*Exploring New Religions* George D. Chryssides, 1999-12-01 An objective well researched history of contemporary new religions and cults New religious movements popularly known as cults arouse strong public opinion and most books on the subject are polemical giving hostile reaction rather than informed exploration Exploring New Religions provides an account of a wide variety of new religions focusing on their origins beliefs and practices which are set out in a dispassionate way leaving readers to form their own value judgements George Chryssides provides important analysis of the killer cults the Jonestown People s Temple Waco the Solar Temple and Heaven s Gate examining the factors that made their followers willing to die for their cause Older groups like the Jehovah s Witnesses and Latter day Saints Mormons are discussed and Chryssides traces the development of a variety of strands of spirituality ranging from New Thought Spiritualism and Theosophy Subsequent chapters include the Baha i the Family formerly Children of God the Hare Krishna movement ISKCON the Jesus Army the Rastafarians the Church of Scientology Transcendental Meditation TM and the Unification Church the Moonies Lower profile groups are also discussed including EST Erhard Seminar Training the New Kadampa Tradition Brahma Kumaris Sai Baba Subud and the Western Buddhist Order A study of the New Age phenomenon and an account of societal responses to new religions at religious societal and political levels is also included *Exploring New Religions* George D. Chryssides, 1999 On comparative religion **New Religions** Eugene V. Gallagher, Lydia Willsky-Ciollo, 2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities **Cults and New Religions** Douglas E. Cowan, David G. Bromley, 2015-04-27 This unparalleled introduction to cults and new religious movements has been completely up dated and expanded to reflect the latest developments each chapter reviews the origins leaders beliefs rituals and practices of a NRM highlighting the specific controversies surrounding each group A fully

updated revised and expanded edition of an unparalleled introduction to cults and new religious movements Profiles a number of the most visible significant and controversial new religious movements presenting each group s history doctrines rituals leadership and organization Offers a discussion of the major controversies in which new religious movements have been involved using each profiled group to illustrate the nature of one of those controversies Covers debates including what constitutes an authentic religion the validity of claims of brainwashing techniques the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender New sections include methods of studying new religions in each chapter as well as presentations on groups to watch

### **New Religions and Spiritualities**

Stephen Hunt,2017-03-02 Since the 1960s a fresh wave of new religions and what has come to be termed spiritualities have been evident on a global scale This volume in The Library of Essays on Sexuality and Religion focuses on these new religions and their often contentious attitudes towards human sexuality Part 1 through previously published articles provides instances of affirming orientations of the new religions towards sexuality This entails scrutinising examples of innovative religion from a historical perspective as well as those of a more contemporary nature Part 2 examines with pertinent illustrations the controversial character of new religions in their cultist forms and matters of sexual control and abuse Part 3 considers sexuality as articulated through paganism the occult and esotericism in the postmodern setting Part 4 examines both hetero and non hetero expressions of sexuality through the so called New Spiritualities Quasi religions and the more hidden forms of religiosity

**New Era - New Religions** Andrew Dawson,2016-04-29 New Era New Religions examines new forms of religion in Brazil The largest and most vibrant country in Latin America Brazil is home to some of the world s fastest growing religious movements and has enthusiastically greeted home grown new religions and imported spiritual movements and new age organizations In Brazil and beyond these novel religious phenomena are reshaping contemporary understandings of religion and what it means to be religious To better understand the changing face of twenty first century religion New Era New Religions situates the rise of new era religiosity within the broader context of late modern society and its ongoing transformation

Controversial New Religions James R. Lewis,Jesper Aa. Petersen,2014-07-16 In terms of public opinion new religious movements are considered controversial for a variety of reasons Their social organization often runs counter to popular expectations by experimenting with communal living alternative leadership roles unusual economic dispositions and new political and ethical values As a result the general public views new religions with a mixture of curiosity amusement and anxiety sustained by lavish media emphasis on oddness and tragedy rather than familiarity and lived experience This updated and revised second edition of Controversial New Religions offers a scholarly dispassionate look at those groups that have generated the most attention including some very well known classical groups like The Family Unification Church Scientology and Jim Jones s People s Temple some relative newcomers such as the Kabbalah Centre the Order of the Solar Temple Branch Davidians Heaven s Gate and the Falun Gong and some interesting cases like contemporary Satanism the

Raelians Black nationalism and various Pagan groups Each essay combines an overview of the history and beliefs of each organization or movement with original and insightful analysis By presenting decades of scholarly work on new religious movements written in an accessible form by established scholars as well as younger experts in the field this book will be an invaluable resource for all those who seek a view of new religions that is deeper than what can be found in sensationalistic media stories

Exploring Religions in Motion Michael Pye, 2013-03-22 These two volumes present Pye's methodological theoretical and field based interests in the study of religions Pye understands the study of religions to be an international enterprise with roots in both European and East Asian culture This relates to his active role in the International Association for the History of Religions IAHR as a former General Secretary and President The work is presented in seven sections which could be used in teaching assignments The first volume begins with a lively introduction on Methodological Strategies followed by East Asian Starting Points a radical attempt to overcome Eurocentrism and Structures and Strategies which tackles globally significant institutional and ideological questions The second volume presents selected strands in the study of religions Comparing and Contrasting is followed by Tradition and Innovation including reference to specific new religions Transplantation and Syncretism is a definitive package on syncretism and includes new materials from South East Asia Finally Contextual Questions explores wider themes of identity plurality dialogue of religions religious education and peace These show how relevant the study of religions can be when it is distinctly and responsibly defined

Hidden Religion Micah Issitt, Carlyn Main, 2014-09-16 Covering secret societies mysterious ancient traditions and the often mistaken history of the world's religious symbols this book takes readers on a tour through the fascinating world of religious symbolism and reveals the most mysterious and misunderstood facets of religion Hidden Religion The Greatest Mysteries and Symbols of the World's Religious Beliefs not only explores the history and origins of widely recognizable symbols like the Christian cross and the Star of David but also introduces readers to more obscure symbols from religious traditions around the world even defunct ones like those of the ancient Aztec and Mayan societies In addition the book discusses the religious secrets found in the major religions including secret societies of Christianity Judaism Islam and Buddhism Containing more than 170 entries the encyclopedia is organized by religious category such as Abrahamic East Asian and African Diasporic religions then alphabetically within each category Each entry is prefaced with a short introduction that explains where and when the religious tradition originated and describes the religion today This information is followed by an analysis of the historical development and use of symbols along with an explanation of connections between symbols used by different religions such as shared astrological symbolism in the form of moon sun or star motifs

Social Theory and Religion James A. Beckford, 2003-08-21 Many aspects of religion are puzzling these days This book looks at ways of improving our understanding of religious change by strengthening the links between social theory and the social scientific study of religion It clarifies the social processes involved in constructing religion and non religion in public and private life Taking illustrations

of the importance of these boundaries from studies of secularisation religious diversity globalisation religious movements and self identity James A Beckford reviews the current state of social scientific knowledge about religion     *Discovering World Religions* Gabriel J. Gomes,2012-07 In *Discovering World Religions* author Gabriel J Gomes provides a comprehensive overview of a wide range of world religions including Native American African traditional Hinduism Jainism Buddhism Confucianism Daoism Shinto Zoroastrianism Judaism Christianity Islam and more     *Routledge Companion to Philosophy of Religion* Chad Meister,Paul Copan,2013-01-17 The *Routledge Companion to Philosophy of Religion* Second edition is an indispensable guide and reference source to the major themes movements debates and topics in philosophy of religion Considerably expanded for the second edition over seventy entries from a team of renowned international contributors are organized into nine clear parts philosophical issues in world religions key figures in philosophy of religion religious diversity the theistic conception of God arguments for the existence of God arguments against the existence of God philosophical theology Christian theism recent topics in philosophy of religion Covering key world religions including Hinduism Buddhism and Islam and key figures such as Augustine Aquinas and Kierkegaard the *Companion* explores the central topics in theism such as the ontological cosmological and teleological arguments for God s existence Three final parts consider Catholicism Protestantism Eastern orthodoxy and current debates including phenomenology reformed epistemology religious experience and religion and science making the *Companion* as a whole essential reading for students of philosophy or religion and suitable for anyone coming to the subject for the first time This second edition includes new chapters on Blaise Pascal Baruch Spinoza Interreligious Dialogue Death and the Afterlife Incorporeality Religion and Global Ethics New Religious Movements Religion and the Environment and Religion and Film     *Kids of Knutby* Sanja Nilsson,2023-09-29 This book tells the story of the children and youth of the charismatic new religious commune Knutby Filadelfia in Sweden It recounts the history of the congregation which started out as a part of the Swedish Pentecostalmovement in 1921 In the 1990s it developed into a new religion when the congregation s female pastor embraced the role of the Bride of Christ The congregation became widely known in 2004 when one of its members was murdered by another member the latter claiming to have been acting on orders from God In 2018 the congregation dissolved after a few years of internal crisis Sanja Nilsson provides rich empirical analysis of archival material and interviews with the congregation s children and youth The young informants personal perspectives on their own childhoods encompass narratives from their time inside the congregation when they identified as members of a stigmatized minority religion as well as from the time after the dissolution of the group when they identified as defectors from what they came to view as a sectarian milieu This work offers a comprehensive insight into the Knutby Filadelfia congregation a group that although notoriously charted by the media has been hitherto unexplored by academics It adds to the growing field of studies concerned with childhoods within new religions and expounds the dynamics of the defection process from the rarely applied perspective of children and youth themselves     **The Re-Enchantment of the**

**West, Vol 2** Christopher Partridge,2006-06-20 Challenging some assessments of religion in the West this study argues that although much organized religion particularly Christianity is in numerical decline in actual fact we are witnessing an alternative spiritual re enchantment of society and culture

**The Ocean of God** Roland Faber,2019-06-29 The Ocean of God conveys the proposition that the future of religions if they will not want to contribute to the destruction of humanity will become transreligious Based on the assumption that the spiritual impulse of humanity cannot simply be eradicated religiosity will persist in transreligious forms as secularizations naturalizations and transhumanist dreams only envision such transformations but fall short in their ability to replace the force of spirituality to further civilized peace of human existence on Earth and its future in evolutionary ecological and cosmological dimensions In relating the contributions of religious pluralism to the concept of the unity of religions which have arisen in this new axial age for overcoming the checkered history of religions in furthering peace the program of a polyphilic pluralism with its transreligious discourse based on the insight of the fundamental relativity of religious truth and the special contributions of process philosophy and theology as well as the Bah universe of thought analyses and projects a new religiosity or spirit enabling religions to overcome their deepest motives of strife and warfare

Rave Culture and Religion Graham St John,2004-06-01 The collection provides insights on developments in post traditional religiosity especially New Age and Neo Paganism through studies of rave s Gnostic narratives of ascensionism and re enchantment explorations of the embodied spirituality and millennialist predispositions of dance culture and investigations of transnational digital art countercultures manifesting at geographic locations as diverse as Goa India and Nevada s Burning Man festival Contributors examine raving as a new religious or revitalization movement a powerful locus of sacrifice and transgression a lived bodily experience a practice comparable with world entheogenic rituals and as evidencing a new Orientalism Rave Culture and Religion will be essential reading for advanced students and academics in the fields of sociology cultural studies and religious studies

**Faith in the Future** Thomas Reuter,Alexander Horstmann,2012-10-12 Revitalization of religious and cultural traditions is taking place in nearly all contemporary Asian societies and beyond This book provides a comparative analysis of the key features and aspirations of revitalization movements and assesses their scope for shaping the future

Beshara and Ibn 'Arabi Suha Taji-Farouki,2010-11-18 Investigating Sufi inspired spirituality in the modern world this interdisciplinary text combines cultural study with solid data to provide a comprehensive look at how the teachings of Ibn Arabi have been adopted and adapted by Muslims and non Muslims At the heart of this movement is the Beshara School in Scotland founded in the 1960s and now a center of international scholarship Using the school as a case study the discussion describes its emergence and evolution its approach to spiritual education the origins of its spiritual teacher its major teachings and practices and its projection of Ibn Arabi Both rigorous and very timely this effort points to areas of cultural exchange between East and West and highlights commonalities in the various historical changes both societies have undergone

[phase locked loop matlab simulink mathworks](#) - Feb 12 2023

phase locked loop this model shows how to model a phase locked loop the charge pump and filter are modeled using discrete analog components whereas the oscillator is represented as behavioral component using the simscape electrical voltage controlled oscillator block

**phase locked loop matlab simulink mathworks australia** - Dec 10 2022

this model shows how to model a phase locked loop the charge pump and filter are modeled using discrete analog components whereas the oscillator is represented as behavioral component using the simscape electrical voltage controlled oscillator block

**digital phase locked loop matlab simulink mathworks** - May 03 2022

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

*phase locked loops matlab simulink mathworks* - Jan 31 2022

model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

**digital phase locked loop matlab simulink mathworks** - Sep 19 2023

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco

**phase locked loops matlab simulink mathworks** - Jul 17 2023

[modeling and simulating an all digital phase locked loop](#) - Nov 28 2021

figure 2 simulink phase domain model with the simulink model we can easily simulate noise nonlinearities and the kinds of effects seen in real devices for example the effects of any mismatch between the up current and the down current in the charge pump similarly the simulink model shows us how phase noise is affected by spurs

**how to model phase locked loop in simulink mathworks** - Sep 07 2022

dec 7 2022 pll png i am trying to simulate a simple phase locked loop model in simulink but for some reasons the time for execution is stuck at 0 i assume the system is not getting feedback the signal is a sine wave with freq 10 hz and amplitude 2

modeling and simulating an all digital phase locked loop - May 15 2023

modeling and simulating an all digital phase locked loop by russell mohn epoch microelectronics inc implementing a pll design on silicon can consume months of development time and hundreds of thousands of dollars in fabrication costs

**modeling and simulation of digital phase locked loop in simulink** - Jun 16 2023

jul 5 2018 modeling and simulation of digital phase locked loop in simulink abstract this paper presents a high level model for a digital phase locked loop implemented in simulink this modeling enables the flexible and fast estimation of the design behavior and parameters before transistor level implementation the design includes a digital controlled

*all digital phase locked loop adpll with an up down counter* - Apr 14 2023

all digital phase locked loop adpll with an up down counter using simulink abstract the concept of an all digital phase locked loop adpll with an up down counter is conceived and presented here the phase error of a phase detector pd in a digital pll is delivered in bits

phase locked loops matlab simulink mathworks - Aug 18 2023

phase locked loops a phase locked loop combines a voltage controlled oscillator and a phase comparator as a feedback system to adjust the oscillator frequency or phase to track an applied frequency modulated or phase modulated signal voltage controlled oscillator blocks a voltage controlled oscillator is one part of a phase locked loop

*digital phase locked loop matlab simulink mathworks india* - Dec 30 2021

this example shows how to model a digital phase locked loop using the mixed signal blockset in a digital phase locked loop phase detection is performed by a time to digital converter tdc loop filtering is performed by a digital filter and the oscillator is a digitally controlled oscillator dco this example demonstrates a behavioral

**phase lock loop tuning matlab simulink mathworks** - Jan 11 2023

this example shows how to use simulink design optimization to tune an all pass filter of a phase lock loop the filter includes a second order low pass filter and a feedthrough gain the feedthrough gain and the second order filter coefficients are tuned to apply a steady state input to the voltage controlled oscillator vco
