustrated throughout with case studies of individuals who have committed homicide suicide or both *Dire Emotions and Lethal Behaviours* aims to discover the emotional motivations for such behaviours so that through education and psychological treatment such tragic outcomes can be prevented This book will be of interest to professionals and students in the fields of mental health and criminal justice

Dire Emotions and Lethal Behaviours Charles T. Stewart, 2008

Jungian and Interdisciplinary Analyses of Emotions Elizabeth Brodersen, Isabelle Meier, Valeria Céspedes Musso, 2025-04-09 This comprehensive collection of chapters concentrates on the multifaceted theme of emotions and deepens our understanding of the role emotions play within the psyche Leading international psychoanalysts and academics offer broad interdisciplinary dimensions using their own unique perspectives on the topic of emotions Delineating into five parts this volume focuses on key themes such as emotions imagination and method the emotional basis of archetypes and complexes relational trauma mapping contagion across cultures the contribution from neuroscience and finally dreams and the transcendent Clinical cases presented underline the important role unconscious disassociated emotions play in the formation of symptomatology and how wholeness is facilitated through their acceptance This collection offers a timely

contribution to the interdisciplinary study of emotions placing Jungian psychology firmly within that framework It will be of great interest to Jungian analysts trainees and psychotherapists as well as interdisciplinary academic researchers interested in methodology unconscious processes transference and dreams

American Journal of Islam and Society (AJIS) - Volume 40 Issues 3-4 Sam Houston, Muhammad Amasha, Syamsuddin Arif, Fateh Saeidi, Mehraj Din, Zainab Bint Younus, Sümeyye Sakarya, Samira I. Ibrahim, Felipe Freitas de Souza, Akif Tahiev, 2023-11-15 This issue of the American Journal of Islam and Society comprises four main research articles each shedding light on the diverse ways in which the Islamic legal and theological tradition has shaped and intersected with premodern and modern societies To start closer to home Sam Houston's contribution entitled The Metaphysical Monster and Muslim Theology William James Sherman Jackson and the Problem of Black Suffering places American Muslim scholar Sherman A Jackson's important monograph Islam and the Problem of Black Suffering in conversation with the work of American pragmatist philosopher William James and suggests that Jackson's account parallels James's account of religion in that it speaks of the practical effectiveness of the web of beliefs constituting Islamic doctrines of God Our next article explores the practical engagement of the official ulama as spokespersons of the Islamic legal and theological tradition in a different field post 2011 Egypt In his article entitled Ideals and Interests in Intellectuals Political Deliberations The Arab Spring and the Divergent Paths of Egypt's Shaykh al Azhar Ahmad al Tayyib and Grand Mufti Ali Gomaa Muhammad Amasha calls into question the commonplace generalizations about the ulama as being either pro revolution or pro regime by examining the politics of two prominent members of the pro establishment ulama class Syamsuddin Arif in his Rethinking the Concept of Fi ra Natural Disposition Reason and Conscience turns our attention to an understudied dimension of Islamic psychology the role of innate human nature or fi ra in the motivation behind human action Drawing on recent Western as well as Islamic scholarship it attends to the biological epistemological and ethical dimensions of this Qur'anic concept suggesting that it be treated not only as the natural tendency for humans to act or think in a particular way but specifically as the religious ethical and rational instinct Finally Fateh Saeidi's The Early Sufi Tradition in Hamad n Nah wand and Abhar Stories of Devotion Mystical Experiences and Sufi Texts explores the history of the development of early Sufism in Hamad n Nah wand and Abhar through an analysis of three significant but understudied early Sufi texts Kar m t Sheikh ab al al Q ms n by Ibn Z rak al Nah wand d 471 1078 d b al fuqar by B b Ja far al Abhar d 428 1036 and Raw at al mur d n by Ibn Yazd ny r

Feeling Film: Affect and Authenticity in Popular Cinema Greg Singh, 2014-01-21 Cinema has the capacity to enflame our passions to arouse our pity to inspire our love Feeling Film is a book that examines the emotional encounters found in contemporary popular cinema cultures Examining melodrama film noir comic book franchises cult indie movies and romantic comedy within the context of a Jungian informed psychology and contemporary movements in film philosophy this book considers the various kinds of feelings engendered by our everyday engagements with cinema Greg Singh questions the popular idea of what cinema is and considers what happens during the

anticipation and act of watching a movie through to the act of sharing our feelings about them the reviewing process and repeat viewing practices Feeling Film does this through a critique of purely textual approaches instead offering a model which emphasises lived warm embodied and inhabited psychological relationships between the viewer and the viewed It extends the narrative action of cinema beyond the duration of the screening into realms of anticipation and afterlife in particular providing insight into the tertiary and participatory practices afforded through rich media engagement In rethinking the everyday co productive relationship between viewer and viewed from this perspective Feeling Film reinstates the importance of feelings as a central concern for film theory What emerges from this study is a re engagement of the place of emotion affect and feeling in film theory and criticism In reconsidering the duration of the cinematic encounter Feeling Film makes a significant contribution to the understanding of the inter subjective relationship between viewer and viewed It takes post Jungian criticism into the realms of post cinema technologies and reignites the dialogue between depth psychology and the study of images as they appear to and for us This book will make essential reading for those interested in the relationship between film and aspects of depth psychology film and philosophy students at advanced undergraduate and postgraduate levels film and cinema academics and cinephiles *Laws of Inheritance* Elizabeth Brodersen,2015-08-14

Instilled in interdisciplinary cross cultural perspectives of mythical socio economic literary pedagogic and psychoanalytic representations two archetypal creative inheritance laws interact as twins Eros fusion containment safety and Thanatos division separation risk Hypothesising these twin laws as matrilineal Eros and patrilineal Thanatos this book explores why cross cultural forms including gender traits are not fixed but are instead influenced by earlier flexible matrilineal forms Through a study of twins on macro and micro levels Elizabeth Brodersen argues that a psychological twin dilemma is implicit in inheritance laws and offers a unique forum to show how each law competes for primacy as the first and other Chapters begin by looking at twins in creation myths and the historical background to the laws of inheritance as well as literary representations The book then moves on to the developmental structures imbued in twin research and educational systems to explore how past cultural forms have been re defined to fit a modern landscape and the subsequent movement away from the importance of patrilineal primogeniture Laws of Inheritance will be of key value to academics researchers and postgraduate students in the fields of psychoanalysis psychotherapy archetypal theory cross cultural depth psychology cultural anthropology sociology gender studies and twin research The book will also be of interest to practicing psychoanalysts and psychotherapists *The Death of Web 2.0* Greg Singh,2018-12-07

With all our contemporary connectivity are we really connected What does the nature of connectivity tell us about interpersonal and community relationships What ethical concerns are raised through an always on culture Communication in today s world is characterised by a condition of persistent semi permanent connectivity which seems to bring us closer together but which can also be profoundly alienating The Death of Web 2 0 takes a retrospective look at a moment in recent media history that has had and will continue to have a

lasting impact upon the predominant attitude towards cultures of connectivity Greg Singh draws from a range of approaches intellectual traditions and scholarly disciplines to engage key questions underpinning the contemporary communications media ecosystem Bringing together influences from communitarian ethics recognition theory and relational and depth psychology Singh synthesises key approaches to produce a critical inquiry that projects the tensions at the heart of connectivity as a principle of Web 2 0 He argues that Web 2 0 is a cultural moment that is truly over and that what is popularly described as Web 2 0 is an altogether different set of principles and practices The Death of Web 2 0 recognises the consequences of our always on culture where judgments are made quickly and where impacts can be far reaching affecting our relationships wellbeing mental health and the health of our communities and it concludes by asking what an ethics of connectivity would look like This unique interdisciplinary work will be essential reading for academics and students of Jungian and post Jungian studies media and cultural studies and psychosocial studies as well as anyone interested in the social implications of new media

New Ideas about Eating Disorders Charles T. Stewart,2012-03-12 In this book Charles Stewart discusses how the positive affects of the life instinct such as interest and joy and the crisis affects such as fear anguish rage shame and contempt condition and can even dissociate the hunger drive thereby contributing to either positive or negative attitudes toward eating New Ideas About Eating Disorders presents clinical case studies of individuals from infancy to adulthood suffering from various eating disorders a new theory as to their etiology and suggestions for treatment and prevention This book will be essential reading for all professionals engaged in caring for patients experiencing an eating disorder and for those developing theories to deepen our knowledge of these disturbances It will also be of interest to those in the field of analytical psychology as well as anyone wanting to know how contemporary affect theory can help us understand eating and its disorders

The Art and Science of Dance/Movement Therapy Sharon Chaiklin,Hilda Wengrower,2015-08-27 The Art and Science of Dance Movement Therapy offers both a broad understanding and an in depth view of how and where dance therapy can be used to produce change The chapters go beyond the basics that characterize much of the literature on dance movement therapy and each of the topics covered offers a theoretical perspective followed by case studies that emphasize the techniques used in the varied settings Several different theoretical points of view are presented in the chapters illuminating the different paths through which dance can be approached in therapy

Jung and Star Wars S.G. Ellerhoff,2025-08-12 Jung and Star Wars is a comprehensive deep dive analyzing the Star Wars phenomenon from the perspective of analytical psychology as a living mythology in our time Drawing from Jungian perspectives as well as the influence of both Joseph Campbell and James Hillman this book examines the rich characters and history of the saga using concepts developed in the field of analytical psychology It explores Disney s acquisition of Lucasfilm in 2012 and the concept of canon as well as examining the Force and a number of iconic characters including Yoda Luke Skywalker Darth Vader Princess Leia Organa and more By coming to understand the psychological ground of its mythic aspects we learn to

see Star Wars as a grand narrative of the human condition With Star Wars being ubiquitous in mainstream pop culture this book will be of interest to both Jungian analysts and scholars as well as academics in the fields of film studies and popular culture offering a fresh and lesser known perspective on depth psychology **Wisdom of the Psyche** Ginette Paris,2016-02-22 The first edition of *Wisdom of the Psyche* engaged with one of the main dilemmas of contemporary psychology and psychotherapy how to integrate findings and insights from neuroscience and medicine into an approach to healing founded upon activation of the imagination In this revised edition Ginette Paris re focuses her attention on the modern lack of desire to become adult and updates the book with brand new neuroscientific research Paris uses cogent and passionate argument as well as stories from patients to demonstrate that the human psyche seeks to destroy relationships and lives as well as to sustain them She makes clear that the way out of those destructive states does not start with an upward positive wilful effort of the ego but with an opening of the imagination and aims to foster the dialogue between psychotherapists and neuroscientists In clear and accessible language Paris describes how depth psychology can be seen as a subject of the humanities rather than the sciences and explains how gaining an understanding of neuroscience will not necessarily make us psychologically wiser A unique and powerful book *Wisdom of the Psyche* will be fascinating reading for Jungian and depth psychologists psychotherapists analysts and others in the helping professions as well as students and those in training and readers with an interest in psychology and neuroscience who want to create an inner life worth living

The Psychology of Theft and Loss Robert Tyminski,2014-07-11 Why do we steal This question has confounded everyone from parents to judges teachers to psychologists economists to more than a few moral thinkers Stealing can be a result of deprivation of envy or of a desire for power and influence An act of theft can also bring forth someone s hidden traits paradoxically proving beneficial to their personal development Robert Tyminski explores the many dimensions of stealing and in particular how they relate to a subtle balance of loss versus gain that operates in all of us Our natural aversion to loss can lead to extreme actions as a means to acquire what we may not be able to obtain through time work or money Tyminski uses the myth of Jason Medea and the Golden Fleece to explore the dilemmas involved in such situations and demonstrate the timelessness of theft as fundamentally human The *Psychology of Theft and Loss* incorporates Jungian and psychoanalytic theories as well as more recent cognitive research findings to deepen our appreciation for the complexity of human motivations when it comes to stealing culminating in consideration of the idea of a perpetually present inner thief Combining case studies Jungian theory and analysis of many different types of stealing including robbery kidnapping plagiarism and technotheft The *Psychology of Theft and Loss* is a fascinating study which will appeal to psychoanalysts psychologists psychiatrists social workers family therapists and students *Male Alienation at the Crossroads of Identity, Culture and Cyberspace* Robert Tyminski,2018-10-03 I m broken When a boy or man says this he is expressing deep alienation from himself and the world Something s wrong and he usually cannot begin to explain why What brings boys and

men into psychotherapy or analysis Many of them struggle with access to their inner worlds Experiences of alienation can lead to destructive and self destructive behaviors including addiction and violence This book explores the reasons for this and considers why boys and men seek professional help How do psychotherapists and analysts engage them when they often protest that they want to be left alone Looking at the male psyche from boyhood through adolescence and into adulthood Male Alienation at the Crossroads of Identity Culture and Cyberspace provides examples from clinical practice current events art and literature that show what happens when alienation is severe and leads boys and men to discharge their emotional problems in the outside world The book examines compulsive internet use flawed concepts of masculinity difficulties with mutually intimate relationships trouble showing emotions and identity issues as well as the role of fathers with a focus on the types of fathers that many boys and men describe as being difficult Tyminski provides various practical ideas about working with boys and men to encourage them to be open to their inner worlds and emphasizes a contrast between having meaningful contacts or having a merely transactional approach to relating Male Alienation at the Crossroads of Identity Culture and Cyberspace will be essential reading for Jungian analysts psychotherapists and psychoanalysts as well as a wide range of other professionals who work with men and boys *Bibliographic Index* ,2010 *American Book Publishing Record* ,2007

The British National Bibliography Arthur James Wells,2007 *Искусство и наука танцевально-двигательной терапии. Жизнь как танец* Коллектив авторов,2021-08-26 a4 pdf XXXXXXXXXXXXXXXXXXXX XXXX,2023-07-31 2006 3P 2002 2008 2009 2015 University of Essex Suicide Bereaved Network 2015 2017 2018 2020 Creating Worlds How to Make Immersive Theatre *Allgemeine psychodynamische Behandlungs- und Krankheitslehre* Rainer Krause,2012-08-16 In der vollst ndig bearbeiteten Neuauflage werden die beiden B nde der Erstauflage zu einem Gesamtwerk zusammengefasst Im ersten Teil werden die Grundlagen unter Ber cksichtigung der diagnostischen Klassifikationssysteme OPD und DSM behandelt Neue Erkenntnisse der Saarbr cker und Innsbrucker Forschungsgruppe zur therapeutischen Beziehung werden in einem Prozessmodell formalisiert in dem das nonverbale vor allem affektive Verhalten der beiden Protagonisten als Basis der sprachlichen Interventionen genau erl utert wird Dieses Modell hat sich theoretisch und klinisch bew hrt und kann f r die Supervision und auch f r die Grundausbildung in allen Psychotherapieformen angewendet werden Der Autor jahrelang als wissenschaftlicher Sachverst ndiger Psychotherapie des Bundesausschusses f r die Bewertung von Heilverfahren t tig diskutiert detailliert die Schnittstellenprobleme zwischen der Behandlungspraxis und deren Implementierung in unserem Versorgungssystem
