Le règlement va largir sensiblement les compétences de l'Agence qui coordonnera le corps européen de garde-frontières et gardes-côtes. Parmi les principales innovations de ce texte le renforcement de la fonction de veille stratégique sur les crises migratoires une meilleure prévention des situations de crise avec une valuation de vulnérabilité pour détecter les points faibles de certains États dans leur gestion des frontières et de nouvelles prérogatives pour Frontex afin d'organiser des opérations de réadmission de migrants irréguliers dans leur pays d'origine. Il faut saluer cette forme dont la gestation a été particulièrement longue mais dire aussi que la réussite de la gestion intégrée des frontières est aussi largement tributaire de la mobilisation des États membres. L'essentiel sera de coopérer dans la transparence avec Frontex pour une mobilisation rapide des équipes de réserve de garde-frontières.
