Discoveries Coptic Egypt Christians Of The Nile Discoveries Harry Abrams:

The African Memory of Mark Thomas C. Oden, 2011-07-27 We often regard the author of the Gospel of Mark as an obscure figure about whom we know little. Many would be surprised to learn how much fuller a picture of Mark exists within widespread African tradition that holds that Mark himself was from North Africa that he founded the church in Alexandria that he was an eyewitness to the Last Supper and Pentecost that he was related not only to Barnabas but to Peter as well and accompanied him on many of his travels. In this provocative reassessment of early church tradition Thomas C. Oden begins with the palette of New Testament evidence and adds to it the range of colors from traditional African sources including synaxaries, compilations of short biographies of saints to be read on feast days, archaeological sites, non-Western historical documents, and ancient churches. The result is a fresh and illuminating portrait of Mark, one that is deeply rooted in African memory and seldom viewed appreciatively in the West. Late Antique Images of the Virgin Annunciate Spinning

Catherine Gines Taylor, 2018-03-12 In *Late Antique Images of the Virgin Annunciate Spinning*, allotting the scarlet and the purple, Catherine Gines Taylor traces the way early Christians assimilated the symbolism of spinning into images of the Annunciation. Taylor offers an art historical and interdisciplinary look at the earliest images of Mary spinning, underscoring the iconographic model of idealized matronage consistent with lay piety and the cult of Mary. The personal and domestic nature of this motif is evidence toward popular Mariological devotion that preceded the exclusive semi-divine presentation of the Theotokos and stands in contrast with traditional ascetic models for Mary. *War* Mrs. Cathy Miller, Rear Admiral Joseph H. Miller, 2017-11-08 War is an armed conflict between states or nations. The causes of war may be ideological, political, racial, economic, or religious. War has been a feature of history. The use of fighting forces requires strategy and tactics. Efforts to end war have all failed, including the League of Nations and the United Nations. The laws of war are not recognized. There has been no success in leaving out the civilian population in any war. The biblical concept of war required that God declare the war. The LORD hath sworn that the LORD will have war from generation to generation. Exod 17:16 The book of the wars of the LORD. Num 21:14 Our fight against radical Islam is a fight for LORD's battles. 1 Sam 18:7 Our holy war is against murder, terrorists, the rise of ISIS, and forty-four known terrorist groups, and a vanishing freedom. It is now fight or die. **Food,**

Feasts, and Faith Paul Fieldhouse, 2017-04-17 An indispensable resource for exploring food and faith, this two-volume set offers information on food-related religious beliefs, customs, and practices from around the world. Why do Catholics eat fish on Fridays? Why are there retirement homes for aged cows in India? What culture holds ceremonies to welcome the first salmon? More than five billion people worldwide claim a religious identity that shapes the way they think about themselves, how they act, and what they eat. *Food, Feasts, and Faith: An Encyclopedia of Food Culture in World Religions* explores how the food we eat every day often serves purposes other than to keep us healthy and stay alive; we eat to express our faith and to adhere to ethnic or cultural traditions that are part of who we are. This book provides readers with an understanding of the rich world

of food and faith It contains more than 200 alphabetically arranged entries that describe the beliefs and customs of well established major world religions and sects as well as those of smaller faith communities and new religious movements The entries cover topics such as religious food rules religious festivals and symbolic foods and vegetarianism and veganism as well as general themes such as rites of passage social justice hospitality and compassion Each entry on religion explains what the religious dietary laws and guidelines are and how these were interpreted and put into practice historically and in modern settings The coverage also includes important festivals and feast days as well as significant religious figures and organizations Additionally some 160 sidebars provide examples and more detailed information as well as fun facts
