Dust Egypt's Forgotten Architecture:

Dust Xenia Nikolskaya, 2022-09-27 A stunning photographic compilation of Egypt's abandoned palaces and grand buildings. Between 1860 and 1940 Cairo and other large cities in Egypt witnessed a major construction boom that gave birth to extraordinary palaces and lavish buildings. These incorporated a mix of architectural styles such as Beaux Arts and Art Deco with local design influences and materials. Today many lie empty and neglected, rapidly succumbing to time, a real estate frenzy, and an ongoing population crisis. In 2006 Russian-born photographer Xenia Nikolskaya began the process of documenting these structures. She gained exceptional access to them, taking photographs at some thirty locations including Cairo, Alexandria, Luxor, Minya, Esna, and Port Said. These photographs were documented in the first edition of *Dust Egypt's Forgotten Architecture*, which soon after its release in 2012 became a rare collector's item. This revised and expanded edition includes photographs from the first edition together with extra unseen images and new photographs taken by Nikolskaya between 2013 and 2021. It also includes previously unpublished essays by Heba Farid, co-owner of the Cairo-based photo gallery Tintera, and architect and urban planner Omar Nagati, co-founder of CLUSTER, an urban design and research platform also in Cairo. *Dust Egypt's Forgotten Architecture* leads us seductively into some of the most breathtaking architectural spaces of Egypt's recent past, filled with a sense of both the immense weight and the impermanence of history. **Dust**, 2012

Identity, Agency and Fieldwork Methodologies in Risky Environments Monique Marks, Julten Abdelhalim, 2020-06-29 Bringing together a unique set of narratives from social scientists who have been situated in risky environments, this volume discusses the moral and ethical dilemmas of doing fieldwork in environments that are characterised by insecurity. These narratives are situated in the Global South, and the majority of the authors are themselves from the Global South, bringing both authenticity and originality to the scholarship in this book. Coming from the Global South can both facilitate and complicate navigating the complexity of doing research in places characterised by precariousness. The authors demonstrate how the morality of the moment and indigenous sensibility is often more pertinent than formal ethical considerations as stipulated by universities and other institutions. The authors are refreshingly honest about their own identity dilemmas, their choices to exit the field prematurely, and the raw emotions that emerged in the process of doing fieldwork in these settings. This book is likely to be instructive to young researchers entering into fields that are risky, often with little instruction or supervision prior to doing so. It is also an excellent resource for more seasoned researchers who might have had comparable experiences and are keen to reflect on such research journeys. It will be an invaluable resource for teaching qualitative research across a wide spectrum of disciplines. This book was originally published as a special issue of *Contemporary Social Science*. **На руинах нового** Кирилл Кобрин, 2020-03-02 XVII **Forgotten Patriot** J. Jefferson, 2022-01-27 The Cairo Genizah is considered one of the world's greatest Hebrew manuscript treasures Yet the story of how over a quarter of a million fragments hidden in Egypt were discovered and distributed around the world before becoming collectively known as The Cairo Genizah is far more convoluted and compelling than previously told The full story involves an international cast of scholars librarians archaeologists excavators collectors dealers and agents operating from the mid nineteenth to the early twentieth century and all acting with varying motivations and intentions in a race for the spoils Basing her research on a wealth of archival materials Jefferson reconstructs how these protagonists used their various networks to create key alliances or to blaze lone trails each one on a quest to recover ancient manuscripts Following in their footsteps she takes the reader on a journey down into ancient caves and tombs under medieval rubbish mounds into hidden attic rooms vaults basements and wells along labyrinthine souks and behind the doors of private clubs and cloistered colleges Along the way the reader will also learn about the importance of establishing manuscript provenance and authenticity and the impact to our understanding of the past when either factor is in doubt **Nothing Happened and Then It Did** Jake Silverstein, 2025-04-25 The road novel or the road half novel has rarely been funnier or more appealing Benjamin Moser Harper's In the great American tradition of funny road narratives from Mark Twain to Hunter S Thompson a young journalist searches for his first big break down the lonesome highways of the Southwest and northern Mexico Alternating chapters of fiction and nonfiction provide a hilarious account of Jake Silverstein's misadventures on the hunt for an elusive magazine article a journey that becomes a quest to understand the purpose of journalism and the nature of storytelling
