Exploring Professionalism Bedford Way Papers:

Exploring Professionalism Bryan Cunningham, 2008 Some of the key issues in professional life in education are how does a teacher define him or herself how does she he learn as a professional and what impact current changes and challenges are having on the nature of professional work This book will offer a rounded selection of perspectives on professional life as offered by some of the UK s most distinguished scholars in the field The book will be useful to those individuals who are embarking or already engaging in work on a professional doctorate while also appealing to a broader readership who are interested in the range of issues affecting professionals who work in education in its most all embracing sense **Exploring**

Education and Childhood Dominic Wyse, Rosemary Davis, Phil Jones, Sue Rogers, 2015-06-05 Education has become dominated by testing standards interventions strategies and political policy Yet while elements such as these are important Exploring Education and Childhood contends it is childhood including its sociology and psychology that is the vital holistic context for teaching and learning Written by a team of specialists who bring both experience of classroom teaching teacher training and of rigorous research and scholarship each chapter examines a topic that is of vital importance to teaching and the work of teachers The book explores examples of educational practice that illuminate contemporary problems and future possibilities for education develops educational theory to better understand practice and policy and critically evaluates education policy in the international context With an emphasis on reflection and deep thinking something that all the best teachers are able to do key issues in the book include the voice of the child metacognitive strategies agency pedagogy and curriculum performativity standards and school readiness educational settings and new technology teacher expertise and agency diversity and child agency families society and school choice Illustrated with powerful examples of practice together with key questions for reflection and further reading Exploring Education and Childhood challenges education professionals policy makers and all people with an interest in education to envision a new future It will be essential reading for all student teachers and teachers and is particular appropriate for Masters level research professional studies Education Studies

Professionalism and Leadership in Early Childhood Education and Care Mary A. Dyer, Samantha McMahon, 2022-12-23 Professionalism and Leadership in Early Childhood Education and Care explores the tension between what early years practitioners are expected to achieve and the level of expertise and understanding required to underpin this It examines the impact of recent policies on the agency of individual practitioners and the culture and ethos of their settings and questions the driving factors behind reforms to curriculum and practice and where this locates practitioners and their provision Bringing together the latest research and ideas on professionalism and leadership the book explores how professional status is understood and acquired and what makes this problematic in ECEC It explores the impact of different leadership approaches what needs to be challenged and sets out how the workforce might assert its own identity and values and continue to advocate for the needs of young children Including case studies to illustrate the lived experiences of

individual practitioners as they worked towards becoming graduate professionals this will be valuable reading for early years professionals engaged in undergraduate and postgraduate study and those researching policy development and professional identity within ECEC **Knowledge and Identity** Gabrielle Ivinson,Brian Davies,John Fitz,2010-11-23 What in the digital era is knowledge Who has knowledge and whose knowledge has value Drawing on aspects of Bernstein s work that have attracted an international following for many years the international contributors to this book raise questions about knowledge production and subjectivity in times dominated by market forces privatisation and new forms of state regulation

Collaborative Practice in Primary and Community Care Sanjiv Ahluwalia,John Spicer,Karen Storey,2019-07-23 The effective delivery of primary care requires the good working of a multi professional team who provide that care This accessible and concise text explores the ways in which primary care teams can collaborate well to advance the quality of clinical care and enhance collaborative working across the healthcare system as a whole Taking a workbook approach and including examples narratives case histories and further reading Collaborative Practice in Primary and Community Care brings together theory and good practice to offer the reader viable models for achieving excellence Addressing specific challenges to practising collaboratively throughout it contains chapters exploring the contemporary context of primary care collaboration with patients collaboration between different professional groups collaboration amongst organisations and the respective roles of education and technology in promoting collaboration Written by a multi professional selection of experienced authors practitioners and educators this textbook is designed for a wide audience of healthcare professionals with an interest in primary care *Hopeful Pedagogies in Higher Education* Mike Seal,2021-05-20 Many accounts of critical pedagogy particularly accounts of trying to enact it within higher education HE express a deep cynicism about whether it is possible to counter the ever creeping hegemony of neo liberalism neo conservatism and new managerialism within Universities Hopeful Pedagogies in Higher Education acknowledges some of these criticisms but attempts to rescue critical pedagogy locating some of its associated pessimism as misreading of Freire and offering hopeful avenues for new theory and practice These misreadings are also located in the present in the assumption that unless change comes within the lifetime of the project it has somehow failed Instead this book argues that a positive utopianism is possible Present actions need to be celebrated and cultivated as symbols of hope possibility and generativity for the future which the concept of hope implies The contributors make the case for celebrating the pedagogies of HE that operate in liminal spaces situated in the spaces between the present and the future between the world as it is and the world as it could be and also in the cracks that are beginning to show in the dominant discourses **Reconstructing Identities in Higher Education** Celia Whitchurch,2013 First Published in 2013 Routledge is an imprint of Taylor Francis an informa company *The Teachers' Standards in Primary Schools* Joy Carroll,Genea N. Alexander,2016-02-27 Every primary school teacher needs to ensure that they meet the criteria set out in the Teachers Standards However translating what this means in the classroom isn t always easy especially

when you re starting out your career in teaching This book directly looks at the standards providing guidance on how professionalism can be demonstrated and evidenced in primary schools underpinned by practical examples Steps to Success boxes in each chapter look at challenges in the classroom encouraging a reflective perspective on your teaching Key coverage includes Effective teaching and learning and what it means to be a learner Planning and assessment for successful teaching Meeting the needs of all children Behaviour management The role of subject and pedagogical knowledge

Rebuilding Our Schools from the Bottom Up Fiona Carnie,2017-11-30 The aim of this book is to explore how teachers students and parents can be given more of a say in the education system in how schools are organised and in what and how children learn The book does not promote a specific view of education but considers the means by which educational purposes and approaches can be conceived agreed and enacted democratically a precursor to a flourishing democratic society *Rebuilding Our Schools from the Bottom Up* has been written in response to significant changes which have taken place in the education system over the past 30 years In England at least these changes have resulted in an increasingly centralised system in which the voices of those who teach those who learn and those whose children go to school have been marginalised The book covers four main areas Teacher voice listening to the professionals Student voice involving students as active participants in their education Parent voice building a genuine home school partnership School community voice developing a shared vision With inspiring examples from around the UK and overseas and a range of resources that can be used by senior leaders teachers and parents the book aims to encourage and support transformative change so that schools can meet the needs of the communities they exist to serve

Achieving Inclusive Education in the Caribbean and Beyond Stacey N. J. Blackman,Dennis A. Conrad,Launcelot I. Brown,2019-05-28 This book offers an international perspective of philosophical conceptual and praxis oriented issues that impinge on achieving education for all students It sheds light on the historical systemic structural organizational and attitudinal barriers that continue to be antithetical to the philosophy and practice of inclusive education within the Caribbean The first section of the book examines how globalized views of inclusion informed by philosophical ideas from the North have influenced and continue to influence the equity in education agenda in the region The second section considers how exclusion and marginalization still occur across selected Caribbean islands It provides both quantitative and qualitative data about the nature and experience of exclusion in selected Caribbean islands the UK and USA The third section tackles the practical realities of transforming education systems in the Caribbean for inclusion In particular it identifies teacher practices as the mainsite of interrogation that needs to be tackled if inclusion is to be successful The fourth and final section examines the contribution of principals and exemplars to the development and advocacy for inclusive education It discusses how educational leadership is understood as well as the role of school principals in making inclusion a reality in schools the challenges experienced and the qualities of education leaders

Becoming a Scholar Maria Savva ,Lynn P. Nygaard ,2021-03-01 *Becoming a Scholar* provides a window into the lives of

nine non traditional doctoral students As mature part time international students enrolled in a professional doctorate programme they reflect on the transformation process of becoming scholars and their narratives provide breadth and depth to themes that represent a diverse cross section of cultures identities and communities Recognising that the process of becoming a scholar is as much internal as it is external the book provides an opportunity to engage with authentic personal stories that remain firmly rooted in academic literature By bringing the human face behind the doctoral journey to the forefront the narratives draw much needed attention to the personal journey that inevitably parallels and intersects with the academic journey Although the narratives are drawn from a professional Doctor in Education EdD programme based in the UK the struggles are sure to resonate with a much wider range of doctoral students and academics sparking lively discussion debate and reflection A must read for students preparing to embark on the doctoral journey and essential reading for doctoral programmes that wish to equip students with important knowledge about the challenges ahead

From Critical Literacy to Critical Pedagogy in English Language Teaching Melina Porto, 2022-09-16 With a Foreword by Hugh Starkey and Audrey Osler and Afterwords by Graham Crookes Hilary Janks and Allan Luke this book promotes critical language education and illustrates how a critical agenda can be enacted in English language education in real classrooms It presents four cases located in primary and secondary schools in the province of Buenos Aires in Argentina in contexts that can be characterised as vulnerable or difficult It describes the possibilities challenges and limitations of this critical agenda using students drawings posters leaflets artwork classroom activities and conversational data as foundation and including the voices of local teachers in their classrooms Importantly these teachers used teacher made locally produced critical post method materials described by the author of those materials in one of the chapters In this way the book offers a unique balance of researcher teacher and materials writer voices These materials are included in the book and can help language teachers around the world to introduce critical perspectives in their specific contexts The book is appealing to researchers classroom teachers teacher educators and materials writers and developers interested in critical language education

Initial Teacher Education at Scale Clare Brooks, 2021-04-06 Debates about what constitutes quality in initial teacher education have resulted in a series of quality conundrums that have to be unravelled by teacher educators Using the lens of scale and adopting a new approach to understanding quality this book draws upon empirical research into five large scale high quality university based teacher education providers in Australia Canada England New Zealand and the US The resulting model of initial teacher education practice shows how ideological concepts and accountability structures around teacher education are in constant

tension with operational realities The book explores how successful large scale providers have reconciled those tensions and conundrums to ensure their provision is consistently high quality The accounts also present a robust defence for university based teacher education The practice based accounts of how tensions around quality and scale are being reconciled reveal the competing discourses around teacher professionalism research and the role of the university in teacher education The analysis presented promises to change the way we view high quality teacher education across all providers and international contexts not just those of large scale This book will be of great interest to teacher educators policymakers and educational leaders Advancing Practice in Academic Development David Baume,Celia Popovic,2016-01-13 Within the field of

academic development the last twenty years have seen a great expansion of published research into practice and the further development of theoretical approaches This growth in the scholarship of academic development matches a growth in the scholarship of teaching and learning Advancing Practice in Academic Development draws on these evolving scholarships to advance professional practice in academic development addressing questions such as How have global academic developers and their units developed and changed over recent decades How has the context in which academic development work is done altered What have academic developers and their professional associations learnt Case studies and examples are used throughout the text to illustrate development scenarios and methods Academic development is considered as among others a critical a scholarly a principled a pragmatic a supporting and a leadership role This book is ideal for use on academic development courses run by SEDA and other international organisations as well as by those who have responsibility for leading the improvement of educational practice Written in a scholarly accessible stimulating and practical style this book acknowledges difficulties and offers ways forward As well as analysing problems it offers solutions Links to web sources referenced in this book can be found at www.seda.ac.uk/apad *Roles, Rights, and Responsibilities in UK Education* H. McQueen,2014-12-04 Top scholars systematically explore roles rights and responsibilities of major participants in UK education the government the educators the learners and the parents They investigate the inequalities produced by their current arrangement and look into how changing these arrangements might lead to different outcomes for all involved

Education in the Balance Raphael Wilkins,2014-10-23 Education in the Balance explores the significant choices and opportunities worldwide that are opening up to school leaders of the future for the development of schools and school systems It argues that the judgments of individuals in leadership positions in a wide range of settings including ministries of education schools private companies and NGOs may cumulatively have unintended implications for schools and school systems In failing to give sufficient consideration to alternative approaches opportunities to achieve greater or more widespread educational benefits may be missed The future of school education depends on the quality of its leaders and on the readiness of leadership to act for the long term and with a sense of global responsibility What knowledge skills and attributes will new leaders of schools need and how can they be developed Raphael Wilkins maps out these issues drawing on

his first hand experience as an international consultant in education leadership This book supports the strategic leadership of schools and school systems by mapping global issues and developments helping leaders to reflect on their chosen pathways and options and to identify their own professional development needs
