Exploring Mysticism Exploring Mysticism:

Exploring Mysticism Frits Staal, 1975 Until less than a century ago the two prevailing views of dreams as well as of souls were that they are inconsequential the scientific view or of divine origin the religious view In either case it was assumed that they cannot be objects of rational inquiry Similar views still prevail regarding mystical experiences and mysticism in general Modern Western opinion whether friendly or hostile holds that the mystical falls squarely within the domain of the irrational *Exploring Mysticism* Frits Staal, 2023-09-01 Until less than a century ago the two prevailing views of dreams as well as of souls were that they are inconsequential the scientific view or of divine origin the religious view In either case it was assumed that they cannot be objects of rational inquiry Similar views still prevail regarding mystical experiences and mysticism in general Modern Western opinion whether friendly or hostile holds that the mystical falls squarely within the domain of the irrational Mr Staal argues that mysticism can be studied rationally and that without such study no theory of mind is complete He exposes the grounds for the belief that mysticism cannot be studied and shows them to be prejudices issuing from a particular historical development While his contention has unflattering implications for the contemporary study of the humanities in general it reveals in particular that existing academic approaches to the study of mysticism even those that appear sound are in fact inadequate This conclusion applies to a variety of dogmatic inquiries and as becomes clear in these pages to philological historical phenomenological sociological physiological and psychological ones as well The illustrations in *Exploring Mysticism* are drawn mainly from Indian forms of mysticism such as Yoga supplemented with Buddhist Taoist Muslim and Christian examples Until less than a century ago the two prevailing views of dreams as well as of souls were that they are inconsequential the scientific view or of divine origin the religious view In either case it was assumed that they cannot be objects of rational *Exploring Mysticism* Frits Staal, 1980 *Exploring Lost Dimensions in Christian Mysticism* Louise Nelstrop, Simon D. Podmore, 2016-04-15 Mystical theology has developed through a range of meanings from the hidden dimensions of divine significance in the community's interpretation of its scriptures to the much later science of the soul's ascent into communion with God The thinkers and questions addressed in this book draws us into the heart of a complicated beautiful and often tantalisingly unfinished conversation continuing over centuries and often brushing allusively into parallel concerns in other religions Raising fundamental matters of epistemology representation metaphysics and divine reality contributors approach the mystical from postmodern feminist sociological and historical perspectives through thinkers such as Meister Eckhart Thomas Aquinas Catherine of Siena Ignatius of Loyola William James Evelyn Underhill Ernst Troeltsch Rudolf Otto Jacques Derrida Jean Luc Marion and Jean Louis Chr tien Medieval and early modern radical prophetic approaches are also explored This book includes new essays by Sarah Apetrei Tina Beattie Raphael Cadenhead Oliver Davies Philip Endean Brian FitzGerald Ann Loades George Pattison Simon D Podmore Joel D S Rasmussen and Johannes Zachhuber *The Mystic's Almanac: Exploring the Realm of Spirit, Consciousness and Beyond* Pasquale De

Marco,2025-04-26 In the realm of consciousness where the tangible and intangible intertwine lies a realm of wonder and mystery the realm of mysticism The Mystic s Almanac Exploring the Realm of Spirit Consciousness and Beyond is an invitation to embark on a transformative journey into this enigmatic realm to explore the depths of your own consciousness and uncover the hidden dimensions of existence Within these pages you will discover the transformative power of mysticism its ability to heal inspire and awaken the soul Drawing upon ancient wisdom and modern insights The Mystic s Almanac Exploring the Realm of Spirit Consciousness and Beyond guides you through a labyrinth of mystic experiences unveiling the secrets of altered states the power of intention and the interconnectedness of all things As you journey through this book you will encounter spirit guides higher beings and angelic forces and learn to navigate the labyrinth of symbols and dreams that hold the keys to unlocking your true potential You will explore the nature of mind the mysteries of reality and the vastness of the soul gaining a deeper understanding of yourself and your place in the universe Whether you are a seasoned seeker or a curious explorer The Mystic s Almanac Exploring the Realm of Spirit Consciousness and Beyond offers a comprehensive guide to the realm of mysticism It delves into the spectrum of mystic experiences from lucid dreaming and astral travel to shamanic journeying and spiritual awakening You will learn to recognize the signs of spiritual growth overcome challenges and obstacles and cultivate the virtues and qualities essential for spiritual transformation This book is not merely a collection of abstract concepts it is a practical guide to awakening your own inner mystic It provides tools and techniques to help you explore altered states of consciousness develop your intuition and connect with the divine As you journey through its pages you will discover a profound sense of wonder awe and interconnectedness and your life will be forever changed The Mystic s Almanac Exploring the Realm of Spirit Consciousness and Beyond is more than just a book it is a catalyst for spiritual awakening a companion on your journey towards self discovery and enlightenment Embrace the mystic s calling and embark on a voyage of self transformation that will leave you forever changed If you like this book write a review on google books

The Mystic Mind: Exploring Consciousness Beyond the Physical Pasquale De Marco,2025-07-16 In this groundbreaking exploration of consciousness we journey into the depths of the human mind to unravel the mysteries of our subjective experience From the enigma of self awareness to the interconnectedness of all things we embark on a quest to understand the nature of reality itself Drawing on the latest scientific research ancient wisdom traditions and personal narratives this book offers a comprehensive exploration of consciousness from multiple perspectives We delve into altered states of consciousness explore the healing power of mindfulness and investigate the possibility of a collective consciousness Moving beyond the individual we explore the relationship between consciousness and the cosmos pondering the nature of consciousness in the universe and the potential for a cosmic consciousness We also consider the ethical and philosophical implications of consciousness research as we navigate the uncharted territories of this new frontier With profound insights and thought provoking questions this book challenges our conventional understanding of reality It reveals that consciousness

is not merely a product of the brain but rather a fundamental aspect of the universe itself This book is an essential read for anyone seeking to understand the nature of consciousness explore the depths of their own mind and discover the interconnectedness of all things It is a journey of self discovery a quest for meaning and an invitation to expand our understanding of the universe we inhabit If you like this book write a review

If you like this book, write a review.

Mysticism, 2021-09-06 Although very different and coming from a range of academic backgrounds, the contributors are nevertheless united in their attempts to understand more about mysticism from a perspective that puts the human being in the center. *Mysticism Examined* Richard H. Jones, 1993-01-01 *Mysticism* presents a challenge to anyone who is interested in fundamental questions about the nature of reality, knowledge, and how we should live. In this book, the author examines questions posed by mysticism. He clarifies the nature of the claims advanced by Western and Asian mystics.

and explores the beliefs and values of classical mystical ways of life for their interconnections and reasonableness Jones discusses whether all mystical experiences and all mystical claims of knowledge are similar and examines the relation of concepts and experiences in mystics claims Also presented are standards for evaluating competing mystical claims and mystics problems with language Whether mystics arguments are rational is investigated along with the relation of moral and non moral values and the role of beliefs and values in enlightened mystics ways of life Mysticism s relation to the enterprises of science theology psychology and ethics is also examined **Mystics and Scholars** Terence Penelhum,2006-01-01 In September of 1976 a group of some fifty scholars and practising mystics gathered at the University of Calgary The chief objective of the Conference was to ponder and assess the nature of mysticism in its Eastern Western and North American Indian forms The method the Conference followed was somewhat unusual in that it aimed at a dialogue between the practising mystics and the scholars What this book presents to the reader is not the outcome of the dialogue but the personal statements and papers from which the dialogue began Of course there is a degree to which the dialogue is already present in that the papers of the scholars were written with the statements of the mystics in hand Among some of the philosophers present a set of more formal comments on each others presentations was recorded and these have been included

Comparative Mysticism Steven T. Katz,2013 This collection of primary texts introduces readers to the mystical literature of the world s great religious traditions Beginning with an introduction by Steven T Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition *Comparative Mysticism* shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in *Comparative Mysticism* address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come The Mystic Experience Jordan Paper,2012-02-01 The mystic zero or void experience the ecstatic disappearance of self along with everything else is considered by those who have had it to be the most beautiful blissful positive profound and significant experience of their lives Offering both a descriptive and a comparative perspective this book explores the mystic experience across cultures as both a human and cultural event The book begins and ends with descriptions of the author s own mystical experiences and looks at self reported experiences by

individuals who do not link their experiences to a religious tradition to determine characteristics of this universal human experience These characteristics are compared to statements of acknowledged mystics in diverse religious traditions The mystic experience is also situated within other ecstatic religious experiences to distinguish it from similar but distinct experiences such as lucid dreams shamanism and mediumism Jordan Paper goes on to look at how the mystic experience has been considered in various fields such as sociology psychology anthropology biology and comparative religious studies

Literature of Mysticism in Western Tradition P. Grant,1983-09-01 Mystic Union Nelson Pike,1992 What is it to experience union with God In this highly original and accessible book one of our leading philosophers of religion seeks to answer this question by analyzing the several states of mystic union as they are described and explained in the classical primary literature of the Christian mystical tradition **Mysticism** Jess Byron Hollenback,1996 This sweeping study of mysticism by Jess Hollenback considers the writings and experiences of a broad range of traditional religious mystics including Teresa of Avila Black Elk and Gopi Krishna It also makes use of a new category of sources that more traditional scholars have almost entirely ignored namely the autobiographies and writings of contemporary clairvoyants mediums and out of body travelers This study contributes to the current debate about the contextuality of mysticism by presenting evidence that not only are the mystic s interpretations of and responses to experiences culturally and historically conditioned but historical context and cultural environment decisively shape both the perceptual and affective content of the mystic s experience as well Hollenback also explores the linkage between the mystic s practice of recollection and the onset of other unusual or supernormal manifestations such as photisms the ability to see auras telepathic sensitivity clairvoyance and out of body experiences He demonstrates that these extraordinary phenomena can actually deepen our understanding of mysticism in unexpected ways A unique feature of this book is its in depth analysis of empowerment an important phenomenon ignored by most scholars of mysticism Empowerment is a peculiar enhancement of the imagination thoughts and desires that frequently accompanies mystical states of consciousness Hollenback shows its cross cultural persistence its role in constructing the perceptual and existential environments within which the mystic dwells and its linkage to the fundamental contextuality of mystical experience The Integral Philosophy of Aurobindo Brainerd Prince,2017-01-20 Sri Aurobindo was an Indian nationalist philosopher yogi guru and poet This book is an enquiry into the integral philosophy of Aurobindo and its contemporary relevance It offers a reading of Aurobindo s key texts by bringing them into conversation with religious studies and the hermeneutical traditions The central argument is that Aurobindo s integral philosophy is best understood as a hermeneutical philosophy of religion Such an understanding of Aurobindo s philosophy offering both substantive and methodological insights for the academic study of religion subdivides into three interrelated aims The first is to demonstrate that the power of the Aurobindonian vision lies in its self conception as a traditionary hermeneutical enquiry into religion the second to draw substantive insights from Aurobindo s enquiry to envision a way beyond the impasse within the current

religious secular debate in the academic study of religion Working out of the condition of secularism the dominant secularists demand the abandonment of the category religion and the dismantling of the academic discipline of religious studies Aurobindo's integral work on religion arising out of the Vedānta tradition critiques the condition of secularity that undergirds the religious secular debate Finally informed by the hermeneutical tradition and building on the methodological insights from Aurobindo's integral method the book explores a hermeneutical approach for the study of religion which is dialogical in nature This book will be of interest to academics studying Religious Studies Philosophy of Religion Continental Hermeneutics Modern India Modern Hinduism as well as South Asian Studies

Of Mystics & Mistakes Sadhguru, 2012-01-01 THERE ARE ONLY TWO TYPES OF PEOPLE MYSTICS AND MISTAKES says Sadhguru leaving readers in no doubt of the category to which they belong That sounds damning But mistakes can thankfully be rectified And that's the hope this book holds out to seekers It reminds us that each one of us can make the journey from confusion to clarity from error to enlightenment from self-deception to self-discovery if only we choose

Shadows and Miracles: A Journey into the Mystic Realm Pasquale De Marco, 2025-04-12 Embark on a mystical journey through the fabric of the cosmos and unravel the profound secrets hidden within *Shadows and Miracles: A Journey into the Mystic Realm* unveils the existence of unseen forces shaping our world and invites you to explore the hidden realms that lie just beyond the veil of reality Discover the cosmic beings who orchestrate the universe unveil the mysteries of the astral plane and delve into the enigma of time travel With each chapter uncover the tapestry of the cosmos woven with threads of energy consciousness and infinite possibilities Explore the cosmic clock the cycle of creation and destruction that governs the universe and ponder the ultimate fate of all existence Discover the seeds of new universes the potential for cosmic rebirth and the destiny of cosmic beings as they navigate the ever-changing landscape of the cosmos Immerse yourself in the convergence of science and magic as alchemists quantum mystics and techno-wizards unlock the secrets of the universe Traverse the mystic realms from the ethereal plane to the celestial abode of gods and goddesses and uncover the hidden worlds that coexist with our own This book is an invitation to awaken your sense of wonder and explore the boundless mysteries of the cosmos It is a testament to the interconnectedness of all things and the limitless potential of human consciousness Prepare to be captivated as you journey through the mystic realm where the boundaries of reality blur and the secrets of existence unfold before your very eyes *Shadows and Miracles: A Journey into the Mystic Realm* is a captivating odyssey into the hidden realms of the universe offering a profound understanding of the cosmic forces that shape our world If you like this book write a review on google books
