Discovering Grammar Lobeck Book:

Discovering Grammar Anne C. Lobeck, Max Morenberg, 2000 This textbook for college courses in advanced grammar structures of English English syntax and introduction to English language is written for the general student Navigating English Grammar Anne Lobeck, Kristin Denham, 2013-09-23 An engaging and fresh take on the rules and politics of English grammar written in lively prose It goes a step further than most books on grammar by providing an overview of the field with a discussion of historical and current debates about grammar and how we define discuss and approach it Presents a novel inquiry based approach to understanding speakers unconscious knowledge of English grammar Makes lucid connections when relevant with current linguistic theory Integrates language change and variation into the study of grammar Examines historical sources of socially evaluative perceptions of grammar as good or bad and notions of language authority Provides syntactic explanations for many modern punctuation rules Explores some of the current controversies about grammar teaching in school and the role of Standard English in testing and assessment **Linguistics for Everyone: An**

Introduction Kristin Denham, Anne Lobeck, 2009-03-06 LINGUISTICS FOR EVERYONE AN INTRODUCTION First Edition is designed to capture the interest of all students regardless of major and offer them a thorough engaging introduction to the science of language To achieve this goal they devised a unique arrangement of chapters that distinguishes this book from conventional introductory linguistics textbooks Without sacrificing rigor they focus on larger themes rather than on technical details or formal analysis The book opens with a strong introductory chapter addressing basics such as how to define language prescriptive versus descriptive grammar differences between the human language system and other animal communication systems and so on The second chapter devoted to language mind and brain addresses both psycholinguistic and neurolinguistic evidence for humans innate capacity for language To address core linguistics areas in depth there are two chapters each on phonetics and phonology morphology syntax and semantics Throughout the text special features relate the study of linguistics to the language we use in the real world and every chapter includes innovative and varied activities that review and practice the content and offer your students many opportunities to apply the knowledge in their own lives Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

Working with Words Miguel Fuster Márquez, 2011-11-28 Aquest volum intenta oferir als estudiants matriculats en el Grau d Estudis Anglesos un manual de base que els introdu sça en l estudi de les principals mat ries Un manual amb materials pr ctics de treball i continguts que responen a les necessitats d una cont nua actualitzaci de l ensenyament de lleng es estrangeres en una perspectiva emp rica i te rica i que al mateix temps recull i integra els principals corrents cient fics dels estudis anglesos tenint en compte les directrius introdu des per l Espai Europeu d Educaci Superior La novetat d aquest manual resideix a oferir a la xarxa i a la disposici de qualsevol usuari informaci relacionada amb el contingut del llibre textos exercicis autocorrectius i activitats Un espai que convida els usuaris a participar enviant les seves

Understanding Syntax 2nd Edition Maggie Tallerman,2014-03-18

Assuming no prior knowledge of linguistics it discusses and illustrates all the major terms and concepts essential to the study of sentence structure in the world's languages Noun and verb are explained and the properties of these categories are discussed The reader discovers what a finite verb is what first person singular means and what relative clauses look like Concepts such as subject object gender case and subordination are introduced and exemplified Initial illustration is from English with extensive additional material from several other languages Exotic constructions not found in related European languages are fully covered so that verb serialization ergative languages and head marking languages are all included This new edition has been updated and revised to meet the needs of today's students Difficult points are given fuller explanation a glossary of technical terms is included and additional exercises have been introduced to enable students to consolidate what they have learnt

Aitchison's Linguistics Jean Aitchison,2010-07-30 This classic book is a straightforward introduction to linguistics which attempts to answer two fundamental questions What is language and How does language work It outlines the scope of linguistics explaining basic concepts and essential terminology with examples drawn mainly from English Sound patterning syntax and meaning the inner core of linguistics are discussed simply and clearly as are the rapidly growing areas of pragmatics sociolinguistics psycholinguistics and stylistics You will find this contemporary easy to read book essential to broadening your understanding of the subtleties and power of language NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author's many years of experience TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of linguistics FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts TRY THIS Innovative exercises illustrate what you've learnt and how to use it

A Dependency Grammar of English Timothy Osborne,2019-07-15 Dependency grammar DG is an approach to the syntax of natural languages with a long and venerable tradition yet awareness of its potential to serve as a basis for principled analyses of natural language syntax is minimal due to the predominance of phrase structure grammar PSG This book presents a DG of English with two main goals in mind The first is to make the principles of dependency syntax accessible to a general audience so that the novice linguist as well as the seasoned syntactician becomes fully aware of what makes DG unique as an approach to the study of natural language syntax The second is to present and develop a version of DG that then serves as a principled basis for the investigation of central areas of the syntax of English such as long distance dependencies coordination ellipsis valency etc An overarching theme in all this is that DG is simple compared to PSG yet despite this simplicity it is quite effective at shedding light on the nature of syntactic phenomena

Linguistics at School Kristin Denham,Anne Lobeck,2010-01-07 Linguistics is a subject that has remained largely confined to the academy rather than being integrated into school curricula This is unfortunate but not

surprising as although some teacher education programs include courses on linguistics it is not comprehensively integrated into teacher education so it is largely absent from the curriculum This volume brings together a team of leaders in the field of linguistics and education to provide an overview of the current state of research and practice It demonstrates changes which can be made to teaching such as revising teacher s preparation developing and implementing practical applications of linguistics in both primary and secondary classrooms partnering linguists with classroom teachers and working to improve state and national education standards The contributors emphasize the importance of collaboration between professional linguists and educators in order to meet a common goal to raise awareness of the workings of language

Language in the Schools Kristin Denham, Anne Lobeck, 2006-04-21 Language in the Schools Integrating Linguistic Knowledge Into K 12 Teaching addresses two important questions What aspects of linguistic knowledge are most useful for teachers to know What kinds of activities and projects are most effective in introducing those aspects of linguistic knowledge to K 12 students The volume focuses on how basic linguistic knowledge can inform teachers approaches to language issues in the multicultural linguistically diverse classroom The text also includes examples of practical applications of language awareness to pedagogy assessment and curriculum construction which support the current goals of language arts bilingual and ESL education Language in the Schools Integrating Linguistic Knowledge Into K 12 Teaching contributes to the resources on linguistics and education by taking prospective teachers beyond basic linguistics to ways in which linguistics can productively inform their teaching and raise their students awareness of language It is intended as a text for students in teacher education programs who have a basic knowledge of linguistics
