Discourse Of Race In Modern China:

The Discourse of Race in Modern China Frank Dikötter, 2015 Dikötter writes accessible history and has won the prestigious BBC Samuel Johnson Prize for his book *Mao's Great Famine*. The author shows how and why notions of race became so widespread in China now updated to include the continuation of this trend into the twenty-first century. He examines how Western notions of scientific racism have played out in China. Discourses of Race and Rising China Yinghong Cheng, 2019-02-06 This book is a critical study of the development of a racialised nationalism in China exploring its unique characteristics and internal tensions and connecting it to other forms of global racism. The growth of this discourse is contextualised within the party state's political agenda to seek legitimacy in various groups' efforts to carve their demands in a divided national community and has directly affected identity politics across the global diasporic Chinese community. While there remains considerable debate in both academic literature and popular discussion about how the concept of race is relevant to Chinese expressions of identity, Cheng makes a forceful case for the appropriateness of biological and familial narratives of descent for understanding Chinese nationalism today. Grounded in a strong conceptual framework and substantiated with rich materials, *Discourses of Race and Rising China* will be an important contribution to international studies of racism and will appeal to academics and students of contemporary China, historians of modern China and those who work in the fields of critical race, ethnicity and cultural studies. Public Discourses of Contemporary China Y. Shen, 2015-03-04 Analyzing contemporary Chinese literature, film and television, Shen shows the significance of nationalism for the mass imagination in post-socialist China. Chapters move from the intellectual idealism of the 1980s through the post-Tiananmen transition to the national cinema of the 1990s and finally to the Internet literature of today. Discourses of Weakness in Modern China Iwo Amelung, 2020-06-24 Die Vorstellung China sei ein schwacher Staat, der in einer zunehmend darwinistisch konzipierten Welt nicht konkurrenzfähig sei, beherrschte vom Ende des 19. Jahrhunderts besonders seit dem verlorenen Krieg gegen Japan 1894/95 bis in die 1930er Jahre den politischen Diskurs in China selbst wie auch in anderen Ländern der Welt. Der Band zeichnet diese Untergangsgeschichte des kranken Mannes Asiens nach und hilft somit das Selbstverständnis und die Identität des heutigen China zu verstehen. Tibetan Buddhists in the Making of Modern China Gray Tuttle, 2005-04-26 Over the past century and with varying degrees of success, China has tried to integrate Tibet into the modern Chinese nation-state. In this groundbreaking work, Gray Tuttle reveals the surprising role Buddhism and Buddhist leaders played in the development of the modern Chinese state and in fostering relations between Tibet and China from the Republican period 1912-1949 to the early years of Communist rule. Beyond exploring interactions between Buddhists and politicians in Tibet and China, Tuttle offers new insights on the impact of modern ideas of nationalism, race and religion in East Asia. After the fall of the Qing dynasty in 1911, the Chinese Nationalists, without the traditional religious authority of the Manchu Emperor, promoted nationalism and racial unity in an effort to win support among Tibetans. Once this failed, Chinese

politicians appealed to a shared Buddhist heritage This shift in policy reflected the late nineteenth century academic notion of Buddhism as a unified world religion rather than a set of competing and diverse Asian religious practices While Chinese politicians hoped to gain Tibetan loyalty through religion the promotion of a shared Buddhist heritage allowed Chinese Buddhists and Tibetan political and religious leaders to pursue their goals During the 1930s and 1940s Tibetan Buddhist ideas and teachers enjoyed tremendous popularity within a broad spectrum of Chinese society and especially among marginalized Chinese Buddhists Even when relationships between the elite leadership between the two nations broke down religious and cultural connections remained strong After the Communists seized control they continued to exploit this link when exerting control over Tibet by force in the 1950s And despite being an avowedly atheist regime with the exception of the Cultural Revolution the Chinese communist government has continued to recognize and support many elements of Tibetan religious if not political culture Tuttle s study explores the role of Buddhism in the formation of modern China and its relationship to Tibet through the lives of Tibetan and Chinese Buddhists and politicians and by drawing on previously unexamined archival and governmental materials as well as personal memoirs of Chinese politicians and Buddhist monks and ephemerata from religious ceremonies

Reproductive Realities in Modern China Sarah Mellors Rodriguez,2023-01-19 Lasting from 1979 to 2015 China s One Child Policy is often remembered as one of the most ambitious social engineering projects to date and considered emblematic of global efforts to regulate population growth during the twentieth century Drawing on a rich combination of archival research and oral history Sarah Mellors Rodriguez analyses how ordinary people particularly women navigated China s shifting fertility policies before and during the One Child Policy era She examines the implementation and reception of these policies and reveals that they were often contradictory and unevenly enforced as men and women challenged reworked and co-opted state policies to suit their own needs By situating the One Child Policy within the longer history of birth control and abortion in China *Reproductive Realities in Modern China* exposes important historical continuities such as the enduring reliance on abortion as contraception and the precariousness of state control over reproduction

How China Sees the World John M. Friend,Bradley A. Thayer,2018-11-01 Han centrism a virulent form of Chinese nationalism asserts that the Han Chinese are superior to other peoples and have a legitimate right to advance Chinese interests at the expense of other countries Han nationalists have called for policies that will allow China to reclaim the prosperity stolen by foreign powers during the Century of Humiliation The growth of Chinese capabilities and Han centrism suggests that the United States its allies and other countries in Asia will face an increasingly assertive China one that thinks it possesses a right to dominate international politics John M Friend and Bradley A Thayer explore the roots of the growing Han nationalist group and the implications of Chinese hypernationalism for minorities within China and for international relations The deeply rooted chauvinism and social Darwinism underlying Han centrism along with China s rapid growth threaten the current stability of international politics making national and international competition and conflict over

security more likely Western thinkers have yet to consider the adverse implications of a hypernationalistic China as opposed to the policies of a pragmatic China were it to become the world's dominant state

Crime, Punishment and the Prison in Modern China Frank Dikötter, 2002 This book is a richly textured social and cultural study exploring the profound effects and lasting repercussions of superimposing Western derived models of repentance and rehabilitation on traditional categories of crime and punishment

Academic Experiences of International Students in Chinese Higher Education Mei Tian, Fred Dervin, Genshu Lu, 2020-02-20 Since China proposed its Belt and Road Initiative in 2013 to boost its influence on international affairs and cultivate international contacts who are friendly toward China the number of foreign students in China has surge exponentially Yet global political changes have added tensions and challenges to the education of international students This book is one of the first works to discuss the educational experiences of international students in China Using survey research and qualitative studies to study participants in degree bearing and language programmes at regular universities and Sino foreign universities located in different parts of the country the book covers a variety of topics across education including international students intercultural experience teacher student classroom interaction learning and teaching Chinese as a foreign language academic adaptation and identity formation in higher educational contexts This book is essential for researchers practitioners and policy makers of international student education in China It can also benefit prospective international students considering pursuing higher education in China

The Han Agnieszka Joniak-Luthi, 2015-06-24 This ethnography explores contemporary narratives of Han-ness revealing the nuances of what Han identity means today in relation to that of the fifty-five officially recognized minority ethnic groups in China as well as in relation to home place identities and the country's national identity Based on research she conducted among native and migrant Han in Shanghai and Beijing Aqsu in Xinjiang and the Sichuan Yunnan border area Agnieszka Joniak-Luthi uncovers and discusses these identity topographies Bringing into focus the Han majority which has long acted as an unexamined backdrop to ethnic minorities Joniak-Luthi contributes to the emerging field of critical Han studies as she considers how the Han describe themselves particularly what unites and divides them as well as the functions of Han identity and the processes through

which it is maintained and reproduced The Han will appeal to scholars and students of contemporary China anthropology and ethnic and cultural studies **China and Europe Relations in the Twenty-First Century** Aifen Xing, Peter

Preston, 2023-07-31 This book argues that although relations between China and Europe are strained in many areas including trade human rights and views about political systems nevertheless established linkages especially when considered in the context of long term historical linkages development trajectories and intellectual cultures offer good prospects for future progressive collaborative exchanges Approaching the subject in a balanced way giving equal weight to the perspectives of both sides the book examines China and Europe s shared experiences of age old civilizations of the disorienting effects of the economic social and political upheavals triggered by the late eighteenth century creation of the modern world and of the nineteenth and early twentieth centuries era of European empires warfare and the Cold War It contends that although China and Europe appear superficially to have followed different paths with many problems in their relationship resulting they in fact have a very great deal in common concerning how they have coped with the long shift from ancient civilizations to the modern world of natural science based industrial capitalism **The Routledge Handbook of Islam and Race** Zain

Abdullah, 2024-12-03 Given the intense scrutiny of Muslims The Routledge Handbook of Islam and Race is an outstanding reference to key topics related to Islam and racialization Comprising over 40 chapters by nearly 50 international contributors the Handbook covers 30 countries on six continents examining an array of subjects including Chinese Russian Iranian and Palestinian Muslims as racialized others Hip Hop Islam and race Sexuality gender and race in Muslim spaces Islamophobia and race Racializing Muslim youth Islam media photography and race Central issues are explored not only in Muslim societies but also in Muslim minority countries like Mexico Finland Brazil New Zealand and South Africa for topics such as race and color in the Qur an law slavery conversion multiculturalism blackness whiteness and otherness The Routledge Handbook of Islam and Race is essential reading for students and researchers in religious studies and postcolonial studies The Handbook will also be very useful for those in related fields such as art and architecture literature ethnic studies Black and Africana studies sociology history anthropology and global studies *The Future of China's Past* Albert

Welter, 2023-01-01 The Future of China s Past examines how China s traditional culture is being reinvented and manipulated for political purposes Like no time before in its recent history and certainly at no time in the history of the People s Republic China is being shaped in terms of its past but which past Confucianism Legalism Daoism Buddhism or combination of pasts is being held up as the model Given its growing economic political and cultural significance it is incumbent upon us to take China s rise seriously yet perspectives involving modern and contemporary geopolitical and intrastate dynamics are insufficient on their own for understanding China s rise and the same holds true for economic analyses however pertinent Instead this book looks at current engagements with models of China s past introducing the four traditional lenses of Chinese thought and reflecting on their potential relevance for China s and the world s future The Invention of China Bill

Hayton,2020-10-13 A provocative account showing that China and its 5 000 years of unified history is a national myth created only a century ago with a political agenda that persists to this day China s current leadership lays claim to a 5 000 year old civilization but China as a unified country and people Bill Hayton argues was created far more recently by a small group of intellectuals In this compelling account Hayton shows how China s present day geopolitical problems the fates of Hong Kong Taiwan Tibet Xinjiang and the South China Sea were born in the struggle to create a modern nation state In the late nineteenth and early twentieth centuries reformers and revolutionaries adopted foreign ideas to invent a new vision of China By asserting a particular politicized version of the past the government bolstered its claim to a vast territory stretching from the Pacific to Central Asia Ranging across history nationhood language and territory Hayton shows how the Republic s reworking of its past not only helped it to justify its right to rule a century ago but continues to motivate and direct policy today

Interpreting China as a Regional and Global Power B. Dessein,2014-11-25 This collection discusses China s contemporary national and international identity as evidenced in its geopolitical impact on the countries in its direct periphery and its functioning in organizations of global governance This contemporary identity is assessed against the background of the country s Confucian and nationalist history

Struggle For National Survival Yuehtsen Juliette Chung,2018-10-24 This dissertation is a historical investigation of the relationship between science and society through the comparative study of eugenics movements as they developed in both Japan and China from the 1890 s to the 1940 s

Knowledge, Policy and Practice in Education and the Struggle for Social Justice: Essays Inspired by the Work of Geoff Whitty Andrew Brown,Emma Wisby,2020-04-01 For 50 years educator and sociologist Geoff Whitty resolutely pursued social justice through education first as a classroom teacher and ultimately as the Director of the Institute of Education in London The essays in this volume written by some of the most influential authors in the sociology of education and critical policy studies take Whitty s work as the starting point from which to examine key contemporary issues in education and the challenges to social justice that they present Set within three themes of knowledge policy and practice in education the chapters tackle the issues of defining and accessing legitimate knowledge the changing nature of education policy under neoliberalism and globalization and the reshaping of teacher workplaces and professionalism as well as attempts to realize more emancipatory practice Whitty s scholarship on what constitutes quality and impact in educational research is also explored Together the essays open a window on a life in the sociology of education the scholarly community of which it was part and the facets of education policy practice and research that they continue to reveal and challenge in pursuit of social justice They celebrate Whitty as one of the foremost sociologists of education of his generation but also as a friend and colleague And they highlight the continued relevance of his contribution to those seeking to promote fairer and more inclusive education systems

On China's Cultural Transformation Keping Yu,2015-11-24 China s economy and social system has witnessed tremendous transformations since late 1970s So is China s culture Centering on the cultural

transformations of China since late 1970s and covering diverse of topics in the field this collection of articles presents a multi dimensional narrative on the dynamics dilemmas and characteristics involving this giant process Twentieth-Century Literary Encounters in China Jeffrey Mather, 2019-10-10 From the travel writing of the eccentric plant collector and Reginald Farrer to Emily Hahn s insider depictions of bohemian life in semi colonial Shanghai to Ezra Pound s mediated journeys to Southwest China via the explorer Joseph Rock Anglo American representations of China during the first half of the twentieth century were often unconventional in terms of style form and content By examining a range of texts that were written in the flux of travel including poems novels autobiographies this study argues that the tumultuous social and political context of China s Republican Period 1912 49 was a key setting for conceptualizing cultural modernity in global and transnational terms In contrast with accounts that examine China s influence on Western modernism through language translation and discourse the book recovers a materialist engagement with landscapes objects and things as transcribed through travel ethnographic encounter and embodied experience The book is organized by three themes which suggest formal strategies through which notions cultural modernity were explored or contested borderlands cosmopolitan performances and mobile poetics As it draws from archival sources in order to develop these themes this study offers a place based historical perspective on China s changing status in Western literary cultures
