Direct Action An Ethnography:

Direct Action David Graeber, 2009 A radical anthropologist studies the global justice movement Lost People David Graeber, 2007 An epic account of the power of memory in Madagascar **Ecoliberation** Jennifer D. Grubbs, 2021-06-15 Disenchanted by indirect forms of protest designed to work within existing systems of corporate and state power animal and earth liberation activists have turned instead to direct action In this detailed ethnographic account Jennifer Grubbs takes the reader inside the complicated intricate world of these powerful and controversial interventions nuancing the harrowing realities of political repression with the inspiring clever ways that activists resist Grubbs draws on her personal experiences within the movement to offer a thoughtful and intersectional analysis Tracing the strategies of liberationist activists as they grapple with doing activism under extreme repression Ecoliberation challenges ubiquitous frameworks that position protestors as either good or bad by showing how activists playfully and confrontationally enact radical social change Nearly a decade in the making the book looks back at the notorious period of repression called the Green Scare and draws contemporary connections to the creep of fascism under President Donald Trump In stories that are simultaneously heartbreaking riddled with tension and contradiction and inspiring Grubbs proves that whether or not the revolution is televised it will be spectacular **Routledge Handbook of Radical Politics** Ruth Kinna, Uri Gordon, 2019-05-16 Successive waves of global protest since 1999 have encouraged leading contemporary political theorists to argue that politics has fundamentally changed in the last twenty years with a new type of politics gaining momentum over elite representative institutions The new politics is frequently described as radical but what does radicalism mean for the conduct of politics Capturing the innovative practices of contemporary radicals Routledge Handbook of Radical Politics brings together leading academics and campaigners to answer these questions and explore radicalism s meaning to their practice In the thirty five chapters written for this collection they collectively develop a picture of radicalism by investigating the intersections of activism and contemporary political theory Across their experiences the authors articulate radicalism s critical politics and discuss how diverse movements support and sustain each other Together they provide a wide ranging account of the tensions overlaps and promise of radical politics while utilising scholarly literatures on grassroots populism to present a novel analysis of the relationship between radicalism and populism Routledge Handbook of Radical Politics serves as a key reference for students and scholars interested in the politics and ideas of contemporary activist movements **What Comes After Occupy?** Todd A. Comer, 2015-10-05 Occupy Wall Street as centered in New York City received much publicity Little attention however has been granted to the hundreds of Occupy groups in marginal locations whose creative politics were certainly not limited by the influential example of Occupy in Zuccotti Park This volume rectifies this oversight with thirteen essays critically addressing the politics of occupation in places such as Indiana Oregon Texas Ohio Pennsylvania Montana and California It initiates an interdisciplinary and critical discussion concerned with the importance of the local to

contemporary politics the evolution of Occupy Wall Street tactics as they changed to fit differing non spectacular contexts and what worked or did not work politically in various contexts All of the above is designed to inform and improve that as of yet unnamed movement which will come after Occupy Boasting scholars from sociology English anthropology peace studies and history the volume is divided into three major sections Occupying the Local Promise and Predicament Occupying Space and Borders South East and West and Occupying the Media Local Regional and National Dilemmas

Organizing Occupy Wall Street Marisa Holmes, 2023-07-08 This book is the first study of the processes and structures of the Occupy Wall Street movement written from the perspective of a core organizer who was involved from the inception to the end While much has been written on OWS few books have focused on how the movement was organized Marisa Holmes an organizer of OWS in New York City aims to fill this gap by deriving the theory from the practice and analyzing a broad range of original primary sources from collective statements structure documents meeting minutes and live tweets to hundreds of hours of footage from the OWS Media Working Group archive In doing so she reveals how the movement was organized in practice which experiments were most successful and what future generations can learn

Surrealist sabotage and the war on work Abigail Susik, 2021-10-12 In Surrealist sabotage and the war on work art historian Abigail Susik uncovers the expansive parameters of the international surrealist movement s ongoing engagement with an aesthetics of sabotage between the 1920s and the 1970s demonstrating how surrealists unceasingly sought to transform the work of art into a form of unmanageable anti work In four case studies devoted to surrealism s transatlantic war on work Susik analyses how artworks and texts by Man Ray Andr Breton Simone Breton Andr Thirion scar Dom nguez Konrad Klapheck and the Chicago surrealists among others were pivotally impacted by the intransigent surrealist concepts of principled work refusal permanent strike and autonomous pleasure Underscoring surrealism s profound relevance for readers engaged in ongoing debates about gendered labour and the wage gap endemic over work and exploitation and the vicissitudes of knowledge work and the gig economy Surrealist sabotage and the war on work reveals that surrealism s creative work refusal retains immense relevance in our wired world
