Dungeon Fire And Sword By John J Robinson:

Dungeon, Fire and Sword John J. Robinson, 1991 Over the last 1000 years the bloodiest game of king of the hill has been for supremacy on the Temple Mount in Jerusalem This book recounts the stirring saga of the Knights Templar the Christian warrior monks who occupied the sacred Mount in the aftermath of the butchery of the First Crusade Recruited to a life intended to lead only to martyrdom they were totally dedicated to the pious paradox that the wholesale slaughter of non believers would earn the eternal gratitude of the Prince of Peace The Templars amassed great wealth which they used to finance their 200 years of war against Moslems on the desert battlefields The Templar s reward for those two centuries of military martyrdom was to be arrested by Pope and King tortured and finally decreed out of existence But their legend and legacy just would not die

The Greatest Story Ever Forged (Curse of the Christ Myth) David Hernandez, 2009-09 Is God fact or fiction This is the question that has been the subject of debate for millennia oftentimes leading to violence as we have seen in the countless religious wars throughout the course of history including the Islamic and Christian wars of today *The Greatest Story Ever Forged* discusses this question and outlines the fabrications giving birth to these monotheistic religions their early developments and how they have tyrannized the West and Middle East for these many centuries Though there have been many defenders of the faith David Hernandez shows how these religions have infinitely caused more damage to man than any good they have ever been credited for having done This is what he calls the Curse of the Christ Myth which derives from the big lie as propounded by the inventors of the Christ Myth who battled as fiercely among themselves as they

did against their detractors or non believers These include everyone from the Jews to the Pagans to the Gnostics to the heretics and any form of infidels in an effort to establish their true religions *The Knights of the Holy Grail* Tim Wallace-Murphy,2012-01-01 Discover the truth about the Knights Templar and find out how this enigmatic order of warrior monks can help to uncover the secret story of the Holy Grail This compelling historical work charts the Knight s achievements in a remarkable range of endeavors from building castles and cathedrals to laying the foundations of the modern marketplace It uncovers the link between the Rex Deus families and the creation and propagation of the Grail sagas as well as the later foundation of the Secret Society of Freemasonry Building a historical framework for the development of Christianity during the last years of the Roman Empire and the Dark Ages that followed has never been so captivating

Mending Bodies, Saving Souls Guenter B. Risse, 1999-04-15 By chronicling the transformations of hospitals from houses of mercy to tools of confinement from dwellings of rehabilitation to spaces for clinical teaching and research from rooms for birthing and dying to institutions of science and technology this book provides a historical approach to understanding of today's hospitals The story is told in a dozen episodes which illustrate hospitals in particular times and places covering important themes and developments in the history of medicine and therapeutics from ancient Greece to the era of AIDS This book furnishes a unique insight into the world of meanings and emotions associated with hospital life and patienthood by including narratives by both patients and care givers By conceiving of hospitals as houses of order capable of taming the chaos associated with suffering illness and death we can better understand the significance of their ritualized routines and rules From their beginnings hospitals were places of spiritual and physical recovery They should continue to respond to all human needs As traditional testimonials to human empathy and benevolence hospitals must endure as spaces of healing

Born In Brotherhood James E. McNabney, 2006-06-19 Born in Brotherhood is not about outlaw bikers Far from it It's about the people who led America's fight for liberty It's about their values and ingrained principles It's about the solemn vows that with rare exception molded their character Born In Brotherhood makes the War for Independence come alive It provides a brutally candid look at the embryonic struggles to achieve the American dream But James E McNabney's book goes even further By focusing on the Freemasons and revealing the Masonic vows taken by America's most revered forefathers Born In Brotherhood answers many of the attacks made upon this secret fraternity Except for the days of King Solomon the world has been besieged by partisan struggles religious wars and sophistry from every persuasion and lately some slanted documentary and even terrorism Born In Brotherhood begs us to take a deeper look at what America stands for principles that unite not divide humanity principles that remind us to oppose tyranny in any form American forefathers sacrificed their lives and fortunes to form a new nation constitutionally empowering people of every nationality sect or opinion to live peacefully together without fear of injustice Born In Brotherhood gives a small sample of the struggles convictions and principles of our forefathers principles that too many of us seem to have dangerously forgotten Written from years of historic and Masonic research Born In Brotherhood presents the reader with a generally unique and unexplored dimension to America's beginnings

Hasan-i-Sabah James Wasserman, 2020-09-14 This publication includes the first English translation of the 1310 biography of Hasan i Sabah by Rashid al Din The Biography of Our Master Sar Guzasht i Sayyidna Hasan i Sabah was born in northern Persia around 1050 and died in 1124 He was an Ismaili missionary or dai who founded the Nizari Ismailis after the usurpation of the Fatimid Imamate by the military dictator of Egypt It may be said that Hasan founded and operated the world s most successful mystical secret society while building a political territory in which to maintain his independence The small empire he created would be home to him his followers and their descendants for 166 years Today under the leadership

of the Aga Khan the Nizari Ismailis are one of the preeminent Muslim sects in the world numbering some twenty million members in twenty five countries The medieval Nizaris were also known as Assassins or Hashishim They became embedded in European consciousness because of their contact with the Knights Templar and other Crusaders and visitors to the Near East Several Europeans reported back with strange and largely false tales of the Assassins In the fourteenth century they were widely popularized by the famed Venetian traveler and writer Marco Polo in The Travels of Marco Polo He added a whole new level of myth in his account of the sect included in this volume along with extensive commentary Of greatest interest is the idea that the Assassins were the spiritual initiators of the Knights Templar If this is true Hasan i Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and the Gnostic Esoteric trends that continue to this day Essential reading for an understanding of modern esoteric secret societies and today s headlines coming from the Middle East Includes 9 maps [On Crusade](#) Katherine Kurtz,2009-05-01 The bestselling author of the Deryni fantasy series has compiled a new collection of stories about a mysterious and romantic order of medieval knights featuring tales written by Andre Norton Deborah Turner Harris and other of today s leading fantasists *A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit* A.S.,2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religio corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church s ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and

left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change *The Knights Templar: An Introduction* Douglas Buchanan,2018-02-28 This book was originally a set of notes given to metaphysical and magickal students in the middle 90's As a member of The Knights Templar of Aquarius from its earliest days I was interested in seeing that my many initiated students learned about where so much of the current occult knowledge originated **Assassin!** Haha Lung,2004 In this unique and astonishing book Dr Lung not only traces the complete history of the hashishin but explains the rules of Islamic warfare and the true concept of jihad **Custodians Of Truth** Tim Wallace-Murphy,Marilyn Hopkins,2005-05-15 A curious thing happened to Tim Wallace Murphy and Marilyn Hopkins when they published *Rex Deus* their first book on the bloodline of Christ they were contacted by a man from the very lineage they were studying And instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the *Rex Deus* lineage exists and even disclosed some of its fundamental secrets The story of the *Rex Deus* families direct descendants of Christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought Instead of beginning during the time of Jesus it stretches far back into antiquity to the Egyptian Mystery Schools Instead of being only a propagation of the holy bloodline the *Rex Deus* families are also carriers of the secret teachings of Jesus *Custodians of Truth* reveals the purpose and secrets of the *Rex Deus* lineage Jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the secular world These teachings have manifested throughout history in different forms Gnostic philosophy around the time of Jesus the Order of the Knights Templar Freemasons and the current resurgence of interest in New Age thought Finally the time is right for the hidden message of Jesus to be revealed a message of tolerance brotherhood and respect for nature The next chapter in the legend of the Holy Grail and the bloodline of Christ from the best selling authors of *Rosslyn* *The Irreducible Minimum* David C. Myers,2002-07-01 *The Irreducible Minimum* is a careful examination of the eleven essential doctrines including the doctrine of the Bible Dispensationalism Theology Proper and Trinitarianism Christology Holy Spirit Angels Sin Salvation the Church and the doctrine of last things from a pre tribulational pre millennial viewpoint
