web of model predictive control mpc has seen tremendous progress first and foremost the algorithms and high level software available for solving challenging nonlinear optimal control problems have advanced significantly for this reason we have added a new chapter chapter 8 numerical optimal control and coauthor professor moritz m

mpc website nob hill publishing - Jul 02 2022

web this text provides a comprehensive and foundational treatment of the theory computation and design of model predictive control it will enable researchers to learn and teach the fundamentals of mpc without continuously searching the diverse control research literature for omitted arguments and requisite background material

model predictive control springerlink - Jul 14 2023

web authors e f camacho c bordons provides an approach to control that is more pragmatic than the complex schemes common in academic research while maintaining the power necessary for a robust approach to a wide variety of processes and systems
