Educational Assessment in the 21st Century Claire Wyatt-Smith, Joy Cumming, 2009-08-05 Signs of Change Assessment Past Present and Future Another Time Another Place Examinations Then and Now In the Temple of Literature in Hanoi Vietnam a series of stone stelae records the names of the handful of illustrious examination candidates who in each century passed the national examination to become a Doctor of Literature Beginning in the 11th century the exams were conducted personally by successive kings who pursued Confucian ideals that found expression in the enormous value placed on the pursuit of wisdom and learning In the 21st century we are both puzzled and impressed by this tradition Puzzled by such an explicit commitment to a meritocracy in an essentially feudal society impressed by this

enthusiasm for learning and the pursuit of wisdom at the highest level of society Yet there are also important similarities between the 11th and 21st centuries Then as now assessment was associated with excellence high standards pr tige and competition success for the chosen few disappointment for the majority Then as now the pursuit of excellence was embedded in a social context that favoured the elite and determined success in terms of the predilections of the p erful Then as now the purpose of the assessment the way it was conducted and its impact on society all re ected the social and economic priorities of the day

Adolescents In The Internet Age, 2nd Edition Paris S. Strom, Robert D. Strom, 2014-07-01 Teaching adolescents and learning from them is the paradigm elaborated throughout this second edition of *Adolescents in the Internet Age* The premise is based upon four assumptions 1 Adolescents have unique experiences that qualify them as the most credible source on what growing up is like in the current environment 2 Adolescents are more competent than many adults with tools of technology that will be needed for learning in the future 3 Adolescents and adults can support mutual development by adopting the concept of reciprocal learning and 4 The common

quest of adolescents to gain adult identity could be attained before employment Expectations are the theme for every chapter The reason expectations are so important is because they influence goals determine priorities and are used to evaluate progress and achievements of individuals and institutions When teacher expectations correspond with the abilities and interests of students achievement and satisfaction are common outcomes In contrast if teachers expect too little student potential can be undermined There is also concern if expectations that students have for themselves surpass their abilities This occurs if teachers do not inform students about their deficits Multitasking doing too many things at the same time detracts from productivity Sharing accountability depends upon complimentary and attainable expectations that can be met by students teachers and parents To support appropriate expectations this book for secondary teachers and high school students seeking a broader understanding of their own generation is organized in four parts about aspects of learning and development 1 Identity expectations introduce traditional perspectives on adolescence changes related to sources of learning evolving emphasis of schools and ways to support motivation goal setting and formation of identity 2 Cognitive expectations examine mental abilities academic standards emergence of the Internet as a learning tool development of media literacy creative problem solving and encouragement of higher order thinking skills 3 Social expectations explore the need for giving greater attention to social development importance of teamwork skills involvement with social networking adoption of civil behavior school safety and values as a basis for ethical behavior and character 4 Health expectations center on decisions that influence physical health well being and lifestyle choice Consideration is given to stress management emotional intelligence and risk assessment strategies for individual teenagers and the schools that they attend
