Moore,2016-03-15 Clinical Decision Making for Adult Gerontology Primary Care Nurse Practitioners provides a systematic approach to clinical decision making for a wide variety of commonly encountered primary care issues in adult and geriatric practice Unlike other textbooks it details a progressive approach to handling such issues by focusing on the complete visit from history intake through management and follow up care The goal of this text is to enable students to learn a systematic approach to clinical problems and use evidence based guidelines to direct their management decisions Designed for both the student and the newly practicing NP this text serves as a guide to increase the practitioner s confidence with the application of assessment skills diagnostic choices and management approaches Throughout the text students will find guidelines for the adult gerontology nurse practitioner role as well as a real life case studies that demonstrate what an NP may encounter in the clinical practice environment The text is written at an application level employs up to date evidence based literature and features practice questions all of which make this a strong resource for certification preparation El-Hi Textbooks in Print ,1984 Social Psychology, Third Edition Paul A. M. Van Lange,E. Tory Higgins,Arie W. Kruglanski,2020-10-06 This definitive work now extensively revised with virtually all new chapters has introduced generations of researchers to the psychological processes that underlie social behavior What sets the book apart is its unique focus on the basic principles that

guide theory building and research Since work in the field increasingly transcends such boundaries as biological versus cultural or cognitive versus motivational systems the third edition has a new organizational framework Leading scholars identify and explain the principles that govern intrapersonal interpersonal intragroup and intergroup processes in chapters that range over multiple levels of analysis The book s concluding section illustrates how social psychology principles come into play in specific contexts including politics organizational life the legal arena sports and negotiation New to This Edition Most of the book is entirely new Stronger emphasis on the contextual factors that influence how and why the basic principles work as they do Incorporates up to date findings and promising research programs Integrates key advances in such areas as evolutionary theory and neuroscience
