Towards a Social Analysis of Twinship

Elizabeth A. Stewart

Exploring Twins Towards A Social Analysis Of Twinship

Bruce J. Ellis, David F. Bjorklund

Exploring Twins Towards A Social Analysis Of Twinship:

Exploring Twins E. Stewart, 2016-01-19 Exploring Twins presents an analysis of twinship considered as a specifically social phenomenon Drawing upon a wide range of interdisciplinary historical and cross cultural data Dr Stewart argues that in both traditional and modern societies twinship represents a recurrent anomaly which calls into question the assumptions around which different types of society are organized Part One identifies and analyses the fascinating range of cultural and disciplinary approaches to the interpretation of twinship while Part Two considers the possibilities for a distinctively social analysis of twinship

Exploring Twins E. Stewart, 2001-02-03 Exploring Twins presents an analysis of twinship considered as a specifically social phenomenon Drawing upon a wide range of interdisciplinary historical and cross cultural data Elizabeth Stewart argues that in both traditional and modern societies twinship represents a recurrent anomaly that calls into question the assumptions around which different types of society are organized

Literary Twinship from Shakespeare to the Age of Cloning Wieland Schwanebeck, 2020-01-06 Unlike previous efforts that have only addressed literary twinship as a footnote to the doppelganger motif this book makes a case for the complexity of literary twinship across the literary spectrum Shortlisted for the ESSE Book Award 2022 Literatures in the English Language it shows how twins have been instrumental to the formation of comedies of mistaken identity the detective genre and dystopian science fiction The individual chapters trace the development of the category of twinship over time demonstrating how the twin was repeatedly re invented as a cultural and pathological type when other discursive fields constituted themselves and how its literary treatment served as the battleground for ideological disputes by setting the stage for debates regarding kinship and reproduction or by partaking in discussions of criminality eugenic greatness and monstrous births The book addresses nearly 100 primary texts including works of Mary Elizabeth Braddon Wilkie Collins Charles Dickens Arthur Conan Doyle Aldous Huxley Christopher Priest William Shakespeare and Zadie Smith

Twins in Society K. Bacon, 2010-05-11 This book explores what it means to be a twin and to what extent twins can shape or escape their identities as twins It investigates how social expectations about twins shape twins lives and how twins utilize their bodies space and talk to actively display and perform their own identities

Feminist Ethics and Social and Political Philosophy: Theorizing the Non-Ideal Lisa Tessman, 2009-07-30 Feminist Ethics and Social and Political Philosophy Theorizing the Non Ideal is a collection of feminist essays that self consciously develop non idealizing approaches to either ethics or social and political philosophy or both Characterizing feminist ethics and social and political philosophy as marked by a tendency to be non idealizing serves to thematize the volume while still allowing the essays to be diverse enough to constitute a representation of current work in the fields of feminist ethics and social and political philosophy Each of the essays either serves as an instance of work that is rooted in actual non ideal conditions and that as such is able to consider any of the many questions relevant to subordinated people or reflects theoretically on the significance of non idealizing as an approach to feminist ethics or social and political

philosophy The volume will be of interest to feminist scholars from all disciplines to academics who are ethicists and political philosophers as well as to graduate students **The Twin Enigma** Vivienne Lewin, 2018-05-08 The book offers a unique in depth understanding of the twin relationship and the way in which twin development is affected by our attitudes to twins and our enduring fascination with them It explores our historical fascination with this subject and the origins of this excitement how our perceptions of twins reflect our own longing for a perfect soul mate and the effect this personal projection has on the development in twins It is a book written with the general reader in mind rather than experts Twins share a deep psychic bond that forms the core of their twinship but they are never identical Many factors will affect their development including the early mutual resonances and sensate experiences between them and parental and societal attitudes in raising them

Human Sacrifice and the Supernatural in African History Mbogoni, Lawrence E.Y., 2013-11-03 Since time immemorial human beings the world over have sought answers to the vexing questions of their origins sickness death and after death the meaning of natural phenomena such as earthquakes eclipses of the sun and moon birth of twins etc and how to protect themselves from such mysterious events They invented God and gods and the occult sciences witch craft divination and soothsaying in order to seek the protection of supernatural powers while individuals used them to gain power to dominate others and to accumulate wealth Human sacrifice was one way in which they sought to expiate the gods for what they believed were punishments for their transgressions One example the Ghana Asante Kingdom s very origins are associated with human sacrifice On the eve of war against Denkyira individuals volunteered themselves to be sacrificed in order to guarantee victory Later human sacrifice in Asante was mainly politically motivated as kings and religious leaders offered human sacrifice in remembrance of their ancestral spirits and to seek their protection against their enemies The Asante Kingdom is one of several examples included in this study of human sacrifice and ritual killing on the African continent Case studies include practices in Sierra Leone Tanzania Mainland Zanzibar Uganda and Swaziland Advertisements relating to the occult was a common feature of Drum magazine the popular South African magazine in Southern Eastern and Central Africa in late years of colonial and early years of postcolonial periods indicating a wide belief in these practices among the people in these countries Each case examined is introduced by an expose of folklore that puts in perspective beliefs in the supernatural and how folklore continues to perpetuate them Through careful study of these select cases this book highlights general features of human sacrifice which recur with striking uniformity in all parts of sub Saharan Africa and why they persist until today He draws upon extensive written sources to expose these practices in other cultures including those in Western societies Twins Talk Dona Lee Davis, 2015-01-01 Twins Talk is an ethnographic study of identical twins in the United States a study unique in that it considers what twins have to say about themselves instead of what researchers have written about them It presents in the first person the grounded and practical experiences of twins as they engage both individually and together the who am I and who are we questions of life Here the twins themselves are the stars Dona Lee Davis

conducted conversational interviews with twenty two sets of identical twins attending the Twins Days Festival in Twinsburg Ohio the largest such gathering in the world Lively and often opinionated each twin comes through as a whole person who at the same time maintains a special bond that the vast majority of people will never experience The study provides a distinctive and enlightening insider s challenge to the nature nurture debates that dominate contemporary research on twins The author herself an identical twin draws on aspects of her own life to inform her analysis of the data throughout the text Each chapter addresses a different theme from multiple viewpoints including those of popular science writers scientific researchers and singletons as well as those of the twins themselves

Hidden Twins Olivia Lousada,2018-03-26 This book finds itself being part of the rising tide of interest and investigation into the nature of relationship experience for siblings same sex twins and opposite sex twins It illuminates adult opposite sex twinship that has been undervalued and even hidden

Twins William Viney,2021-05-05 Human twins have many meanings and different histories They have been seen as gods and monsters signs of danger death and sexual deviance They are taken as objects of wonder and violent repression the subjects of scientific experiment Now millions are born through fertility technologies Their history is often buried in philosophies and medical theories religious and scientific practices and countless stories of devotion and tragedy In this history of superstitions and marvels fantasies and experiments William Viney himself a twin shows how the use and abuse of twins has helped to shape the world in which we live This book has been written not just for twins but for anyone interested in their historical global and political impact

Twins and Supertwins Eve-Marie Arce, EdD,2010-07-01 Highlights issues specifically affecting twins and supertwins in preschool

Origins of the Social Mind Bruce J. Ellis,David F. Bjorklund,2005-01-01 Applying an evolutionary framework to advance the understanding of child development this volume brings together leading figures to contribute chapters in their areas of expertise Researcher and student friendly chapters adhere to a common format

Multiple Pregnancy Isaac Blickstein,Louis G. Keith,2005-03-08 Establishing the study of multiple pregnancy and the perinatal care of children from multiple births as a recognized specialty within maternal fetal medicine the first edition of Multiple Pregnancy was a landmark publication Fully revised this new Second Edition has been expanded to include more on epidemiology biologic mechanisms the impact of infertility treatments prenatal diagnosis and fetal therapy The book presents all facets of the clinical psychosocial and practical issues of multiple gestation and the care of multiplets

Bioethics Helga Kuhse,Udo Sch  klenk,Peter Singer,2015-10-19 Now fully revised and updated Bioethics An Anthology 3rd edition contains a wealth of new material reflecting the latest developments This definitive text brings together writings on an unparalleled range of key ethical issues compellingly presented by internationally renowned scholars The latest edition of this definitive one volume collection now updated to reflect the latest developments in the field Includes several new additions including important historical readings and new contemporary material published since the release of the last edition in 2006

Thematically organized around an unparalleled range of issues including discussion of the moral status of embryos and

fetuses new genetics neuroethics life and death resource allocation organ donations public health AIDS human and animal experimentation genetic screening and issues facing nurses Subjects are clearly and captivantly discussed by globally distinguished bioethicists A detailed index allows the reader to find terms and topics not listed in the titles of the essays themselves *Born Together—Reared Apart* Nancy L. Segal, 2012-06-18 The Minnesota Study of Twins Reared Apart startled scientists by demonstrating that twins reared apart are as alike across a number of personality traits and other measures as those raised together suggesting that genetic influence is pervasive Segal offers an overview of the study's scientific contributions and effect on public consciousness Deliberately Divided Nancy L. Segal, 2021-11-08 A 2022 Choice Reviews Outstanding Academic Title Takes the first in depth look at the New York City adoption agency that separated twins and triplets in the 1960s and the controversial and disturbing study that tracked the children's development while never telling their adoptive parents that they were raising a singleton twin In the early 1960s the head of a prominent New York City Child Development Center and a psychiatrist from Columbia University launched a study designed to track the development of twins and triplets given up for adoption and raised by different families The controversial and disturbing catch None of the adoptive parents had been told that they were raising a twin the study's investigators insisted that the separation be kept secret Here Nancy Segal reveals the inside stories of the agency that separated the twins and the collaborating psychiatrists who along with their cadre of colleagues observed the twins until they turned twelve This study far outside the mainstream of scientific twin research was not widely known to scholars or the general public until it caught the attention of documentary filmmakers whose recent films *Three Identical Strangers* and *The Twinning Reaction* left viewers shocked angered saddened and wanting to know more Interviews with colleagues friends and family members of the agency's psychiatric consultant and the study's principal investigator as well as a former agency administrator research assistants journalists ethicists attorneys and most importantly the twins and their families who were unwitting participants in this controversial study are riveting Through records letters and other documents Segal further discloses the investigators' attempts to engage other agencies in separating twins their efforts to avoid media exposure their worries over informed consent issues in the 1970s and the steps taken toward avoiding lawsuits while hoping to enjoy the fruits of publication Segal's spellbinding stories of the twins' separation loss and reunion offers readers the behind-the-scenes details that until now have been lost to the archives of history Gemini and the Sacred Kimberley C. Patton, 2022-10-06 Why do twins remain uncanny to those born alone in other words most of us Even with the rise of IVF and an increase in multiple births why do we still do a double take when we encounter twins Why has this been a near universal response throughout human history and how has it played out in religion and myth Through the work of leading scholars in religion folklore and mythology history anthropology and archaeology *Gemini and the Sacred* explores how twinship has long been imagined especially in the complex relationship of sacred twin traditions to twins on the ground in biology and lived experience The book considers the

multiple ways in which the doubling of a human being may be interpreted as auspicious and powerful or suppressed as unstable and dangerous Why has this been so and how does it affect living twins today Treating both famous and lesser known twins including supernatural animal twins in the ancient Near Eastern and classical Mediterranean worlds early Christianity and Gnosticism Vedic Hindu West African Black Atlantic and native American traditions ancient Mesoamerica Celtic Roman Britain and Scandinavia and in the special fraught bond shared by all twins the book offers a variety of perspectives on this topic of great cultural significance Children and Young People's Relationships Samantha Punch, Kay Tisdall, 2016-04-08 This book challenges the current state of childhood studies by exploring children and young people's agency and relationships It considers how recent theorisations of relationships and relational processes can move childhood studies forward particularly in relation to rethinking claims of children and young people's agency and uncritical assertions around children and young people's participation and voice It does this by bringing together case studies of children's intergenerational and intra-generational relationships from both the Majority and Minority Worlds The main themes include negotiated power agency across contexts and negotiations of identity The chapters show both the heritage of childhood studies particularly within the UK and where it may be going One of the key aims of the book is to add to the limited but growing cross world dialogue that encourages cross cultural learning from research and practice in both Majority and Minority World contexts leading towards a more integrated global approach to childhood studies This book was published as a special issue of Children's Geographies *Twins in the World* A. Piontelli, 2008-09-29 In this compelling narrative Piontelli explores the different roles that twins play in societies around the world In her travels around the world Piontelli has studied the role of twins especially throughout Africa Asia South America and the Pacific rim observing different cultural perspectives and how differing societies treat them **The Spectacle of Twins in American Literature and Popular Culture** Karen Dillon, 2018-08-03 The cultural fantasy of twins imagines them as physically and behaviorally identical Media portrayals consistently offer the spectacle of twins who share an insular closeness and perform a supposed likeness standing side by side speaking and acting in unison Treating twinship as a cultural phenomenon this first comprehensive study of twins in American literature and popular culture examines the historical narrative within the discourses of experimentation aberrance and eugenics and how it has shaped their representations in the 20th and 21st centuries

The book delves into Exploring Twins Towards A Social Analysis Of Twinship. Exploring Twins Towards A Social Analysis Of Twinship is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Exploring Twins Towards A Social Analysis Of Twinship, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Exploring Twins Towards A Social Analysis Of Twinship
 - Chapter 2: Essential Elements of Exploring Twins Towards A Social Analysis Of Twinship
 - Chapter 3: Exploring Twins Towards A Social Analysis Of Twinship in Everyday Life
 - Chapter 4: Exploring Twins Towards A Social Analysis Of Twinship in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Exploring Twins Towards A Social Analysis Of Twinship. The first chapter will explore what Exploring Twins Towards A Social Analysis Of Twinship is, why Exploring Twins Towards A Social Analysis Of Twinship is vital, and how to effectively learn about Exploring Twins Towards A Social Analysis Of Twinship.
 3. In chapter 2, the author will delve into the foundational concepts of Exploring Twins Towards A Social Analysis Of Twinship. The second chapter will elucidate the essential principles that must be understood to grasp Exploring Twins Towards A Social Analysis Of Twinship in its entirety.
 4. In chapter 3, the author will examine the practical applications of Exploring Twins Towards A Social Analysis Of Twinship in daily life. This chapter will showcase real-world examples of how Exploring Twins Towards A Social Analysis Of Twinship can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Exploring Twins Towards A Social Analysis Of Twinship in specific contexts. This chapter will explore how Exploring Twins Towards A Social Analysis Of Twinship is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Exploring Twins Towards A Social Analysis Of Twinship. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Exploring Twins Towards A Social Analysis Of Twinship.

Exploring Twins Towards A Social Analysis Of Twinship Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Exploring Twins Towards A Social Analysis Of Twinship PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Exploring Twins Towards A Social Analysis Of Twinship PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Exploring Twins Towards A Social Analysis Of Twinship free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your

fingertips.

FAQs About Exploring Twins Towards A Social Analysis Of Twinship Books

1. Where can I buy Exploring Twins Towards A Social Analysis Of Twinship books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Exploring Twins Towards A Social Analysis Of Twinship book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Exploring Twins Towards A Social Analysis Of Twinship books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
